Ward Councillor Views

1. Have Ward Councillors been asked for comments? N/A.
2. Summary of Ward Councillors comments:

3. COMMENTARY

- 3.1 The 2012/13 projected outturn is detailed in Appendix 1, with a forecast of projected spend for each division compared to the latest approved budget and identifies in full the reason for any variances.
- 3.2 Costs attributable to individual services have been classified as “controllable” and “non-controllable” in Appendix 1. Budget holders have full responsibility for those budgets classified as “controllable” as any variations relate to those factors over which the budget holder has, in general, direct control. “Non-controllable” budgets are those which are managed outside of individual budget holder’s service and, as such, cannot be directly influenced by the budget holder in the shorter term. These include, for example, building maintenance costs and property rents which are managed by the Property Division but are allocated within individual departmental/portfolio budgets to reflect the full cost of the service. As such, any variations arising are shown as “non-controllable” within services but “controllable” within the Resources Portfolio. Other examples include cross departmental recharges and capital financing costs. This approach, which is reflected in financial monitoring reports to budget holders, should ensure clearer accountability by identifying variations within the service that controls financial performance. Members should specifically refer to the “controllable” budget variations relating to portfolios in considering financial performance. These variations will include the costs related to the recession.

4. POLICY IMPLICATIONS

- 4.1 The Resources Portfolio Plan for 2012/13 includes the aim of effective monitoring and control of expenditure within budget and includes the target that each service department will spend within its own budget.
- 4.2 Bromley’s Best Value Performance Plan “Making a Difference” refers to the Council’s intention to remain amongst the lowest Council Tax levels in outer London and the importance of greater focus on priorities.
- 4.3 The four year financial forecast report highlights the financial pressures facing the Council. It remains imperative that strict budgetary control continues to be exercised in 2012/13 to minimise the risk of compounding financial pressures in future years.
- 4.4 Chief Officers and Departmental Heads of Finance are continuing to place emphasis on the need for strict compliance with the Council’s budgetary control and monitoring arrangements.

5. FINANCIAL IMPLICATIONS

- 5.1 The controllable budget for the Renewal and Recreation Portfolio is projected to be balanced at the year end based on financial activity to 31st July 2012. Some of the major variations are summarised below with more detailed explanations included in Appendix 1.
- 5.2 Reduced activity in building control is continuing due to the on-going effect of the recession. Income is expected to be £160k below budget and is being offset by £160k savings as a result of sustained management action such as holding 4.3fte vacant.
- 5.3 Income for planning applications is below budget and a shortfall of £350k is projected. This is being partly offset by savings from management action including holding the equivalent of 6.6fte posts vacant (Cr £315k). Further savings of £35k from part year vacancies within the Renewal section of Planning has offset this deficit.
