1. SUMMARY

- 1.1. In preparation for consultation a draft of the PNA has been prepared.
 - 1.2. The Health and Social Care Act 2012 gave the Health and Wellbeing Board (HWB) the statutory duty to develop and publish a Pharmaceutical Needs Assessment (PNA) by 1st April 2015. Requirements for a PNA are set out in the National Health Service (Pharmaceutical Services and Local Pharmaceutical Services) Regulations 2013. These regulations cover the minimum information to be included in a PNA, the matters which must be considered, and the process to be followed. This process includes formal consultation with specific stakeholders for a minimum of 60 days.
 - 1.3. The statutory consultation period for the PNA ended on 22nd December, and a final draft including the consultation report has now been prepared. This is available [here](#).
-

4. COMMENTARY

Introduction

- 4.1. The Health and Social Care Act 2012 gave the Health and Wellbeing Board (HWB) the statutory duty to develop and publish a Pharmaceutical Needs Assessment (PNA) by 1st April 2015. Requirements for a PNA are set out in the National Health Service (Pharmaceutical Services and Local Pharmaceutical Services) Regulations 2013. These regulations cover the minimum information to be included in a PNA, the matters which must be considered, and the process to be followed. This process includes formal consultation with specific stakeholders for a minimum of 60 days. The PNA lasts three years, but must be kept up to date and supplementary statements published. If there is a change in circumstances that cannot be addressed through a supplementary statement, a new PNA must be written.
- 4.2. A PNA is a key commissioning tool to ensure that local areas have high quality pharmaceutical services that meet needs. A PNA sets out the community pharmaceutical services that are currently provided and gives recommendations to address any identified gaps, taking into account future needs. A PNA supports the commissioning intentions for pharmaceutical services and other services that could be delivered by community pharmacies and other providers.
- 4.3. The completed PNA will inform commissioning decisions by NHS England (Area Teams) on certain pharmaceutical services and may inform the Local Authority, and potentially the Clinical Commissioning Group (CCG), on services not legally termed 'pharmaceutical services' that may be commissioned from pharmacies.
- 4.4. The Health & Wellbeing Board needs a thorough and robust PNA that complies with the regulations and follows due process. This will ensure that community pharmacy services are provided in the right place and that commissioned services meet the needs of local communities.

Current position

- 4.5. The PNA Steering Group, together with the commissioned provider (PCC – Primary Care Commissioning) has prepared the final version of the PNA ready for publication. The final version of the PNA has been circulated to members of the Board with this paper.

Consultation

- 4.6. Formal consultation on the PNA is a statutory requirement. The consultation ran between 17th October and 22nd December. The final version of the PNA includes the consultation report.

Risks

- 4.7. The Health & Wellbeing Board have a statutory duty to publish the PNA by 1st April 2015, and we are on course to deliver this responsibility.
- 4.8. The PNA will be included on the Corporate Risk Register as there is a potential for legal challenge if the PNA is considered not to be compliant with regulations or not to have followed due process and not be sufficiently robust to allow for reasonable commissioning decisions to be made. The risk is being mitigated by the processes being followed.

Health & Wellbeing Board Decisions

- 4.9. The Health and Wellbeing Board are asked to agree the final version of the PNA for publication at this meeting.

5. FINANCIAL IMPLICATIONS

5.1. The cost of the PCC contract to deliver the PNA is £41,000. There is an ongoing maintenance cost of up to £5,000 pa.

6. LEGAL IMPLICATIONS

6.1. The Health & Wellbeing Board have a statutory duty to publish the PNA by 1st April 2015, and we are on course to deliver this responsibility.

6.2. There is a potential for legal challenge if the PNA is considered not to be compliant with regulations or not to have followed due process and not be sufficiently robust to allow for reasonable commissioning decisions to be made.
