Appendix 3- Timescales for Local Plan	33

1.0 Introduction

- 1.1 Under the Planning and Compulsory Purchase Act (2004) every local planning authority has a responsibility for reporting the extent to which the policies set out in local development plans are being achieved. To this end, Bromley Council has produced an AMR every year since 2006.
- 1.2 The Localism Act 2011 (and Town and Country Planning Regulations 2012) removes the requirement for local planning authorities to produce an Annual Monitoring Report for the Department of Communities and Local Government (CLG). However, the Act retains the overall duty to monitor the implementation of the Local Development Scheme and the extent to which the policies set out in the Local Development Documents are being achieved. For this reason the Council will continue to publish an AMR at least annually but subsequent versions will take on a slightly different form. The Localism Act gives more flexibility as to when and how often an AMR is prepared.

Background

- 1.3 This is the tenth Local Development Framework Annual Monitoring Report now called the Local plan - Authority Monitoring Report (AMR).
- 1.4 The requirement for a local authority to produce an Authority Monitoring Report is set out in Section 113 of the Localism Act 2011. The Act requires every authority to produce a yearly report containing information on the implementation of the Local Development Scheme, the progress and effectiveness of the Local Plan and the extent to which the planning policies set out in the Local Plan documents are being achieved. Further changes to monitoring guidance are contained within the 2012 Local Planning Regulations
- 1.5 Changes have occurred within the planning system over the past monitoring year, with the introduction of new permitted development rights under the General Permitted Development Order 1995 (as amended) and the National Planning Practice Guidance (March 2014).
- 1.6 This AMR covers the period 1st April 2013 to 31st March 2014.

Bromley Profile

- 1.7 Bromley makes up one of the 33 London Boroughs and is the largest geographically. With a population of just over 306,000 in 2011 and an area of 64 sq miles, Bromley has the fourth highest population amongst the London boroughs.
- 1.8 The Borough occupies a strategic position in the South East of the Capital and South East with rail connections to Central London and easy access to the M25 and National Rail Network and major South East airports.

- 1.9 Bromley is a distinctive part of London's suburbs that is closely connected to London's economy and itself has one of the largest borough economies south of the Thames. Open countryside, protected by the Green Belt that encircles London, makes up over half the Borough. The areas of Green Belt in the Borough has many characterises in common with the rural parts of Kent and Surrey.

Bromley's Population

Population 1991 (Census)	294,723
Population 2001 (Census)	295,532
Population 2011 (Census)	306,361

Bromley's Local Plan

- 1.10 The term Local Plan was introduced by the National Planning Policy Framework (NPPF) and the Local Planning Regulations 2012. A local plan is a document that contains policies on the development and use of land, the allocations of sites for a particular type of use and development management and site allocations policies.
- 1.11 The London Borough of Bromley is in the process of replacing the saved policies from its adopted Unitary Development Plan (2006) with a new Local Plan, incorporating Bromley Town Centre Area Action Plan (AAP) and Supplementary Planning Documents (SPDs).

2.0 Report Highlights

- 2.1 The highlights of the report are set out in two key sections, progress in the plan making progress outlined in the Local Development Scheme and the monitoring results from the saved policies within Bromley's UDP and other core indicators.
- 2.2 **Key aspects of the Local Development Scheme:**
- Bromley Town Centre Area Action Plan (adopted October 2010) continues its implementation. A development programme document for the delivery of the projects continues to be regularly updated.
 - A substantial programme of public consultation commenced in February 2014 on the Draft Policies and Designations stage of the Local Plan preparation This included a 'Call for Sites' which while formally finishing in April 2014, sites and comments continued during 2014.

- 2.3 **Key findings of the Policy Progress Section:**

- The introduction of Permitted Development Rights, (subject to Prior Approval) to change from office to residential introduced at the end of May 2013 saw significant interest in the Borough. Prior Approval was granted for nearly 4,000 sq metre of office floorspace.
- The number of vacant units in the Borough's main town centres has remained largely unchanged.
- 605 homes were built in the period 2013-2014 which exceeded the 2011 London Plan figure of 500 units for the year.

