The Policy encourages the replacement or extension of the current store subject to environmental and heritage considerations.	<p>Position – June 2012</p> <p>Sainsbury's and their design team have considered numerous options for the redesign of their store on the current site. Due to site limitations they have concluded that they are unlikely to be able to meet their future growth requirements from either an extension or on-site redevelopment.</p> <p>They are currently examining alternative redevelopment options within the framework of the AAP, including an option to relocate onto Opportunity Site F. This would then allow the redevelopment of their current site in Bromley North Village for a mixed use scheme</p> <p>Timescale: Awaiting details from Sainsbury's on their future plans.</p>
Bromley North Village	Lead: KM	<p>In support of transformational public realm improvements an Area Based bid to the Transport for London, as part of the Mayor's 'Great Spaces' initiative, has been successful in providing access to £300k for detailed design work. It is normal during this process for small changes to the design to be made. This process is expected to be completed in late July 2012, whereby the drawings together with a business case will be sent to TfL to secure the funding. It is expected that TfL will inform us of their decision in Autumn 2012 and assuming no changes are required, implementation could start in January 2013. This should take between 12 and 18 months depending upon business owners' preference over the level and length of time disruption will occur during construction.</p>

Orpington			
Orpington Town Centre	Lead : KM	There are 2 key opportunity sites.– The Job Centre and Police Training facility, which are currently available for redevelopment. Working is progressing to agree a consensus with land owners/interested parties over future development options, which would ultimately inform a planning brief for the whole of the Walnuts site. It is anticipated that a full planning application will be submitted by the end of June 2012.
Beckenham			
Public Realm Improvements	Lead: KM/CC	The Draft Local Implementation Plan (LIP), submitted to TfL in December 2010, indicates that, following the implementation of the Bromley North Village project, the Council envisages that Beckenham town centre would potentially be the subject of a future Major Schemes bid. This is supported by the inclusion in the LIP of an indicative sum of £150k of TfL funding for scheme development in 2013/14.	Position – June 2012 The recently resurrected Working Party will provide the quality oversight and input into the preparation of concept scheme which will form the basis of a Step 1 bid to TfL Area Based Programme in Sept 12. Office and Employment Floorspace.

<p>Office Floorspace</p>	<p>Lead Various</p>	<p>The AAP makes provision for 7,000 sq metres of additional office floorspace in the Plan period. This was allocated on Opportunity Site A (2,000) and Opportunity Site C (5,000).</p> <p>Given the revised policy position for Site A and the possibility that Site C could be redeveloped as a hotel, there is a concern that there could be insufficient provision made for future office employment growth in the town.</p> <p>DTZ have been commissioned to produce a Retail, Office, Industry and Leisure Study, which will inform the production of policy options for the Local Plan consultation which will commence in September 2012. These options will examine the future supply and demand for employment floorspace and current and future designation of employment sites.</p>	<p>In conjunction with local property agents work has commenced on gathering both quantitative and qualitative information on the office stock in Bromley Town Centre. This will allow further analysis of the future supply and demand for office floorspace both in town centres and in other potential employment locations such as Biggin Hill.</p> <p>It is intended that the results of this analysis could be used to develop a potential financial incentive package, targeted at bringing back redundant office into use, for which funding could be sought from the Mayor's Growth Fund.</p> <p>It is intended that an industry focused workshop/event will be held in the Autumn, which will look at the state of the Office/Employment market in Bromley and examine measures to ensure its continued success.</p>
