### **COUNCIL MEETING**

### 25<sup>th</sup> JUNE 2012

### QUESTIONS FROM MEMBERS OF THE PUBLIC

# 1. From Alex Macaulay, Area Manager for Scope, to Councillor Colin Smith, Environment Portfolio Holder

The eviction of Scope's textile clothing banks from council sites will hit the charity's income by an estimated £360,000 per year. This is a considerable sum when considered alongside the additional challenges that charities face in receiving donations, with door-to-door donations being stolen and parking outside shops increasingly difficult. Will Cllr Smith agree to meet with me, Scope's Area Manager, to discuss ways in which we can work together to maintain donation levels?

## Reply:

Councillor Smith responded that he would be pleased to meet with representatives from any charity who wished to do so to discuss enhanced levels of recycling textiles.

### **Supplementary Question:**

Mr Macaulay did not have a supplementary question.

# Agenda Item 6

**Appendix** 

### **COUNCIL MEETING**

### 25<sup>th</sup> JUNE 2012

### ORAL QUESTIONS FROM MEMBERS OF THE COUNCIL

# 1. From Councillor Simon Fawthrop of the Environment Portfolio Holder.

Will the Portfolio Holder join me in congratulating the department's staff and contractors for their sterling efforts in removing graffiti from Petts Wood and Knoll ward, which has now remained virtually graffiti free for over a year?

### Reply:

The Portfolio Holder congratulated the contractors for the improvements over the last two to three years which he felt applied not just to Petts Wood and Knoll but across all wards. He considered that this was another example of improvements coming from better organisation and planning, rather than spending more money.

### **Supplementary Question:**

Councillor Fawthrop wished to put on record his thanks to Councillor Smith who had been most helpful.

# 2. From Councillor David Jefferys of the Portfolio Holder for Public Protection and Safety

In light of the March Council Motion, could the Portfolio Holder provide clarification from his discussions with the Metropolitan Police, on the police numbers allocated to Bromley from October 2012 and the Safer Neighbourhood team staffing levels for Shortlands Ward?"

### Reply:

Councillor Stevens stated that he had been involved in a number of discussions with the Borough Commander but had also engaged in lobbying in partnership with the Leader. In all discussions with the Mayor's Office, he had been absolutely clear that Bromley deserved a strong Police Service and one that was adequately resourced. He stated that he had been absolutely clear that it was paramount that the residents of the borough received adequate protection and also a fair share of resources based on the amounts contributed to the central budgets for Policing in Bromley. The Borough was very large in area and needed adequate police coverage.

In relation to the situation in Shortlands ward, he confirmed that the team currently consisted of one Sergeant, one Police Constable and two Police

Community Support Officers. The Portfolio Holder advised that a meeting with the Deputy Mayor for Policing had been arranged for July, at which he would continue to make the case for Bromley. However, the situation was not expected to become clear until October.

### **Supplementary Question:**

Councillor Jefferys thanked the Portfolio Holder for his answer and asked him to keep all Ward Members informed of the outcomes of his meetings.

### Reply:

The Portfolio Holder confirmed that he would keep ward members informed.

3. From Councillor Peter Fookes of the Portfolio Holder for Care Services (in the absence of the Councillor Evans the Leader of the Council responded)

How many families are currently being housed in bed and breakfast accommodation for more than six weeks?

### Reply:

The Leader stated there were none, and queried whether Councillor Fookes was referring to families in bed and breakfast with shared accommodation.

### **Supplementary Question:**

Councillor Fookes responded that this was correct, and asked why it had taken a letter from Grant Shapps for this to be the case.

### Reply:

The Leader responded that it had not.

# 4. From Councillor Douglas Auld of the Portfolio Holder for Public Protection and Safety

In recent months various assurances have been given by the police as to the number of police officers and PCSOs employed in the Borough in the foreseeable future. It would seem that every few weeks these figures vary as to numbers and when they will come into being. Do you now have from the police, one of our major partners in the Safer Bromley Partnership, a reliable forecast on these figures and a realistic date as to when the additional numbers will finally arrive in the Borough?

### Reply:

Councillor Stevens responded that, as outlined at the previous meeting of the Council, he could confirm that the new local policing model for London had

been presented to Metropolitan Police Service Management Board. Discussions were under way between the Mayor's Office and the Metropolitan Police Commissioner with regard to the implications that it would have for all boroughs in London.