3.0 Development Plan Production

- 3.1 The Council published a revised Local Development Scheme in Autumn 2013 as required by Government, illustrating how the preparation of the development plan documents would be managed. It was considered by the Development Control Committee on 12th September 2013 and referred to the Executive and agreed at its meeting on 16th October 2013. This included an indicative programme for preparing a Community Infrastructure Levy .
- 3.2 Following the consultation on the ' Options and Preferred Strategy' consultation in Spring 2013, and the reporting of the responses to the LDFAP and DCC in the Summer it was agreed that the Preferred Options be progressed to draft policies and site allocations, and the evidence base updated as necessary. The issues of non-conformity with the London Plan were highlighted and Members advised that there would need to be further work in these areas, including discussion with the GLA to find a way forward.
- 3.3 Specific issues/thematic areas were considered by the LDFAP over the year taking the Preferred Options from the 'Options and Preferred Strategy' consultation document through to draft policies and site allocations. The Draft Policies and Designation Document was published in February 2014 with consultation formally ending on the 24th March 2014. This consultation included a 'Call for sites' inviting sites to be submitted for consideration as potential Site Allocations within the emerging Local Plan. The purpose of including Site Allocations is to support the delivery of the Local Plan. Responses to the general consultation and call for sites continued during 2014.
- 3.4 In early 2014 coinciding with the Council's consultation the Mayor of London issued his Further Alterations to the London Plan (FALP). With significant implications for the Borough including an increased housing figure of 641 per annum (up from 500), Bromley Town Centre, proposed as an 'Opportunity Area' , modifications to the residential parking standards, downgrading of the office guideline classification for Bromley Town Centre and Orpington Town Centre the Council made representations. This included representation to the Examination in Public in September 2014. The FALP was later consolidated into the London Plan 2015. Although outside the time for this AMR included as an important matter for the Borough and the Local Plan.

- 3.5 As the Council's Local Plan has to be in 'general conformity' with the London Plan, the resultant amended London Plan sets the context for the preparation of the Draft Local Plan. To align with the new timescale for the preparation of the Local Plan and a Bromley Community Infrastructure Levy the LDS has been revised in March 2015 and Diagram to reflect the more recent changes and is included as Appendix
- 3.6 Updates on the timescales for the Local Plan have been made available on the Council's website outlining the LDS as seen in Appendix 3. The LDS has been updated in March 2015, outside of the formal monitoring period for this AMR.

Bromley Town Centre Area Action Plan

- 3.7 In accordance with the adopted Bromley Town Centre Area Action Plan the Council's Town Centre Development Programme has progressed towards the delivery of the various specified opportunity sites.
- 3.8 The construction of St Mark's Square (Site K) is still in progress, with expected completion in 2016. The Bromley North Village Improvement programme is still underway and expected to be completed by November 2014. The Council terminated its partnership with Muse, the preferred development partner for site G, in March 2014 and will next be considering a revised development approach for the opportunity site. A planning application for Site C (The Old Town Hall) is expected to be submitted by the Cathedral Group in late 2014/early 2015.
- 3.9 The following tables summarise the core and local indicators which have been assessed in terms of their policy performance during the period 2013-14.

Summary of performance

Core output indicators

Indicator	
Business development and town centre COIs	
BD1	Total amount of employment floorspace on previously developed land by type
BD2	Floorspace on previously developed land
BD3	Employment land available by type
H1	Plan period housing targets
H4	Gypsy & Traveller pitches
H5	Gross affordable housing completions
E1	Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds
E3	Renewable energy generation

W1	Capacity of new waste management facilities by waste planning authority
W2	Amount of municipal waste arising and managed by waste planning authority

Local indicators

Local Policy Objective 1:	Vacancy rates in town centres
Local Policy Objective 2:	Number of A1 uses in Primary Frontages
Local Policy Objective 3:	To encourage energy efficiency and promote environmentally acceptable energy generation and use.
Local Policy Objective 4:	Number of applications safeguarding or achieving the provision of services/facilities for the community

4.0 Business Development & Town Centres

- 4.1 This section of the AMR reports on indicators in relation to employment land, retail and town centres.
- 4.2 The Borough's main employment centres are Bromley Town Centre, Orpington, Beckenham, Penge, Petts Wood and West Wickham. The main Business Areas are located within St.Mary Cray, Lower Sydenham, Elmers End and Biggin Hill.
- 4.3 Bromley Town Centre is the main location for the Borough's office-based businesses.

