3. COMMENTARY

3.1. Licensing Act 2003.

The Licensing Act 2003 states that any premises requires a licence/certificate issued by the Council (premises licence/club premises certificate) where the following activities occur:-

Provision of regulated entertainment

- a) Plays. (Where the audience exceeds 500 people)
- b) Films.
- c) Indoor sporting events. (Where the audience exceeds 1000 people)
- d) Boxing or wrestling entertainment.
- e) Live music. (subject to the Live Music Act 2013 exemptions)
- f) Recorded music.
- g) Performances of dance. (Where the audience exceeds 500 people)

Provision of late-night refreshment (between 2300hrs and 0500hrs).

Supply of alcohol (on and off sales).

The supply of alcohol by or on behalf of a club to, or to the order of, a member of the club.

The sale by retail of alcohol by or on behalf of a club to a guest of a member of the club for consumption on the premises where the sale takes place.

Licences/Certificates may be issued subject to any terms, conditions or restrictions the Council feels are appropriate to address any or all of the four licensing objectives.

The Council has previously agreed Bromley's Statement of Licensing Policy for the Period 2021 – 2026.

The Licensing Sub-Committee must consider the Statement of Licensing Policy and any Special Policy of Cumulative Impact currently in force when making any decisions in respect of these applications.

3.2 Description of the Premises

The premises is a food led café bar in Bromley Town Centre surrounded by other commercial premises. The premises was previously occupied by Five Guys restaurant.

A satellite image and street view of the premises can be found in **Appendix 4**.

3.3 Licensing History

This is an application for a new premises licence. The premises has not been previously licensed.

3.4 Application

This is an application for the provision late night refreshment from 23:00 to 00:30 and the sale of alcohol both on and off the premises from 10:00 to 00:00 every day.

The application also states that the premises may remain open for the sale of alcohol and the provision of late night refreshment from the terminal hour for those activities on New Year's Eve through to the commencement time for those activities on New Year's Day.

A full copy of the application form and plan can be found in **Appendix 1**.

3.5 Cumulative Impact Assessment Area

Note:

The property sits within the Cumulative Impact Area (CIA) in Bromley. This is identified within the current Licensing Policy 2021 to 2026. The authority is satisfied on evidence of problems that are being caused or exacerbated by the cumulative impact of licensed premises in the area described. The evidence is used to justify the statement in the CIA that it is likely that granting further premises licences and/or club premises certificates or varying existing licences in that area (limited to a kind described in the assessment), would be inconsistent with the authority's duty to promote the licensing objectives.

The CIA does not, however, change the fundamental way that licensing decisions should be made. It is therefore open to the licensing authority to grant an application where it considers it is appropriate and where the applicant can demonstrate in the operating schedule that they would not be adding to the cumulative impact. Applications in areas covered by a CIA should therefore give consideration to potential cumulative impact issues when setting out the steps that will be taken to promote the licensing objectives. Where relevant representations are received and a licensing authority decides to grant an application it will need to provide the applicant, the chief officer of police and all parties who made relevant representations with reasons for granting the application and this should include any reasons for departing from their own policy.

The Special Policies on Cumulative Impact and Vision for Town Centres can be found at **Appendix 5**.

3.6 Representations

During the public consultation period the Council received a total of 5 objections. All of the objections can be found in **Appendix 2**.

4. IMPACT ON VULNERABLE ADULTS AND CHILDREN

- 4.1 Licensing regimes provide for additional controls through specific permissions to undertake activities. Both the Licensing Act 2003 and Gambling Act 2005 contain licensing objectives which seek to protect particular vulnerable groups. In the case of the Licensing Act 2003 it seeks to protect children from harm whereas the licensing objectives under the Gambling Act 2005 are wider and seek to protect children and vulnerable adults from being harmed or exploited.
- 4.2 Businesses and the Council are required to promote these objectives in the way they operate or make decisions.
- 4.3 Details of applications under both Acts are referred to the appropriate safeguarding teams for comment. No comments were received regarding this application.

