EDUCATION PORTFOLIO

Notes on Budget Variations in 2015/16

Ref Comments

- 2 Increased Costs (Dr £100k)
Inflation of £100k has been allocated to budgets for contracts, SLA's and income. No inflationary increase has been applied to salaries in relation to 2015/16.

Full Year Effect of Allocation of Central Contingency

- 3 Education Services Grant (Dr £1,004k)
This relates to the full year effect of the reduction in ESG income due to academy conversions during 2014/15.
- 4 Closure of the Secondary Outreach service (Dr £138k)
The closure of the secondary outreach service has resulted in the loss of income and recharges to DSG funded services which covered corporate overheads.
- 5 Increase in insurance premiums (Dr £7k)
An overall allocation of £116k was made from the contingency in respect of the insurance premium increase arising from the tendering of the Council casualty insurance arrangements in 2014. This was reported to the Executive & Resources PDS Committee on 5th June 2014.

Movements Between Portfolios/Departments

- 6 Ex-EFA placements adjustment (Dr £28k)
This adjustment relates to inflation on the former EFA-funded element of Learning Disabilities placements.

Real Changes

- 7 Youth Service redesign (Cr £551k)
Redesign of the Youth Service provision
- 8 Reorganisation of Schools and Early Years Commissioning & QA (Cr £130k)
This relates to reorganisation of the service including charging an additional element to DSG.
- 9 Children's Centres (Cr £120k)
Increase in income generation from children's centres
- 10 Reorganisation of contracts (Cr £48k)
Due to reduced need for certain contracts, it is proposed to cease them and meet any future requirements within remaining resources
- 11 Charge 50% of Capital Manager post to Capital (Cr £33k)

As the majority of the Education Capital Manager post's time is spent on the design and execution of capital projects, it is right that this element of the post is charged to capital and thus resulting in a revenue saving.
- 12 Essential car users (Cr £20k)
Savings to essential car user allowances
- 13 Variations in Capital Charges (Dr £4,202k)

The variation on capital charges, etc is due to a combination of the following:

(i) Depreciation – the impact of revaluations or asset disposals in 2013/14 (after the 2014/15 budget was agreed) and in the first half of 2014/15;

(ii) Revenue Expenditure Funded by Capital Under Statute (REFCUS) – mainly due to a significant general increase in the value of schemes in our 2015/16 Capital Programme that do not add value to the Council's fixed asset base.

(iii) Government Grants – mainly due to a significant increase in credits for capital grants receivable in respect of 2015/16 Capital Programme schemes, which are used to finance expenditure that is treated as REFCUS.

These charges are required to be made to service revenue accounts, but an adjustment is made below the line to avoid a charge on Council Tax.

14 Variations in Recharges (Dr £51k)

Variations in recharges are offset by corresponding variations elsewhere and have no impact on the overall position.

15 Variations in Building Maintenance and Insurances (Cr £24k)

Repairs and Maintenance: This relates to the realignment of repairs and maintenance budgets to reflect business priorities. There are corresponding adjustments in other portfolios and these net out to zero in total.

Insurance: Insurance recharges to individual portfolios have changed between years, in some cases significantly, partly because we have factored in an extra year of claims experience since the 2014/15 budget was finalised and partly because of increased General Fund charges as a result of further academy conversions (academies are not permitted to be covered by the Council and conversions lead to costs having to be spread across fewer services/establishments). Premium renewals for 2015/16 are currently being negotiated and the current difficult market conditions mean that there may be significant premium increases, which could have a further impact on the 2015/16 budget figures.

16 Variations in Rent Income (Dr £0k)

This relates to the reallocation of rental income budgets across departments / portfolios. There are corresponding adjustments in other portfolios and these net out to zero in total.