Indicator	Core BD1: Total amount of additional floorspace – by type
Current Position	B1(c)/B2 = 2,640 sqm B8= 13,334 Sqm

Indicator	Core BD2: Total amount of employment floorspace on previously developed land
Target	100%
Progress/Target met	100%

Indicator	Core BD3: Employment land supply by type
------------------	---

Current Position	Total land designated Business use = 902,818.6 sqm (land allocated with the UDP as Business Area).
------------------	--

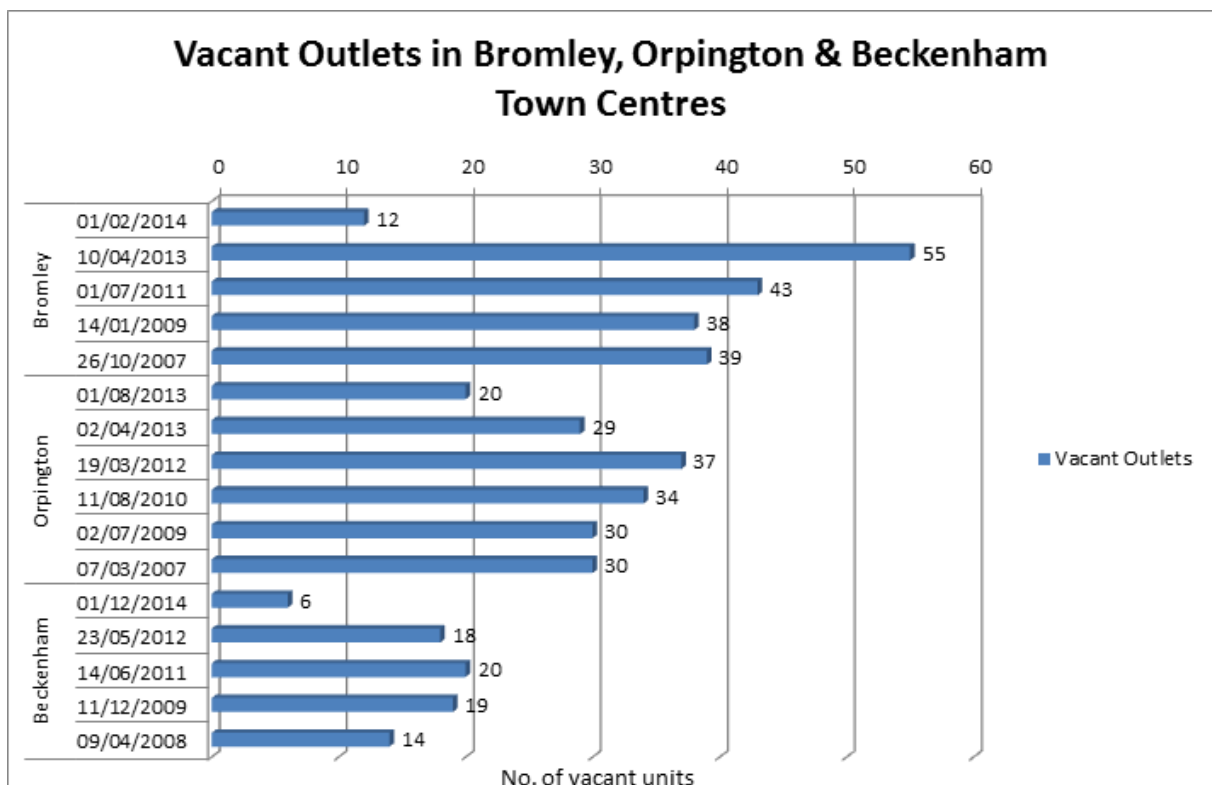

- 4.4 There has been no change in the total land allocated as Business Use.
- 4.5 However, in May 2013, the Town and Country Planning (General Permitted Development) Order 1995 (as amended) allows premises in B1(a) office use at this date to change to C3 residential use, subject to prior approval covering flooding, highways and transport issues and contamination. Approximately 3946sqm of office floorspace has been granted permission to change to residential since this change came into effect. Of this figure, 2169sqm has already been implemented. All prior approval permissions must be built by the end of May 2016 deadline.
- 4.6 Bromley Town Centre and its surroundings are by far the largest centre of employment in the Borough. There are nearly 26,000 jobs based in the area, about a quarter of all jobs in the Borough. Orpington is also a significant employment and secondary office location and the Borough's second largest retail centre.
- 4.7 The Borough's Town Centres continue to be important to attracting a wide range of residents and visitors for shopping, cinema, theatre and restaurants. Bromley Metropolitan town centre remains the Borough's main shopping destination and also enjoys a healthy evening economy with people visiting the Theatre, Pavilion (for leisure purposes), restaurants and bars.
- 4.8 Orpington functions as a strong and vibrant Major centre, offering a good range of shopping, leisure and public amenities. In September 2012 planning permission was granted for the demolition of Crown House and erection of a 7 screen (950 seat) cinema, 3 x restaurants and 4 x retail units in the Walnuts Shopping Centre. The owner is seeking to implement a comprehensive improvement programme for the Walnuts Shopping Centre which will see Crown Buildings redeveloped for additional retail floor-space and a cinema. Authority was obtained to sell the Council's freehold interest in an area adjoining Crown Buildings which is required for the scheme. The Crown Buildings were demolished and the developer has pre-let a sufficient number of the new units. Construction on the site started in early 2014.