Having also met with the local Borough Commander, he acknowledged that the Council must operate and continue to deliver the most effective and efficient service it could. However, it had to be noted that, until a decision was made by the Mayor's Office for Policing and Crime, it was not possible to be definitive about the Police Officer numbers and Police Community Support Officer numbers that would be allocated to the borough. More information should be available in September, but until then the Borough Commander would not be able to make plans. Unfortunately the date had kept being put back and back and there were too many rumours going around and no one knew what the exact situation was. Councillor Stevens considered this was unacceptable and had voiced this to the Deputy Mayor stressing the need for clarity. His priority in the meantime was to work closely with the Borough Commander to ensure that the officers and staff the borough currently had were best allocated during this very challenging time with the Olympics about to take place. He was confident that the attitude and resilience of officers and staff in Bromley would allow this.

He continued that most wards were now short of PCSOs. Of the 59 who had been sent for training as Police Officers only 3 had been sent back, but there were now 24 trainees now working in the borough. This meant that the borough was still missing half of its PCSOs.

### **Supplementary Question:**

Councillor Auld asked whether the Portfolio Holder was aware that in Petts Wood and Knoll ward recently there had only been one PCSO on duty for eight hours out of twenty four.

## Reply:

Councillor Stevens responded that this was not acceptable: the minimum was one PC and one PCSO, and he needed to know if ever this was not the case.

### 5. From Councillor Nicholas Bennett JP of the Leader of the Council

What plans he has to update Building a Better Bromley?

### Reply:

The Leader responded that although Building a Better Bromley was several years old it still reflected the views of the residents that the Council served. He reminded Councillors that residents were consulted on the Council's priorities every year – these priorities remained consistent and he saw no need for a complete overhaul. He felt that the Building a Better Bromley report he had presented in 2004 had established a vision that had led to two election

victories. He suggested that Executive and Resources PDS Committee could give some consideration to the strategy, particularly in relation to the changing relationships with the health service and the voluntary sector and the Localism Act.

### **Supplementary Question:**

Councillor Bennett welcomed this reply and added that with Building a Better Bromley in its eighth year it was time it was refreshed, with a greater emphasis on efficiency and effectiveness, outsourcing, new technology and business units.

### Reply:

The Leader responded it was important to remain effective in the eyes of residents in providing value for money and excellent service and that he was happy to include Councillor Bennett's suggestions as part of the PDS discussions.

### 6. From Councillor David Jefferys of the Portfolio Holder for the Environment

In the light of the favourable initial comments from residents on the green waste collection service pilot, could the Portfolio Holder give a statement on the progress of the pilot scheme and on the plans he has to expand the scheme across the Borough.

### Reply:

Councillor Colin Smith said that the pilot scheme was a great success, with eight thousand people paying for their garden waste to be removed, and gave credit to Councillor William Huntington-Thresher and the Waste Minimisation Working Group. The scheme was growing and there were now two full rounds – a third round would need an additional crew to be paid for.

### **Supplementary Question:**

Councillor Jefferys thanked the Portfolio Holder and said that the service was appreciated by residents and suggested that the scheme be extended as quickly as possible.

# 7. From Councillor Peter Fookes of the Portfolio Holder for Public Protection and Safety

What are the future prospects for community Police bases in the Borough?

### Reply:

Councillor Tim Stevens replied that the estate that provided accommodation for the Police in Bromley was the property of the Mayor's Office for Policing

and Crime. In line with many other areas of public expenditure a thorough review was being undertaken to identify possible cost savings. In times of economic restriction, the Metropolitan Police Service, like every other Public Sector organisation, had to review its capital expenditure and the efficient use of the estate. The decisions were operational ones and would be made by the Commissioner in consultation with the Mayor's Office for Policing and Crime.

He stated that, as Portfolio Holder for Public Protection and Safety, he continued to lobby hard at both local and London-wide levels to ensure that the consequences of dealing with the economic challenges would not see Bromley suffer. He resolved to continue his hard work and ensure that both the Council and partners were fully briefed when final decisions were made.

All the Safer Neighbourhood Team bases in the borough were held on long leases which would be costly to withdraw from. The first lease to end would not be until 2016. The Police would consider all the options: they had already sold Penge Police Station, and were hoping to sell Orpington, but they would not want to base all their Safer Neighbourhood Teams at Bromley Police Station.