5. TRANSFORMATION / POLICY IMPLICATIONS

- 5.1 Both the Licensing Act 2003 and the Gambling Act 2005 require the Council to prepare, consult on and publish statements of their licensing policy. These must be reviewed at least every 5 years under the Licensing Act and 3 years under the Gambling Act.
- 5.2 Members should make decisions in accordance with these policies but are free to depart from them with good reason.
- 5.3 The current policies are -
 - Statement of Licensing Policy 2021 - 2026
 - Statement of gambling policy 2022 - 2025

6. FINANCIAL IMPLICATIONS

- 6.1 There are rights of Judicial Review and appeal to the Magistrates Court against the decision of the Sub-Committee under both the Licensing and Gambling Acts. If an appeal were to be lodged there are costs associated with defending it. These are difficult to quantify and the Courts can award costs. In the event of a successful appeal we could pay the costs of the appellant as well as our own. Equally if we successfully defended an appeal, it is open to the Court to order our costs to be paid by the appellant.

7. PERSONNEL IMPLICATIONS

- 7.1 Number of staff (current and additional): 1 Licensing Officers supported by 3.5 FTE Administration Staff.
- 7.2 If from existing staff resources, number of staff hours: A licensing application typically takes 7hrs professional officer time and 5hrs administration time.

8. LEGAL IMPLICATIONS

- 8.1 Any Parties involved in a hearing before a Sub-Committee can seek a Judicial Review if the Local Authority has failed to administer the hearing in accordance with proper procedures.
- 8.2 Any Party involved with the hearing before licensing subcommittee can appeal any decision made at that hearing to the magistrate's court.
- 8.3 The Council has adopted a procedure for the conduct of hearings.

9. PROCUREMENT IMPLICATIONS

There are no procurement implications.

10. EQUALITIES IMPLICATIONS

- 10.1 The Equality Act (2010) requires public bodies to have due regard to the need to:
- *eliminate unlawful discrimination, harassment, victimization and any other conduct prohibited by the Act.*
 - *advance equality of opportunity between people who share a protected characteristic and people who do not share it; and*
 - *foster good relations between people who share a protected characteristic and people who do not share it.*

10.2 The protected characteristics covered by the Act are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.

10.3 There is no indication that the proposed recommendations will have a disproportionate impact on any individuals or groups with a shared protected characteristic.

11. ENVIRONMENTAL IMPLICATIONS

There are neutral environmental and carbon reduction implications from the proposals contained in this report.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].

- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.
- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and

 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Representations

Application comments:

Objection 1 – Cllr Graeme Casey

I wish to lodge my objection to the above license application.

My concerns centre on;

The prevention of crime and disorder, specifically the intention for alcohol to be sold until midnight of every night of the week. Market square is a quieter part of the town centre for those residents living there. I believe that a late night license and venue would be attractive to those that have left other venues that close earlier and that the architecture of the square will only exacerbate any noise disturbance.

The prevention of public nuisance, specifically as stated above the risk of late night patrons moving to this venue when other venues close earlier in the evening.

Market Square is a busy commercial area, the residents were well aware of this fact when they bought or rented their properties, however, it is not a late night area and I do not feel it would be appropriate to grant a late night license.

Objection 2 - PHNT

I have been passed the above application for a new premises licence.

The premises is situated in the Bromley Town Centre cumulative impact zone (CIZ) which changes the presumption from one to grant to the presumption to refuse the application.

The statement of licensing policy states

“In any area declared to be subject to a Special Policy of Cumulative Impact it would be the Licensing Authority’s intention to refuse to grant new premises/ club licences or variations, unless the application is such that the grant of the licence would have no further detrimental impact on the area and the promotion of the licensing objectives. “

The application describes the operation as “The family style operation with its emphasis on food rather than drink” yet no conditions have been offered in the operating schedule to restrict the business to that of food lead. Section 182 Guidance issued under the Licensing Act clearly states in section 1.16 “ Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate.”

I object to the granting of the licensing under the prevention of public nuisance, Crime and disorder licensing objections for the following.

1. No accommodation limit has been offered so I am unable to fully assess the impact on the area and if it will have a detrimental effect”
2. No condition has been offered restricting the operation to that of a food lead business which would have less of an impact than an alco lead premises.

Application comments:

3. The plans show two large areas with the licensable are marked in red indicated as mothball areas which could be used as vertical drinking area increasing the capacity considerably.
4. No SIA has been offered within the application which I would expect on a premises in a town centre environment with no restriction as specified in Point 2
5. The CCTV condition does not include the specification for a clear facial image of every person that enters the premises.