- 4.9 Beckenham is the biggest of the five District Centres having a mixture of shops, restaurants, supermarkets, night-club and bars. The London Plan also identifies Beckenham as having a strong evening economy.

Retail Hierarchy

Centres	Retail Hierarchy
Bromley	Metropolitan Centre
Orpington	Major Town Centre
Beckenham Penge Petts Wood West Wickham	District Centres
Biggin Hill Chislehurst Hayes Locksbottom Mottingham	Local Centres

- 4.10 A network of smaller Local Centres and Neighbourhood Parades primarily offer convenience and 'top up' shopping and services to their localities.
- 4.11 Bromley produces a Survey of Shop Frontages ever. The last publication covered the period July 2010-2011. The next publication is in 2015/6. s.

Vacant shop premises

Source: GOAD

- 4.11 The Goad centre reports show all three centres are still performing robustly in terms of vacant outlets compared to the national average with a fall in vacancies in early 2014 in line with national trends.
- 4.12 The Borough's Town Centre Managers own recording of vacant units (which measures vacant upper as well as lower units). The data for Bromley Town Centre show an increase in the number of vacant units since 2011, however, the rebranding of The Glades shopping centre in summer 2013 has shown investment in the centre has brought about new retailers including The White Company & the Apple store.
- 4.13 The table below shows recent trends in footfall in Bromley, Orpington and Beckenham town centres. Pedestrian flows "footfall" are key indicators of the vitality of town centres. The Council carries out footfall counts every December.

Town Centre Data	
Bromley - December	
Year	Footfall - December*
2007-08	167,464
2008-09	214,338
2009-10	216,450
2010-11	198,624
2011-12	204,750
2012-13	198,852
2013-14	188,094

*Bromley Footfall is a calculation of a Saturday & Sunday footfall combined

Town Centre Data	
Orpington - December	
Year	Footfall - December
2007-08	48,435
2008-09	60,984
2009-10	39,336
2010-11	24,084
2011-12	33,084
2012-13	42,468
2013-14	42,216

*Orpington Footfall for the period 2010-11 is considerably lower due to adverse weather conditions on day of count.