### **Supplementary Question:**

Councillor Fookes suggested that these moves would be the end of Safer Neighbourhood Teams, and that, bearing in mind the Total Place initiative, he asked if the Council should look at basing its own services in these ward bases to assist the Police.

### Reply:

Councillor Stevens explained that this was not practical as the Police needed to have total control of its bases, and most had no access nor were open to the public. It was important that the Police continued to be based in the wards, but this was a matter for the Police rather than the Council.

# 8. From Councillor Nicholas Bennett JP of the Portfolio Holder for Resources

What has been the impact of the introduction of a cap on housing benefit on Bromley residents?

### Reply:

Councillor Graham Arthur stated that in April 2011 the Government introduced the following three caps to the amount of Housing Benefit that could be paid:

(i) The five bedroom Local Housing Allowance rate was removed so that the maximum level was a four bedroom rate – in Bromley this had minimal impact as only 1 claim was affected by this restriction.

- (ii) Set absolute financial caps to each Local Housing Allowance rates by bedroom size the average Local Housing Allowances in Bromley were well below the cap levels so this change had no impact.
- (iii) The Household Benefits Cap. From April 2013 a limit would be placed on the amount a working age household could receive in benefits. The "Benefits Cap" would be set at £26,000 per annum which was the average working family income after tax. The only exceptions would be those households that include a claimant receiving Disability Living Allowance, War Widow or Working Tax Credit.

The "Benefits Cap" would apply to all working age households who rented from either the private or social rented sectors. The Local Authorities would administer the Benefits Cap by restricting the amount of Housing Benefit that was paid.

The Department for Work and Pensions (DWP) had advised Bromley that 397 households may potentially be affected. The Council was currently working with the DWP to ensure that the households affected were made aware of the cap.

### **Supplementary Question:**

Councillor Bennett asked whether the Portfolio Holder would agree that there had been many scare stories in the last few years and none had come to pass. What was proposed was a fairer system for tenants and the general taxpayer in the Borough.

### Reply:

Councillor Arthur agreed and commented that it was a nonsense that some people were supported to live in high rent areas which other people in employment could not afford. There had been concerns about displacement from central London, but so far anecdotally Bexley had reported only four cases. However, any impact was more likely to be felt in Bexley and Croydon. The Portfolio Holder expressed the view that what was needed was an effective housing team such as that in Bromley that worked to prevent problems before they materialised.

# 9. From Councillor David Jefferys of the Portfolio Holder for Care Services

Would you the Portfolio Holder provide a statement on the plans for the future use of Kingswood House and the surrounding site in Shortlands and how he will involve local residents in the decision? What has been the cumulative cost of maintaining the building and the site since its closure on the 31<sup>st</sup> March 2012 and what are the continuing weekly costs of the maintenance?

### Reply:

A report had been submitted to the Resources Portfolio Holder for predecision scrutiny by the Executive and Resources PDS Committee on 4<sup>th</sup> April 2012 following the closure of Kingswood House. Over the past months officers had been investigating options for future use of the care home, these being the provision of a respite centre for children with special educational needs and use of the care home for temporary accommodation.

Neither of these long-term options was considered by officers to be feasible which was also the view of the Leader. In accordance with the previous decision by the Resources Portfolio Holder, therefore preparations were being made to market the property

If the property was offered for sale the bids received would be reported to the Executive and Resources PDS Committee for pre-decision scrutiny prior to a decision by the Resources Portfolio Holder. Local Ward Members would be consulted at this stage. Any redevelopment would require planning permission which would be subject to public consultation.

Following closure of the building it was necessary to employ security guards to protect it, while a guardian service sought occupants to move into it while it remained unused. The cost of the full-time security guards was £23,000. This had now ceased and the guardian service had taken over the property. The service did not charge the Council and had agreed to contribute £40 per month per occupant towards the cost of services. The Council was responsible for the cost of all services and outgoings. To date gas bills totalling £108 had been paid. Additionally, building works to improve the security of the site had cost £1,046.

### **Supplementary Question:**

Councillor Jefferys reported that he had met local residents that afternoon and they wanted to see a decision made soon before the site deteriorated any further.