Submitted for consideration of the licensing subcommittee.

Objection 3

I am writing to raise objections regarding the application for licence to sell alcohol raised by Loungers UK for a property at 21-22 Market Square, Bromley.

I would like to officially raise objections and request the right to make formal representation in front of the Licensing Cub-Committee. My specific objections are on the grounds of prevention of crime and disorder, public safety and prevention of public nuisance, with specific argumentation laid out below.

Background and general remarks

- Bromley Market Square is already an area which suffers from significant volume of crime and public disorder. Based on the statistics published by the Metropolitan Police, the Market Square sees between 10 and 20 instances of crime and / or public disturbance in any given month. Many of these instances refer to anti-social behaviour as well as violence (including sexual assault) and theft
- In addition to the recorded statistics reflecting the police call-outs, the residents have witnessed numerous instances of non-reported anti-social behaviour including visible drunkenness, fights between intoxicated individuals, littering and loud music being played late into the night from portable speakers; the Square contains sitting areas which attract groups of young people late in the evenings in warm months
- The terms of the licence requested imply ability to sell alcohol until midnight daily for on and off-premise consumption
- If the leaseholder chooses to exercise the full extent of the licence, this would mean that the venue would be serving alcohol up to an hour after the other bars and venues in the area close between Monday and Thursday; it would also mean that the venue would stay open longer (Monday to Thursday) than other venues operated by the licence applicant in London
- Ability to sell alcohol for consumption off-premises and the availability of ample sitting space in the square also implies that alcohol purchased at the venue could continue being consumed long after the place closes for business for the day
- In addition to shops and food venues, the Market Square contains a significant number of flats - there are residential properties above businesses all around the Square; there have been no venues serving alcohol in the Market Square to date

Application comments:

Specific concerns

- Granting of the licence in the current shape will contribute to late-night noise and disruption within the Square, including weeknights.
- The venue would, by definition, increase the number of potentially intoxicated people in the square, which will contribute to even more anti-social behaviour in addition to that already observed.
- The late-night customers leaving the venue could present targets for more deliberate crime (theft, violence) and thus attract potential criminals into the Square.
- Given the venue can potentially remain open after the other venues in the area close, we are concerned that it could become a magnet and a “last port of call” for drinkers leaving the other bars in the area; as such, the level of noise, disturbance and danger to civil order would be greatly exacerbated.

Asks from the Council

- We recognise the need to re-invigorate Bromley’s High Street and Market Square; thus, we do not object to the venue opening at all or serving alcohol during the day or in early evening; we much prefer the venue to an empty shop
- However, we would ask the Council to limit the licence hours to 10pm on weekdays, so that the venue closes ahead of the other venues in the area
- Should that not be possible, we would ask for the licence to be at least limited to the same operating hours as the other venues, to avoid the risk of attracting stragglers from other venues closing earlier in the night

I look forward to making the appropriate representations in front of the Sub-Committee. I remain at your disposal to answer any questions in the meantime.

Objection 4

I am writing to formally object to the proposed issuing of a premises licence to Lounge, located in the square outside my flat at 22 Market Square, Bromley, BR1 1NA including:

The service of alcohol between 10.00am and 12.00pm

Late night refreshment between 11.00 and 11.30pm

Hours open to the public until 12.30am

Outside seating that’s available in the evening.

I write as a concerned resident in very close proximity to the premises with all residents expressing their dismay at this proposal. I have also spoken with other residents in the square who share these same concerns.

Application comments:

The following points outline my objections to the issuance of a licence for this establishment:

1. Public Nuisance:

The introduction of a bar in a previously quiet residential area without late-night businesses will undoubtedly increase public nuisance. At around the same time that bars and pubs close in the local area, there is a pronounced spike in antisocial behaviour including fighting, arguing, shouting, singing etc. people will sit often stop and sit in Market Square. Having a bar in the square will make the area even more of a 'go to' and will exacerbate these issues, particularly given the large size of the proposed site and its outdoor spaces.

