

**EXECUTIVE & RESOURCES
PDS COMMITTEE**

6th January 2016

7. QUESTIONS TO THE RESOURCES PORTFOLIO HOLDER

1. From Councillor Ian Dunn -

Can the Portfolio Holder provide the number of households and the number of electors entitled to vote in local elections, broken down by ward for the electoral registers published in December 13, December 14 and December 15.

Reply:

A table with the information requested was circulated. It was suggested that this should be sent to all Members.

2. From Cllr Ian Dunn

Can the Portfolio Holder provide a copy of the presentation by Amey and Cushman & Wakefield to the Cabinet referred to in the letter to staff from Mr Brand dated 16 December in order that this committee can better understand the Total Facilities Management Project. (I appreciate that this may be a Part 2 answer.)

Reply:

Discussions are still ongoing with Amey and Cushman and Wakefield and whilst the presentation was intended to provide some information to the cabinet, then proposals in it were very much in draft form . Views are being taken on what aspects if any are acceptable or merit taking forward and I am aiming to bring a full report to the next Executive which can be fully scrutinised here and it may be better to look at the whole issue in the round rather than focus on one small aspect i.e. the presentation.

The Portfolio Holder added that it might be appropriate for the Contracts Working Group to consider the contract.
