EXECUTIVE AND RESOURCES PDS COMMITTEE 18 OCTOBER 2022

THE FOLLOWING QUESTIONS HAVE BEEN SUBMITTED FOR ORAL REPLY BY THE CHAIRMAN OF THE PDS COMMITTEE

From Ms Giuliana Voisey

1. Do you acknowledge the stress and pressure that the airport subjects the residents to for no tangible benefit to the Borough and great damage to our local air quality and living conditions?"

THE FOLLOWING QUESTIONS HAVE BEEN SUBMITTED FOR ORAL REPLY BY THE PORTFOLIO HOLDER FOR RESOURCES, COMMISSIONING AND CONTRACTS MANAGEMENT

From Mr David Clapham

1. At the Executive meeting 12th January 2022 it was RESOLVED in note (9) that "Officers be authorised to prepare a report detailing potential improvements to the NAP using best industry practice, as recommended by the CAA, having regard to feedback from residents and as proportionate to the size of the airport." Why was feedback from residents not sought?
2. An email from Airspace Change at BHAL dated 5th October 2022 invited participation in a presentation on 21 potential flightpaths from BHAL. Will these new flightpaths impact on the long-awaited GPS 03 flightpath?

Mr Chris Ford

1. At the Executive meeting in January I understood that the revised Noise Action Plan would be provided. This has not been done, residents should have been provided with the opportunity to comment upon its contents. Will residents be given the opportunity to comment before the Executive agree to its contents?