The enclosed nature of the square amplifies noise, affecting approximately flats directly overlooking the bar and outdoor space, leading to disturbances and discomfort for residents. My family and I have reported these issues on multiple occasions, and both I and other residents have had to personally ask people to move on in the middle of the night due to the significant amplification within the square. Having a bar here will mean that patrons will be present throughout the evening, particularly given that there will be seating. There is no indication in the plans regarding a smokers area, but it seems likely that this would also be on the square, adding to the noise.

I would like to add that I moved here knowing that the area would be a busy commercial area, we have excellent sound isolation within our apartment; however, there has never been a late-night business or one that serves alcohol in the Square. The Square is not a late-night area and I do not feel it would be appropriate to grant a licence in this case.

2. Crime and Disorder:

There is a strong likelihood of increased crime and disorder resulting from introducing a bar with a late-night licence to an area where there previously wasn't one. This has been seen in other areas of Bromley, and across the capital. It should also be noted that the mitigations of having staff on the door of the bar are unlikely to have an effect; currently there is a canine security unit who patrol the market square area to protect the market stalls overnight. There continues to be issues with damage to property and drunken shenanigans in the evenings on the weekend.

Despite the hard work of the local council and police to reduce issues, instances of vandalism, such as damage to phone boxes, bins, and telecommunications cabinets, have been observed from revellers leaving local pubs and bars at kickout time already; this is particularly pronounced on Friday and Saturday evenings and will likely increase with the increased footfall caused by having an additional place to drink in the evenings when other places are closed.

3. Public Safety:

Late-night alcohol consumption has been linked to violent crime, and the combination of a bar open until 12:30 every day in a residential area with high footfall raises concerns for the safety of local residents.

Application comments:

4. Protection of Children from Harm:

Families residing in the area, including children, will be adversely affected by a late-night venue, impacting their sleep and overall well-being due to the quiet surroundings at night and the direct overlook of flats onto the bar in the echo-y square.

I have raised these concerns with our local councillor, who shares my apprehensions regarding the negative impact of approving such a licence on the local community. I have put him in Cc, although I know that he has also raised his views with you directly.

In light of the above points, I urge the council not to approve the licence in its current state given the significant negative impact it will have on local residents who did not sign up to living in a late-night entertainment area.

Thank you for your attention to this matter.

Objection 5

We are writing to formally object to the proposed issuing of a premises licence to Lounge, located in Market Square, Bromley, a proposed premises licence that includes the following :

- The service of alcohol between 10.00am and 12.00pm
- Late night refreshment between 11.00 and 11.30pm
- Hours open to the public until 12.30am
- Outside seating that's available in the evening.

We have been proud and engaged residents of Market Square Bromley since we purchased our property 5 years ago and have participated in a variety of community events in Market Square over the last 5 years that have been sponsored by the Bromley Council. We are however now deeply concerned about the proposed granting of a premises licence to Lounge, as we believe that this establishment will have a serious negative impact not only on the community of Market Square residents, but especially on the wider community of Bromley - children, parents, grandparents, and families, for whom Market Square is an important meeting and convening point. We know the importance of Market Square as a community hub for Bromley - we have seen the vibrancy and the social pulse of Market Square every day for the last 5 years. Indeed, it is precisely this social and community meeting point that is now under threat by the proposed issuing of a premises licence to Lounge.

Our strong objection is based on the following:

1. Firstly, introducing a bar in Market Square poses a significant risk to the safety and wellbeing of all the residents in the square as well as all those residents of Bromley who frequent the square for social enjoyment and wellbeing. Bars are associated with increased noise levels, social disturbances, and late-night activities.
2. The increased potential and likelihood of alcohol incidents including drunk and disorderly behaviour could jeopardize the safety of residents, pedestrians, children, and families.

Application comments:

3. There is also the increased risk of littering, loitering, and anti-social behaviour.

We believe that the negative social consequences of granting a licence to Lounge, significantly outweigh any potential benefits.

In the light of these concerns, we urge the council to reconsider the proposed issuing of a premises licence to Lounge, not only for the residents in Market Square, but for the greater good of the Bromley community.

Policies on Cumulative Impact and Vision for Town Centres

Special Policies on Cumulative Impact

The cumulative impact of licensed premises on the promotion of the licensing objectives is a proper matter for the Licensing Authority to consider in its Policy Statement.

