

LONDON BOROUGH OF BROMLEY

STATEMENT OF EXECUTIVE DECISION

The Portfolio Holder for Environment and Community Services, Councillor William Huntington-Thresher has made the following executive decision:

CIVIC CENTRE MULTI-STOREY CAR PARK – REPLACEMENT OF PARKING MANAGEMENT SYSTEM

Reference Report:

Civic Centre Multi-Storey Car Park Replacement of Parking Management System, 28/08/2019 Environment and Community Services Policy Development and Scrutiny Committee

Decision:

The Portfolio Holder agreed that:

Option 3 be implemented—the car park should be modernised to an ANPR parking solution and to grant officers permission to go to the market to procure a new system. Delegated authority would be given to the Director of Environment and Public Protection to make the final selection.

The one-off funding costs of £181.5k be partially funded from the £110k release of provision that was no longer required. The remaining funding of £71.5k to make up the £181.5k should be funded from overachievement of income in the Traffic budget.

Reasons:

The report recommended that Option 3 be implemented for the modernisation of the Civic Offices Car Park to enhance the customer experience and to encourage people to visit Bromley Town Centre and set out the business case for doing so.

The proposed decision was scrutinised by the Environment and Community Services PDS Committee on 28th September 2019.