## Reply:

The Portfolio Holder responded that he agreed that a quick decision would benefit both the residents and the Council.

# 10. From Councillor Peter Fookes of the Portfolio Holder for the Environment

How many complaints have been received with regard to street cleaning in the Borough this year?

### Reply:

Exactly 100 in the calendar year to date as at 21st June.

### **Supplementary Question:**

Councillor Fookes commented that one of his constituents had asked whether the Council still cleaned the roads. He felt that although some areas were given occasional blitzes, other areas were ignored, and the £1m cut was now having an impact. He asked when he could expect to see improvements.

### Reply:

Councillor Smith responded that the cut was as a result of the previous Government's actions in creating a financial crisis and moving funding away from outer London authorities to inner London and other parts of the country. Difficult decisions needed to be made to balance budgets and prioritise services. He did not consider it was necessary to spend extra money to achieve results. The Portfolio Holder accepted that there had been one or two blips in the change over of crews to new routes. However, complaints had not soared and generally residents were happy. There was a contingency fund that could be used for road cleaning but any decision would be 'evidence driven' and he hoped it would not need to be used.

### **COUNCIL MEETING**

### 25<sup>th</sup> JUNE 2012

### WRITTEN QUESTIONS BY MEMBERS OF THE COUNCIL

### 1. From Councillor Russell Mellor of the Leader of the Council

The answer to my question placed before Council on the 24th October 2011 revealed that of the then three appeals outstanding two had been resolved by the Council meeting of the 26<sup>th</sup> March 2012 with one unresolved.

In view of the continuing time delay to resolve the third appeal, which is in contradiction to the first sentence of the reply to my question on the 26<sup>th</sup> March in that all appeals had been resolved, can the Leader advise me as to the reason/reasons why the one dissenting Union is withholding their consent.

Can the Leader inform me as to name of the dissenting Union?

Is the appeal a class action or a single appellant? If a class action, the number of staff involved.

The calendar date when the appeal was lodged.

The amount of monies owed to the appellant/appellants under the Single Status Agreement.

The time factor, if any, before the appeal is out if time.

### Reply:

Pursuant to the collective agreement with the three main unions namely Unison, Unite and GMB the Single Status Job Evaluation appeal is a joint panel by management and a trade union representative. Therefore, as far as the one unresolved case involving 10 appellants is concerned management has been seeking the support and cooperation of the three unions to reconvene the appeal panel to consider vital information before finalising the outcome of the appeal held in March 2012. Following protracted difficult discussions with the three unions on the legal and procedural merits of reconvening the appeal it is now scheduled for the 4 July 2012. Currently the appellants are not owed any monies – subject of course to the outcome of the reconvened appeal.

## 2. From Councillor Russell Mellor of the Chairman of the Development Control Committee

Can the Chairman inform me as to the number of planning applications, which have been granted planning permission during the last 5 (five) years that have contained an element of affordable homes together with the detailed analysis.

The number of affordable units granted by year.

The number of units, which have been implemented, i.e. constructed and inhabited

The estimated date when the outstanding units will be implemented, if practicable.

The number of applications granted, which contained affordable units, which have not been implemented.

The amount of S106 monies, which have been accepted in lieu of affordable units.

### Reply:

Due to the similarity in Questions 2 and 3 a single table covering both is set out below.

	How many accommodation units (affordable and non-affordable) were given planning permission in LBB*	Number of affordable units granted planning permission	Social- rented units granted planning permission	Social- rented completions	Number of affordable units completed	Number of planning applications containing affordable units unimplemented
2007/08	1640	492	288	c180	238	3 schemes lapsed
2008/09	934	257	209	125	232	and 3 recent
2009/10	903	191	166	117	252	schemes
2010/11	1505	229	195	260	494	not implemented
2011/12	**	**	**	219	270	
	As shown above the	nere are only 3	schemes that	have not been i	mplemented.	

However, the following should be noted:-

- There is usually at least a 2 year gap between permissions and completions.
- Not all permissions result in development and completions.
- In some cases a small number of additional affordable units might be delivered on a site as part of the deal between developer and Housing Association for particular Council needs – e.g. wheelchair, learning disability.

