

**LONDON BOROUGH OF BROMLEY**

**STATEMENT OF EXECUTIVE DECISION**

The Portfolio Holder for the Environment, Councillor Colin Smith, has made the following executive decision:

**ADDITIONAL HIGHWAYS MAINTENANCE WORKS**

**Reference Report (ES14084):**

*Additional Highways Maintenance Works, 23/09/2014 Environment Policy Development and Scrutiny Committee*

**Decision:**

**(1) The £1.515m works at Table 2 within Report ES14084 be included in the Council's programme of planned highway maintenance for 2014/15.**

**(2) The remaining £200k of additional resources be allocated to the budget for emergency and reactive highway repairs.**

**Reasons:**

Following agreement of the programme of schemes to be included within the 2014/15 planned highway maintenance programme, additional highway maintenance funding of £1m was approved in February 2014 to manage the impact of winter damage. An additional £715k for highway repairs (prioritised for bus route resurfacing) was also provided through the Local Implementation Plan (LIP) process.

From the £1m funding, £200k will be used to supplement the emergency and reactive repairs budget, and for the planned highway maintenance programme, the remaining £800k will be used for additional road resurfacing schemes and for schemes to replace those funded by the additional £715k.

The proposed decision was scrutinised by the Environment PDS Committee on 23rd September 2014 and the Committee supported the proposal.
