Notes: Figures for 2012 are provisional.

A birth to a mother whose usual residence is outside England and Wales is assigned to the country of residence. These births are included in total figures for England and Wales, but excluded from any sub-division of England and Wales.

To preserve confidentiality, counts for City of London have been combined with those for Hackney LB.

The Admission number for a school is arrived at through a series of calculations. Schools are required to admit pupils up to this number if they applied. A school could also admit pupils beyond this number if it so wished, subject to the Infant Class Size legislation restricting class sizes to 30 in Years R to 2.

(+) These schools have an SEN Unit attached that have their own placement number separate to the schools' admission number. Pupils in the Unit are not included here.

Standard projections:

These incorporate the GLA's 2012 round standard ward population projections utilising the borough's own choice of development data.

These projections are constrained to development and assume constant household formation rates consistent with data from the 2011 Census

Bromley January 2013

Alternate projections

Incorporate GLA's 2012 round trend-based variant ward population projections.

These use development data to distribute population within the borough, but the overall borough population is constrained to the GLA's 2012 round Trend-based projection.
