3. COMMENTARY

- 3.1 The SBP met on 29 February, Chaired by Fire Brigade Commander Chris Line. This report summarises the key issues arising from that meeting.
- 3.2 An update on crime was presented to the SBP followed by discussion around shoplifting, knife crime and domestic abuse, summarised below:
 - Shoplifting it was questioned whether the focus should be on shoplifting or wider retail crime. Supt Baldock explained that most violence and retail crime is committed against retail staff is as a result of them trying to intervene in shoplifting. In turn as women represent a large proportion of retail staff this also impacts on violence against women. Luke explained there had been a meeting in January to discuss the action to be taken around this subject, which included representation from the Retail Crime Reduction Partnership and BID. Further meetings are being scheduled, suggestions were made for additional retail representatives to participate.
 - Domestic Abuse there has been a recent report from the Domestic Abuse Commissioner which indicates that the Police figures may be distorted by reporting practices. Supt Baldock advised he would seek clarification on the statistics and update at the next meeting.
 - Knife crime there were concerns about the increase in knife crime, particularly in the NE corner of the borough. There was a discussion about the range of work taking place to reduce access to knives and the cross-border work with neighbouring police teams to address the incidents occurring on borough boundaries. It was agreed further action was needed to better understand the profile of offending, which is a key action under the new strategy, and to explore the options for a 'RedThread' worker in A&E. RedThread provide a worker in A&E departments to engage with young people who present with injuries sustained from violence and provide them support at a time when they may be most open to it. This will be scheduled for progression through the new Delivery Group structure.
- 3.3 The extension of the borough wide ASB PSPO was discussed and the SBP supported the proposal. This is the subject of a separate report to the Committee, ES20363.
- 3.4 The Quarter 3 update on progress against the current Safer Bromley Partnership Strategy was noted.
- 3.5 The Safer Neighbourhood Board provided a written update for the SBP, which was noted.
- 3.6 The Domestic Abuse Strategic Lead Officer gave a presentation on the progress made through the Domestic Abuse Strategy. There was some discussion about the importance of retaining a focus on the Domestic Abuse agenda once it is absorbed into the Safer Bromley Strategy as it is the cause of significant demand on services that are in place to support families and residents.
- 3.7 The draft Safer Bromley Strategy and proposed delivery structure was presented. This is the subject of a separate report to the Committee, ES20374.
- 3.8 The Community Safety Officer gave a presentation on the Community Impact Days (CID). The development of the CIDs is a key action for exploration through the Delivery Structure.
- 3.9 The draft Risk Log was circulated. It was noted that this will be further developed as risks may be identified through the strategy delivery planning process is undertaken.

3.10 The Forward Plan for the SBP was circulated and partners were asked to consider what items they would like added for future SBP meetings.

4 IMPACT ON VULNERABLE ADULTS AND CHILDREN

4.1 The Safer Bromley Partnership (SBP) brings together statutory agencies, Bromley Council, Metropolitan Police, London Fire Brigade, South East London Integrated Care Board and National Probation Service, commissioned services and community and voluntary representatives are working together at a strategic and operational level to develop preventative and early intervention approaches using intelligence and insights to minimise the impact and trauma caused by crime and reduce re-victimisation and repeat offending.

REPORT DETAIL

The long awaited publication of the community engagement report commissioned by MOPAC from Black Thrive has now been published. Ernst Young consultants have been tasked to review the report and present recommendations to the Mayor for the delivery of a new scrutiny and engagement structure for London.

Although this has been an extremely frustrating and prolonged piece of work by MOPAC which has resulted in little progress to date on addressing the fundamental challenges of Policing the Bromley SNB has continued to represent the Borough and been fully engaged in the process to ensure we remain part of the conversation and can influence change that is appropriate for our neighbourhoods.

Community projects remain part of the SNB role and MOPAC funding for 2024/25 will be agreed at a meeting of Pan London Chairs on 27th February. Bromley is leading on a transformation of the MOPAC process to simplify and speed up delivery.

The next project we are delivering locally is the ASB conference to be held at Bromley Football club on 11th March, invitations have been sent to Ward Panel Chairs, Councillors and other community representatives. If you would like to know more or attend in person, please use this link to Eventbrite.

In response to the Casey review we were invited to be part of the working group on the development of a Stop and Search charter which is now out for public consultation. Although this has not been historically a focus for community dissatisfaction in Bromley it is one of the issues that affects the trust and confidence in policing by communities that feel marginalised and disproportionally policed, so its negative impact has wider and more significant considerations for all Communities.

We have met regularly with the Commissioner and Neighbourhoods Command team at NSY to highlight the ongoing issues with abstractions and lack of resources and continue to raise the concerns discussed at Panel meetings. We are reassured that the MET remain committed to Ward Panels and that their continued development and improvement is recognised as a priority in ensuring full community engagement in the delivery of the New MET for London Plan.

AN INTERGENERATIONAL DOMESTIC VIOLENCE AND ABUSE STRATEGY FOR 2021 TO 2024

MAKING DOMESTIC ABUSE EVERYONE'S BUSINESS

Rob Vale

Head of Safer Communities

Jamie O'Malley

Domestic Abuse Strategic Lead Officer

London Borough of Bromley

To challenge DA at the earliest opportunity, before it becomes an issue, through the provision of high quality, accessible support services for all our residents which empower victims and survivors to take control of their situation and have the confidence to move forward with their lives

- 1. We will promote the message that tackling DA is everyone's and every agency's responsibility.
- 2. We will commission effective services to support victims of DA
- 3. We will challenge perpetrators and explore interventions that measure the change in their behaviour
- 4. We will increase and develop our existing training offer on DA and VAWG to improve local responses to victims and survivors, and their families
- We will introduce DVA Ambassadors to support staff in the workplace

- 1. Developed partnership campaigns to:
 - Raise public awareness of the support available of the support available to those experiencing domestic abuse.
 - Ensure that front line professionals are aware of the indicators of domestic abuse they may see in the course of their work.
 - Promote the pathways available in Bromley.
 - Provide specialist DA services to residents.
 - An active and engaged DA Operational Forum.
- Commissioned victim survivor services

- 4. Communications and workforce development:
 - Delivered a robust and specialist training package for LBB staff and partners.
 - Embedded MARAC and DAPP services within the council including steering groups to support.
 - Developed LBB and sister website DA pages including safety buttons.
 - Produced information documents to support staff.
 - Created a publicly available DA service directory.
 - Supporting the Home Office in the development of the May 2024 DAPN/O BCU pilot.
 - Led by example the new Pan London Drive model- supporting through consultation and observations of panels.

- 1. Covid19
- 2. Organisational change
- 3. Resources/Funding

 Actions outstanding from the current strategy to be incorporated into the Safer Bromley Strategy Delivery Plans for monitoring by the SBP.
