<b>Orpington</b>			
<b>Orpington Town Centre</b>	Lead : KM	<p>There are 2 key opportunity sites.– Crown Buildings and Orpington Police Station (Police Training facility), which are currently available for redevelopment. Working is progressing to agree a consensus with land owners/interested parties over future development options, which would ultimately inform a planning brief for the whole of the Walnuts site. The Council as the Local Planning Authority is best placed to co-ordinate and lead on this work.</p> <p>The block paving materials that were used for the raised areas in the carriageway have deteriorated through traffic loadings.</p>	<p><b>Position</b></p> <p>The new owner is seeking to implement a comprehensive improvement programme for the Walnuts Shopping Centre which will see Crown Buildings redeveloped for additional retail floorspace and a cinema. Crown Buildings have been demolished and the developer is progressing negotiations for the pre-letting of the proposed cinema.</p> <p>Discussions are ongoing with the designers and block manufacturers to identify the cause of the failures and a permanent solution. This includes considering partnerships which could benefit the re-development of the museum.</p> <p>We have also been exploring ways to sustain the HLF and LBB investment after the capital works complete and have been thinking about our business model for the future.</p>
<b>Beckenham</b>			
<b>Public Realm Improvements</b>	Lead: KM	<p>The Draft Local Implementation Plan (LIP), submitted to TfL in December 2010, indicates that, following the implementation of the Bromley North Village project, the Council envisages that Beckenham town centre would potentially be the subject of a future Major Schemes bid.</p> <p>This is supported by the inclusion in the LIP of an indicative sum of £150k of TfL funding for scheme development in 2013/14.</p>	<p><b>Position</b></p> <p>On 14<sup>th</sup> December 2012 TfL announced the Area Based Programme settlement for 2013/14. TfL did not support the Area Based Bid but did approve £200,000 under 2013/14 LiP funding for High Street/ Rectory Road junction improvements. Outline proposals for these works have already been developed as part of the Step 1 and officers are now proceeding with survey works to inform a detail design for implementation this year.</p>

<b>Office and Employment Floorspace.</b>			
<b>Office Floorspace</b>	Lead  Various	<p>The AAP makes provision for 7,000 sq metres of additional office floorspace in the Plan period. This was allocated on Opportunity Site A (2,000) and Opportunity Site C (5,000).</p> <p>Given the revised policy position for Site A and the possibility that Site C could be redeveloped as a hotel, there is a concern that there could be insufficient provision made for future office employment growth in the town.</p> <p>DTZ have been commissioned to produce a Retail, Office, Industry and Leisure Study, which will inform the production of policy options for the Local Plan consultation which will commence in September 2012. These options will examine the future supply and demand for employment floorspace and current and future designation of employment sites.</p>	<p>In conjunction with local property agents work has commenced on gathering both quantitative and qualitative information on the office stock in Bromley Town Centre. This will allow further analysis of the future supply and demand for office floorspace both in town centres and in other potential employment locations such as Biggin Hill.</p> <p>It is intended that the results of this analysis could be used to develop a potential financial incentive package, targeted at bringing back redundant office into use, for which funding could be sought from the Mayor's Growth Fund.</p> <p>A selection of local and national property agents and local businesses have been invited to a Council sponsored Office Workshop on 17<sup>th</sup> July 2013 to discuss the future of the office market in Bromley. This workshop will be followed by the formal launch of the Summer edition of the Invest Bromley Magazine.</p>
