

## APPENDIX 2

Mr Keith Howkins  
Team Leader  
Funding Reform Team  
Education Funding Agency  
Department for Education

Dear Keith,

Re: MFG Exclusions

In response to your letter dated 2<sup>nd</sup> August, I would be grateful if you would consider this request for funding to be excluded from the MFG calculation for a number of schools. In accordance with your letter the attached sheets shows details of the amounts paid to each school, which is the amount that we are requesting be excluded from the MFG, and the total budget for each school.

Currently, additional funding is calculated for each school taking in additional reception pupils based on the number of pupils expected in September. This funding is not replicated the following year unless the school takes a further additional cohort, as the school would continue to receive additional funding through AWPU. This funding should therefore be excluded from the MFG to avoid double funding.

Under the new funding arrangements, the LA would seek to hold this funding centrally for future growth in accordance with DfE guidelines. This funding would be available to either maintained or academy schools taking additional reception pupils.

I would be grateful if you would consider this application at your earliest convenience.

Yours faithfully

Mandy Russell  
Head of Schools Finance Team  
LB Bromley