- In some cases an originally small private scheme e.g. small block of flats – would have ended up being built for a Housing Association to meet Council needs – e.g. the learning disability supported living initiative.
- In some cases, particularly since the recession, developers have negotiated reductions in the quantum of affordable housing from an existing permission due to financial viability – which is independently assessed for the Council.
- Permissions and completions of affordable housing are gross and do not take account of where existing affordable housing might be being demolished for redevelopment – e.g. Ramsden Estate.
- Social rented unit figures include a wide range of housing including Extra Care, a range of supported and wheelchair housing – e.g. 87 in 2010/11 and 25 in 2011/12 - homeless hostels converted to permanent housing.

### Payments in Lieu

Both questions are asking about payments in lieu of units. Such payments are only accepted where there are sound reasons and as a last resort. For example where a single block cannot be separated for tenure/management/servicing reasons; where financial viability and/or Housing Association funding may be a problem; geographic location relative to need or even housing type e.g. large luxury detached houses; or where a mixed use development has service charges that would be sufficiently high such as to make the units unaffordable for general needs tenanted housing.

It is important to understand that it is not possible to state how many units were replaced by payments because negotiations start from the planning policy position that 35% of habitable rooms should be for affordable housing. Where the provision is on site the 35% of habitable rooms will usually be negotiated to be delivered as a range of unit types/sizes to meet Council need and, therefore, may well not equate to 35% of unit numbers on a site.

Further, when payments are negotiated there is a trigger that determines when payments are made – usually when a certain number of units are occupied. Some payments might be in more than one tranche with different trigger dates. It would be rare for a payment to be received in the year that the planning permission was granted.

With the above caveats, over the last 5 years there have been payments in lieu totalling £1.971m

There are also the following further payments due:-

- £3.785m negotiated on five schemes but trigger dates have not yet been reached.
- Two schemes with potential overage payments depending on final development costs and sales income.
- One scheme where the payment is 27% of up to the first £13m of the sales value of the site and 35% of any excess above £13m

# 3. From Councillor John Getgood of the Chairman of the Development Control Committee

For each of the last 3 municipal years:

How many accommodation units were given planning permission in Bromley? How many of these were for Affordable Housing and how many for the social rented sector?

How many were completed in each of these categories?

How many units of Affordable Housing in planning applications were replaced by section 106 contributions and how many were excluded on the grounds of economic viability?

### Reply:

Please see reply to Question 2 above.

# 4. From Councillor Katherine Bance of the Portfolio Holder for Public Protection and Safety

What events for young people have been organised to take place in Penge during the school summer holidays?

### Reply:

# 5. From Councillor David McBride of the Portfolio Holder for the Environment

How much does it cost the Council to advertise in the illuminated display boards on the lamp posts along Cray Avenue?

### Reply:

I am advised that the cost of actually advertising in itself is nil, due to the reverse sides of each location being provided, as well as the adverts in question being affixed 'free', under the terms of the contract with Clear Channel.

That said, there is a cost for printing the posters themselves of somewhere in the region of £25 each, payable by the individual service or third party sponsoring the subject:

In recent times these themes include:

Adoption and fostering

**Environment Awards** 

Census 2011

Core Strategy

My life – website for carers

Cycle training

Skyride cycle events

Crystal Palace park volunteers

Bromley Mytime – buzz activities, fitness events, 2012 challenge,

pavilion opening autumn 2011, new year resolution

Chislehurst Road Bridge

Public meeting budget consultations

My time

**Bromley Festival** 

**Bromley Festival of Sport** 

**Enviro Crime** 

Compost bin offer

Waste and recycling - Nice Save

Waste and recycling – recycling saves landfill tax thanks

Enough is Enough no drug dealing campaign

Shared lifes – sharing your home with vulnerable adults

Bromley Scheme for Adult placements

**Jubilee** 

So, with some 26 posters being produced approximately once a month the 'cost' would be ~ £7800.

Subtracting from that of course any less immediately identifiable pay backs in pure cash terms around subjects such as, and for example, increased recycling levels, reduced use of drugs and anti social behaviour, and increased interest in adoption / fostering etc.

# 6. From Councillor David McBride of the Portfolio Holder for Renewal and Recreation

How many empty shop units are there in Orpington High Street currently?

How many have been vacant for: a) at least 3 months; b) at least 6 months; c) longer than 6 months?