Cumulative impact means the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area.

Representations that an area is at, or is approaching, the point at which it will be subject to cumulative impact may be received from a 'responsible authority', an 'other persons' or from Councillors or officers. Such representations may be made either:

- As a result of ongoing liaison, monitoring and review
- Following representations arising from an application for the grant or variation of a licence, or
- As part of the Licensing Policy review at least every five years.

Where representations are made that an area is already subject to cumulative impact or that the grant or variation of a further licence will result in cumulative impact, the Licensing Authority will take the following steps in each case:

Consider whether there is good evidence that crime and disorder or nuisance are occurring, or whether there are activities which pose a threat to public safety or the protection of children from harm.

- If such problems are occurring, identify whether these problems are being caused by the customers of licensed premises, or that the risk of cumulative impact is imminent.
- Identify the boundaries of the area where problems are occurring (this can involve mapping where the problems occur and identifying specific streets or localities where such problems arise).

Consult those specified in section 5(3) of the 2003 Act,

- Police
- Fire Brigade
- Public Health
- Persons representing holders of premises licences
- Persons representing holders of club premises certificates
- Persons representing Personal Licence holders
- Persons representing businesses.
- Other representatives of businesses and residents.

Subject to the outcome of the consultation, confirm and publish details of the special policy in the licensing policy statement

In any area declared to be subject to a Special Policy of Cumulative Impact it would be the Licensing Authority's intention to refuse to grant new premises/ club licences or variations, unless the application is such that the grant of the licence would have no further detrimental impact on the area and the promotion of the licensing objectives.

This policy applies to all new premises licences and club premises certificates, including but not limited to night clubs, wine bars, pubs, restaurants, take-away premises, supermarkets, shops, theatres and cinemas and leisure services which include licensable activities e.g. sports centres.

Off licences are specifically included in the cumulative impact policy as they can contribute to problems of crime and disorder and nuisance including street drinking, proxy purchasing, underage drinking, dispersal issues, preloading and excessive drinking.

The presumption of refusal does not relieve Responsible Authorities or Other Persons of the need to make relevant representations. If no representations are received the Licensing Authority must grant the application in terms which are consistent with the operating schedule submitted

When determining whether an area is or should be subject to a Special Policy of Cumulative Impact the Licensing Authority will have regard to the following matters: (The decision as to cumulative impact is not based solely on these matters and it is open to the Licensing Authority to consider any other matters that it feels are relevant)

- The nature of the area
- The number and types of licensed premises in the area
- The capacity of those premises
- The hours of operation of those premises
- The approved operating schedules of the premises
- The history of the premises
- The arrangements for the management of the premises
- The customer profile of the premises
- Recorded crime or disorder in the vicinity
- The views and experiences of those who live or work in the area
- The presence of other high-risk characteristics. Such as themed operations or price reductions etc.

Examples of applications that the Licensing Authority may consider as exceptional may include, though are not limited to:

- premises which fit the vision for the respective town centres
- small premises with a capacity of fifty persons or less who only intend to operate until 2300hrs
- premises which are not alcohol-led such as coffee shops

Examples of factors the Licensing Authority will **not** consider as exceptional include that the:

- premises will be well managed and run
- premises will be constructed to a high standard
- applicant operates similar premises elsewhere without complaint
- similar premises operate in the area

The Licensing Authority will periodically review any areas subject to special policies of cumulative impact to see whether they have had the effect intended, and whether they are still needed.

The Licensing Authority will not use such policies solely as the reason for revoking a licence when representations are received about problems with existing licensed premises, or to refuse material variations to a licence, except where the material variations are directly relevant to the policy, for example where the application is for a significant increase in the capacity limits, to extend the opening and or alcohol sale timings or to change the mode or theme of operation at a premises

The Licensing Authority will publish separate details of any additional areas declared to be subject to a special policy of cumulative impact. The area covered by the special policy and the reasons for considering it to be subject to cumulative impact will be set out.

The Licensing Authority recognises that the diversity of premises selling alcohol, serving food and providing entertainment covers a wide range of contrasting styles and characteristics and will have full regard to those differences and the differing impact these will have on the local community when considering applications in saturated locations.

