---

1. Summary

- 1.1 This is the updated information for Members on the academy conversion programme as at 16<sup>th</sup> February 2015. There are fifty nine (59) academies within Bromley, no increase since the last report was presented. Thirteen more schools are in the process of converting and a further nineteen are in the initial stages of exploring conversion. Thirteen schools converted in 2013/14 and fifteen have converted in 2014/15 to date.
- 1.2 Of the 20 Primary schools who at present do not have finalised plans for conversion, all but 5 are actively considering their options according to current knowledge. Other schools may be delaying developing plans for conversion due to prioritising school improvement plans, for example in response to OfSTED inspections or to obtain 'Good' inspection ratings which in turn broadens their options for conversion.
- 1.3 Of the thirteen schools in the process of converting, six are estimated to convert by April 2015 although timescales are subject to change.
- 1.4 In line with feedback from the Chairman of the Education Policy & Development Scrutiny Committee this briefing report no longer provides the detailed summary of academy conversions that have been completed and reported previously. This can be provided to Members upon request.

**2. THE BRIEFING**

- 2.1 Overall Summary of the Academy Programme as at 16<sup>th</sup> February 2015.

Type	Converted		Maintained - Conversion in Progress		Maintained - Exploring Conversion		Maintained – Not Actively Exploring Conversion		Total