Town Centre Data	
Beckenham - December	
Year	Footfall December
2007-08	25,260
2008-09	18,966
2009-10	26,304
2010-11	No data
2011-12	22,746
2012-13	25,158
2013-14 *	20,730

*Beckenham Town centre footfall count for December 2013 took place on a day with high winds and heavy rain- explaining particularly low figure

4.15 In Orpington footfall has held steady in comparison with previous years. In Beckenham the footfall count for December 2013 was lower than expected due to the count taking place on a day of extreme weather. In Bromley the count was lower than expected due to the ongoing street works which had commenced in summer 2013 and had reduced accessibility to some parts of the town centre in the run up to December. For Bromley more reliable method of monitoring via automatic people counters are now in place. The following table shows the monthly count for Bromley from April 2013 to March 2014. Note that this is the first full financial year with complete data so it is not possible to provide comparison with previous year data.

Monthly Customer count	
Bromley Town Centre- Both cameras	
Month	Total Visitors
Apr-13	813,232
May-13	805,603
Jun-13	897,971
Jul-13	977,971
Aug-13	984,858
Sep-13	889,074
Oct-13	917,368
Nov-13	950,921
Dec-13	1,289,481
Jan-14	836,423
Feb-14	763,891
Mar-14	777,490

Source: SPRINGBOARD

4.16 The data below measures the degree to which Class A1 uses predominate in the busiest parts of the Borough’s town centres and use data from the latest GOAD maps.

A1 (shop) uses in core (primary) frontages

Percentage of A1 (retail use) in Bromley Town Centre Primary Retail Frontages (High St only)	
Target:	Retain over 50% of A1 units in primary retail frontage
Current Position:	71.93% of units in core frontages A1 use

Percentage of A1 (retail use) in Orpington Town Centre	
Target:	Retain over 50% of A1 units in primary retail frontage
Current Position:	76.97% of units in core frontages A1 use

Percentage of A1 (retail use) in Beckenham Town Centre	
Target	Retain over 50% of A1 units in primary retail frontage
Current Position:	64.77% of units in core frontages A1 use

4.17 The above figures show that Bromley, Orpington & Beckenham retained over 50% of shops A1 use class within primary retail frontages.

5.0 HOUSING

5.1 The 2011 London Plan sets an annual monitoring target of 500 units per annum for the period 2011/12-2020/21.

Indicator	Core H1: Plan period and housing targets
Target	500 units per annum 2011/12-2021/22 = 500 units (London Plan 2011).
Progress/ Target met	605 net units completed in 2013-14

Five year supply position

5.2 The Council's five year housing supply paper was updated by the Council in September 2014. The paper was based on the London Plan period of 2011/12 - 2021/22 to which an annual housing completion target of 500 units relates. An estimate for 2013/14 completions of 600 units was included in the Paper which was in line with actual completions for this time period. In comparison, 646 units were completed in 2012/13, 566 units in 2011/12 and 672 units in 2010/11.

5.3 During the five year housing supply period of 2014/15 – 2018/19 the Council's Paper (September 2014) showed that the Borough needs to deliver 2277 units. The NPPF requires boroughs to demonstrate an additional 5% buffer in their five year supply documents that would increase the figure from 2277 to 2391 units. The Paper showed that there are 2424 deliverable units in the pipeline and concluded that Bromley is able to meet its five year supply target.

5.4 The Council's five year housing supply paper will be formally updated on an annual basis and represents the most current position on housing supply for the Borough. For information, a further five year housing supply update has been produced for June 2015 covering the period 01/04/2015 – 31/03/2020 and incorporates the increased annual housing supply target of 641 units for the Borough (London Plan, 2015).

5.6 The total number of dwellings completed as affordable housing in 2013/14 was 51 units in comparison with 161 units in 2012/13 and 213 units in 2011/12.