It therefore, also recognises that within this policy, it may be able to approve licences that are unlikely to add significantly to the saturation, and will consider the circumstances of each individual application.

In areas not subject to a special policy of cumulative impact but where representations of cumulative impact are made, the Licensing Authority will consider each application individually.

The following special policies on cumulative impact have been declared:

NO 1 Bromley Town Centre (29th Nov 2004)

NO 2 Beckenham Town Centre (21st February

2007) See Appendix C

The Licensing Authority is committed to the principle of Special Policies of Cumulative Impact and that the establishment of these two policies have made a significant contribution to the promotion of the Licensing Objectives in Bromley Town Centre and Beckenham Town Centre.

The Licensing Authority confirms its commitment to make all decisions on applications for new licenses or variations in those areas strictly in accordance with those policies. The Licensing Authority wish to make it clear to all applicants that the presumption of refusal of all new licences and material variations stands except where the applicant satisfies the Licensing Authority that the application can be granted without having a detrimental effect on the promotion of the Licensing Objectives.

Appendix C

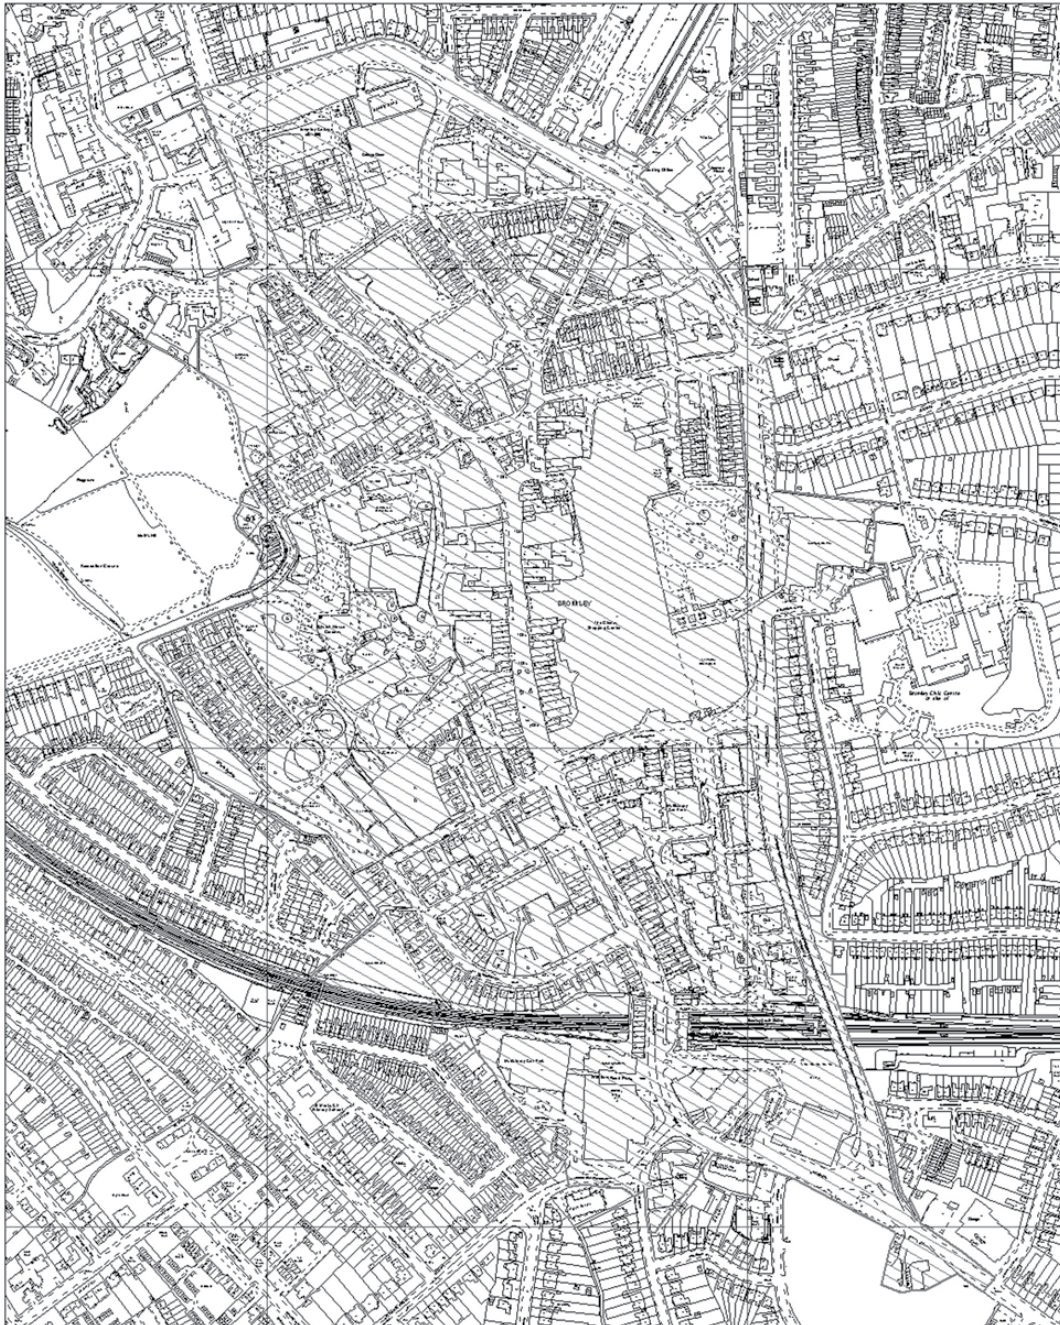

Declaration of Bromley and Beckenham Town Centres as being subject to a Special Policy of Cumulative Impact

On the 29 November 2004 the Licensing Authority considered a recommendation from the General Purposes and Licensing Committee (Report refES04313) that Bromley Town Centre as defined in the attached map ref BTC 83 should be subject to a Special Policy of Cumulative Impact. On the 21 February 2007 the Licensing Authority considered a recommendation from the General Purposes and Licensing committee (Report refACS07005) that Beckenham Town Centre as defined in the attached map ref Acs 07005 should be subject to a Special Policy of Cumulative Impact. The Licensing Authority is satisfied that within both of these areas the promotion of the four Licensing Objectives is being undermined by the presence of a significant number of licensed premises.

What is the effect of a Special Policy of Cumulative Impact?