### Reply:

In answer to your first question - there are currently 16 units vacant (although 1 is about to be re-occupied) – 9 of these vacancies are in the Walnuts Shopping Centre. Out of 304 premises in the town this represents 5.2%. The current national town centre vacancy rate is around 14%.

- a) 2 units which are both in the Walnuts: Games station and Thorntons which were vacated as a result of national closure decisions;
- b) 2 units at the South end of the High Street;
- c) 12 units comprising the following -

1 unit below the village halls which is 6,500 sq feet and it has proven difficult to find a tenant for this property. The trustees have recently changed the agent from a London based Agent to the local agent Acorn. The Council have tried to improve the look of this unit by putting up vinyl covering depicting a bar scene.

4 units at the north end of the high street

7 units in the Walnuts, which include Gamleys toy shop – a national closure decision.

Four units empty awaiting redevelopment into a larger unit to improve marketability.

One large corner unit which is expected to be occupied by a coffee shop from September.

# 7. From Councillor David McBride of the Portfolio Holder for Education

Which schools have been made Teaching Schools in the Borough? Which schools are due to be made Teaching Schools in the 2012-13 academic year?

### Reply:

The following schools have been successful in gaining Teaching School status:

**Ravens Wood School** 

The Kemnal Academies Trust - with the Teaching School based at Kemnal Technology College

The Harris Federation with the Teaching School based at Harris Crystal Palace

Warren Road Primary School.

The next round of Teaching School applications closes in October 2012 for a starting date in April 2013. Eligibility for this must include an Ofsted Grade 1 in Teaching and Learning and schools have to submit a rigorous application to become a Teaching School. It will become clear during the autumn term, therefore, which schools are to receive teaching school status during the next academic year.

#### 8. From Councillor Peter Fookes of the Portfolio Holder for Resources

What progress has been made in bringing The Lodge in Penge Recreation Ground back into use and isn't it time that the Council used it's powers of Compulsory Purchase given that this property has been uninhabitable for at least 15 years?

### Reply:

The retired owner continues to work on the property on a daily basis and is now undertaking much of the work himself. Having regard to this, progress has continued at a reasonable rate. Almost all works are now complete and as of today the only remaining works are a new oak front door, which should be ordered this week and fitting of kitchen units which are on site. Work tops are still to be ordered. Decoration is complete upstairs, but some is still required on the ground floor. Finance remains an issue, but the owner would not accept any financial assistance towards the cost of the work. He has undertaken significantly more work than is necessary to bring the property back into use, but is keen to ensure that it is refurbished to original condition. It is estimated that in excess of £80000 has been spent to date. The property should be occupied by the end of the summer. As it is very near to completion there is no need to consider Compulsory Purchase.

# 9. From Councillor Peter Fookes of the Portfolio Holder for the Environment

Who owns Cricket Lane in Sydenham SE26?

### Reply:

The majority of Cricket Lane is registered to two owners with a very small part unregistered.

Officers have copies of the registered title deeds, likewise the Land Registry plan shows the extent of the unregistered land should you find either or both helpful for your records.

# 10. From Councillor Peter Fookes of the Portfolio Holder for Care Services

What provision is there for emergency NHS Dental treatment in Bromley?

### Reply:

The emergency NHS Dental Treatment service available in Bromley is as follows:

### **During the daytime (Monday to Friday)**

Patients call 020 8776 3830 and are directed to one or more practices open to accepting patients with emergencies during the daytime

Out of hours (Weekday evenings after 6 pm, weekends, and bank holidays)

Patients call 020 8776 3685 and are directed to the dentist on call.

Contact numbers for routine and emergency NHS treatment are published on the local (Bromley & NHS London) and National (NHS Choices) websites, along with posters and wallet sized cards in Bromley GP surgeries, Pharmacies, Optometrists', Nurseries, Voluntary Groups, Faith Groups, Leisure Centres, and Libraries.

We undertake regular communication campaigns. For example, on the 4th & 5th April 2012 we held a Dental Access Road show in Bromley High Street offering free check ups targeted at patients who had not been to the dentist in over 2 years, as well as promoting the availability of NHS dental services including emergency arrangements.

- 130 free check ups were made over the two days and
- 2,675 contacts made.

# 11. From Councillor Nicholas Bennett JP of the Portfolio Holder for Education

If he will set out in table format the sold services to each school in Bromley and elsewhere?

### Reply:

Please see attached Appendix.