Indicator	Core H4: Net additional pitches (Gypsy and Traveller)
Target	The London Plan (2011) does not set borough targets, but requires in Policy 3.8 that local authorities ensure that the accommodation requirements of gypsies and travellers (including travelling show people) are identified and addressed in line with national policy, in co-ordination with neighbouring boroughs and districts as appropriate.
Progress/Target met	<ul style="list-style-type: none"> • The Council has consulted on it's emerging "Travellers Accommodation" policy in the Draft Policies and Designations Consultation (Feb 2014). The draft Local Plan is supported by an evidence base / needs assessment and the draft policy sets out the approach to addressing the identified need. • An appeal for 5 pitches on an existing private traveller site was granted permission on appeal (Aug 2013). These pitches have been incorporated into the Local Plan evidence base and contribute to meeting the identified need. • In October 2013 the Court of Appeal quashed an Inspectors decision (July 2011) to refuse temporary planning permission on an unauthorised site.

6.0 The Natural Environment

Indicator	Core E1 – Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds
Current Position	None

Indicator	Local Policy Objective 2: To encourage energy efficiency and promote environmentally acceptable energy generation and use
Current Position	All major applications are required to include details of how the proposed development will meet or preferably exceed building regulations

Indicator	Core E3 – Renewable energy generation
Current Position	A reduction in CO2 emissions of 20% from (on-site) renewable energy is expected from all major developments unless it is proven not to be feasible

Indicator	Core W1 – Capacity of new waste management facilities by waste planning authority
Current Position	No new facilities have been granted or completed within the reporting period

Indicator	Core W2: Amount of municipal waste arising and managed by type by waste planning authority
Current Position	<p><u>2012-2013 figures</u></p> <p>Total municipal waste = 145,577 Household waste = 125,794 Landfill= 37,732 Incineration (waste to energy) 44,794 Dry recycling = 36,560 Composting = 25,459 Inert waste = 1,033 Recycling rate = 50%</p>

- 6.1 In terms of core indicator W1, there were no changes in capacity made to the two Civic Amenity sites (Churchfields Road, Penge and Waldo Road, Bromley). The London Plan (2008) consolidated with alterations since 2004 has set a target (Policy 4A.21) for London to be 85% self-sufficient in dealing with its waste by 2020 and the tonnage allocations required by each borough to reflect this. All boroughs are required to set aside sufficient land to manage this waste. In Bromley, existing waste management sites will be safeguarded through the Local Plan process, with future provision being dealt with on a sub-regional basis.

7.0 Built Environment

- 7.1 During 2013-2014, 982 applications were considered within conservation areas and 50 applications were received for listed building consents.
- 7.2 The Council's Advisory Panel for Conservation Areas (APCA) met on 12 occasions and considered approximately 240 applications. A total of 815 address points are listed on the statutory list with 2155 address points listed on the local list.
- 7.3 Just over 9000 hectares of the Borough is Green Belt or Metropolitan Open Land. It is estimated that there is about 4 hectares of publicly accessible open space per 1000 population.
- 7.4 275 applications were submitted in 2013/14 in respect of Green Belt, Metropolitan Open Land and Urban Open Space. All of the applications related to householder extensions, certificates of lawful development, advertisement and change of use applications. The loss of Green Belt, MOL and UOS was minimal.
- 7.5 Bromley is well served in terms of playing fields and outdoor recreation facilities. An audit of playing pitches and open spaces (2003) confirmed that the Borough has a total of 488 pitches of which 293 (60%) are secured for community use. At that time, the ratio of adult pitches per 1000 adults has 1:735, which was above that of all other London Boroughs and above the estimated national average of 1:989 people. Based on the situation at that time, the audit indicated that the Borough had a playing field standard of 0.9ha per 1000 population.

8.0 Community Facilities

- 8.1 86 applications relating community facilities were on determined for a range of development proposals in 70 community facility locations. Of these 6 applications were refused. All but 4 of the 27 less complex applications (amendments, variations of conditions, listed buildings consents, tree preservation orders, demolition consents and a certificate of lawfulness) were permitted, consented or allowed.
- 8.2 A further 4 applications were submitted but subsequently withdrawn and 7 pre application cases were addressed.
- 8.3 Trends in respect of the more significant applications are set out below. Although there were fewer applications relating to community facilities during the period, than in the previous year, the continuing pressure for school expansions bucks that trend.

