3. BACKGROUND INFORMATION

- 3.1 With the significant national and local changes in education and the acceleration of the academisation of schools, school governance has become a topical issue and a priority for Members and Officers in supporting school improvement.
- 3.2 All LA maintained schools are required to have LA representatives on their governing bodies. Although academies are not required to have an LA representative, 13 of our existing 31 academies have retained an LA representative. Appendix 1 shows those academies with/without LA Governors.
- 3.3 The 'make-up' of a Bromley maintained school governing body is detailed in the Constitution of Government for the individual school; for each academy it is laid out in the Articles of Association as agreed with the DfE.
- 3.4 A primary role of governing bodies is to contribute towards the effectiveness of a school's leadership team, holding the senior leadership team to account. The effectiveness of a governing body is judged by Ofsted as part of the overall leadership and management grade, which is a limiting judgement for a school's inspection.
- 3.5 The roles and responsibilities of an LA Governor are clearly laid out in statue. At the meeting of the School Governance Working Party on 12 March 2013, the role was clearly defined as follows in line with the school governance regulations:

"Local Authority Governors are appointed by and represent the Local Authority on a school or academy Governing Body. They should consider the views and advice of the Local Authority but are not delegates. Like other categories of governor, they cannot be directed to present a particular point of view. They should act in the best interests of the pupils and the community which the school or academy serves".

- 3.6 LA Governors are appointed by the LA and, therefore, can also be removed under the Regulations by the LA. This can be a substantial advantage to a school if governance is deemed to be ineffective, as the LA can support school improvement by appointing and directing a strong LA governor or, equally, by removing an ineffective LA Governor.
- 3.7 LA governors, like all school governors are subject to a DBS check as appropriate. There is no statutory requirement for any Governors to have a mandatory DBS clearance their role and contact with children would have to be considered.

4 **RECOMMENDATIONS OF THE WORKING PARTY**

- 4.1 The School Governance Working Group met on 12 March 2013 and agreed a number of recommendations. These are detailed at **Appendix 2**, along with proposals for action, timescales and financial implications for the Service.
- 4.2 Additional information on schools that have subscribed to the Bromley LA Governor Services' Training Programme 2013-14 is included at **Appendix 3**.

5. POLICY IMPLICATIONS

The recommendations and actions in this report would support the delivery of priorities for children and young people as set out in the Council's Education Commitments and agreed at the Council Meeting of 21 January 2013 to work to improve school governance.

The recommendations and actions in this report also support the work programme as set out in the Education Portfolio Plan 2013: to promote educational opportunity in the borough, ensuring all families have a choice of good and outstanding schools and early years; and to work with governing bodies, the Department for Education and others to expand popular and successful schools and create additional early years' capacity.

6. FINANCIAL IMPLICATIONS

All actions arising from the implementation of recommendations in this report will need to be met within existing resources.

7. LEGAL IMPLICATIONS

The local authority has a number of statutory duties pertaining to governing bodies of schools: to make the Instrument of Government for all maintained schools and federations of schools (DfE 067); to appoint local authority governors to all maintained schools and to give notice of the removal of any local authority governor (DfE 066); to provide training and information for school governors (DfE 068); to appoint additional governors if the school is eligible for intervention (DfE 117).