## 12. From Councillor Nicholas Bennett JP of the Portfolio Holder for Education

If he will set out in table format the outcome of each Ofsted inspection for each school since 2006?

### Reply:

Please see attached Appendix.

# 13. From Councillor Nicholas Bennett JP of the Portfolio Holder for Education

If he will provide the following information concerning the Education Development Centre

- 1. Annual running cost in each of the past 5 years
- 2. Annual Income from Centre lettings in each of the past 5 years
- 3. Number of staff employed i. Full time ii Part-time (expressed as FTE)
- 4. Area of site
- 5. Number of rooms

#### 4. Area of site:

EDC site area is approximately 2.15 acres of 0.87 hectares

### 5. **Number of rooms**:

There are 10 rooms of various sizes and the Main Hall available for meetings and events. In addition 'hut' Annexes are used for office space and the main building contains 4 administration offices and reception. Full details of the site plan are available.

### 6. Day time occupancy of rooms for May 2012 -

Rooms are booked by Council departments, external agencies and EDC run courses. During May 2012 there was a total of 78 room bookings Monday-Friday 9-5 with a "footfall of 1200.

## 7. Evening occupancy of rooms for May 2012

Governors and some Early Years courses are run in the evenings but the site is never open for more than 2 evenings per week. During May the site was open for 4 evenings in total in each case with no more than 2 school governor training events.

**8.** Estimated number of attendees at courses at Centre in May 2012 Total number of "EDC" owned courses in May 2012: 45 with a total of 774 delegates mainly from Bromley schools.

#### 9. Estimated value of site if sold

As part of the current EDC Review a valuation of the site is pending. However, the Council's lawyers have indicated that the land would be eligible for sale. The EDC review will also take into account the need for additional school places Given that there is a shortage of school places in the area, it is possible that the Secretary of State would not allow the Council to dispose of this site for any other purpose than education. If the EDC is to close or move, then the obvious use for the site is as an extension to one or both of Princes Plain Primary School and/or Bishop Justus Secondary School. Should the Council not use the site for this purpose, then it is likely that it would have to be offered to a free school or academy sponsor. In any event the Council is going to have to find additional sites for school use in the Bromley Common area in the next few years.

# 14. From Councillor Fawthrop of the Chairman of the Development Control Committee (to be asked at every Council Meeting)

What pre-application meetings have taken place since the last full Council Meeting between Council Officers and potential planning applicants? Can these be listed as follows:-

The name of the potential applicant, the site address being considered.

## Reply:

There have been 9 Major Pre-application meetings between 20<sup>th</sup> March and 20<sup>th</sup> June 2012, all of which were non-householder enquiries. There have also been 14 non-householder and 10 householder meetings.

As you are aware details of individual applicants and sites at present is exempt information and not disclosable in response to a Council Question.

The following tables indicate schools which have bought packages from Bromley Sold Services. In addition, schools may buy 'pay as you go' services on an as and when basis. The exception is School Improvement which is wholly on a 'pay as you go' basis.

Information for 2012/13 is not currently available for School Improvement (as they operate on an academic year) or Property Services.

The following tables indicate schools which have bought packages from Bromley Sold Services. In addition, schools may buy 'pay as you go' services on an as and when basis. The exception is School Improvement which is wholly on a 'pay as you go' basis.

Information for 2012/13 is not currently available for School Improvement (as they operate on an academic year) or Property Services.

The following tables indicate schools which have bought packages from Bromley Sold Services. In addition, schools may buy 'pay as you go' services on an as and when basis. The exception is School Improvement which is wholly on a 'pay as you go' basis.

Information for 2012/13 is not currently available for School Improvement (as they operate on an academic year) or Property Services.

The following tables indicate schools which have bought packages from Bromley Sold Services. In addition, schools may buy 'pay as you go' services on an as and when basis. The exception is School Improvement which is wholly on a 'pay as you go' basis.

Information for 2012/13 is not currently available for School Improvement (as they operate on an academic year) or Property Services.

The following tables indicate schools which have bought packages from Bromley Sold Services. In addition, schools may buy 'pay as you go' services on an as and when basis. The exception is School Improvement which is wholly on a 'pay as you go' basis.

Information for 2012/13 is not currently available for School Improvement (as they operate on an academic year) or Property Services.