Education

- 8.4 Of the 86 applications lodged, 37, relate to school provision and 3 relate to day nurseries. These proposals reflect the population trends which continue to impact on early years and the primary school sector, and which became apparent in the previous two AMRs with the provision of additional primary places. They also reflect a response to the changes in secondary provision resulting from the increase in the school leaving age.
- 8.5 Significant developments include a new 2 storey building to provide 20 classrooms at Bullers Wood School for Girls as well as additional new teaching space at a number of primary schools, including Scotts Park Primary, Clare House Primary, Worsley Bridge
- 8.6 2 pre application cases were considered.
- 8.7 Whilst no school applications were refused 2 were withdrawn, one relating to a proposal for 2 additional classrooms and parking expansion and another relating to the felling of a tree .

Health and Social Care

- 8.8 5 applications were received and 1 refused and another 1 withdrawn.
- 8.9 Three minor applications were made in relation to care homes / day care centres and a minor amendment to a former care home site. (which already benefits from a permission for residential development)

Sports and Recreation

- 8.10 12 applications were determined relating to sports facilities. Whilst the majority did not increase the capacity of the facilities, relating to trees,

signage, telecoms etc. the applications included a new single storey pavilion building at Old Wilsonians Sports Club and the erection of a replacement clubhouse new changing facilities and multi-purpose hall at Orpington Sports Club. In addition, a single storey extension was made to the gymnasium at Park Langley Tennis Club.

- 8.11 A Pre-application was made for four detached houses on the site of Cyphers Indoor Bowling Club which was accepted but a full application is yet to be filed.
- 8.12 Farnborough Sports Club had their application to use one of their existing buildings as a Nursery during the week, accepted.

Places of Worship

- 8.13 13 applications and 3 pre-application cases related to the sites of places of worship. This included enhancements to facilities and tree works on a number of sites
- 8.14 The proposals also included the redevelopment of church / church hall sites for residential development at St Michael And All Angels Church Ravenscroft Road, Beckenham and West Wickham Methodist Church And Church Hall Hawes Lane. Additionally Pratts Bottom Free Church Hall was given permission for use as a day nursery,

Public Conveniences

- 8.15 Applications first seen last year, relating to the sale of a number of public conveniences continue to be received. Notably including the permission for the change of use to retail (class A1) of the former Petts Wood public convenience building

Other Community Facilities

- 8.19 Six applications were received relating to minor alterations and enhancements to community halls and a further four applications relating to the conversion or redevelopment of redundant police stations in Penge and Orpington

Appendices

Appendix 1 List of all the S106 agreements agreed in 2013-14.

Appendix 2 List of the saved & expired policies from the Local Plan

Appendix 3 Timescales for the Local Plan (revised)

Appendix 1 – S106 agreements 2013-2014

App No.	Address	Applicant	Application	Date	Legal Agreement
03/02319	Blue Circle Sports Ground Crown Lane Bromley BR2 9PQ	Asprey Homes	Mixed use development comprising erection of new medical centre/ nursing home/ affordable housing and open market housing at a density of between 50-80 dwellings per hectare/ children's playground/ consolidation of allotments/ bus interchange/ associated public open space/ access roads and car parking (OUTLINE)	27 th February 2013	Requires the applicant to pay £250,000 to the Council as an education contribution and provides the framework for a mediation process to determine any further education contribution or refund due (£250k paid 27.02.13. Total education contribution £500k subject to reassessment if necessary) SUPPLEMENTAL AGREEMENT
12/01843	20 - 22 Main Road Biggin Hill TN16 3EB	Cedar Rydal Limited	Residential scheme consisting of 9 dwellings (8x4 bed houses and 1x3 bed house), together with associated car parking, landscaping and ancillary development.	28 th February 2013	No affordable housing and no financial contributions On the commencement of development the owner and developer will pay the Major of London Cil Payment of £38,290 UNILATERAL UNDERTAKING