In an area subject to 'cumulative impact' the Licensing Authority will refuse to grant new Premises Licences, Club Premises Certificates or material variations to existing licenses where it receives relevant representations about cumulative impact on the licensing objectives which it concludes after hearing those representations should lead to a refusal. The Licensing Authority cannot refuse an application unless it receives valid objections from local residents, businesses or organisations. If no objections are made, an application will be granted.

Vision of our Town Centres

Members have identified 3 town centres where special consideration will be given to licensing decisions based on this policy. The Councils approach in these areas may be different based on the opinions of Ward Councillors reflecting the views of local residents and businesses.

- 1. Bromley Town Centre

Bromley Town Councillors wish to see the continuing development of a responsible and flourishing nighttime economy in line with the existing profile of businesses pubs, clubs and restaurants. Notwithstanding the existence of the cumulative Impact policy ward members are supportive of applications for premises that will positively benefit the town centre including both the Bromley South and North Developments. However, where the operation of licences is irresponsible and undermines the promotion of the licensing objectives, especially crime and disorder or public nuisance, and has a negative impact on the local night time economy, Members will support tough enforcement of licence conditions and reviews.

- 2. Beckenham Town Centre

Beckenham Town Centre is also subject to a cumulative impact policy. Ward Members recognise the improvements brought about to reduce crime and disorder through partnership working and the active support of the larger licenced premises. Consequently Ward Members consider that Beckenham Town Centre is currently operating in a way which promotes the Licensing Objectives however the balance of licence type, timings and diversity is currently optimised for this area and any applications for new licences or variations will be considered very carefully to ensure the current status quo is not jeopardised.

- 3. Orpington Town Centre

Orpington Town Centre is not subject to a Cumulative Impact Policy however the development taking place is designed to promote a “café” type environment with restaurants and cafes being given positive support from the licensing subcommittee to encourage this type of atmosphere and evening economy. Members are not keen to see Orpington develop by way of high-density vertical drinking premises or those operating after 23.30.
