Staff Feedback

	Description of issue /concern	How to manage:
1	Loss of GP posts. How will clinical input and expertise be provided?	
2	Concerns about capacity with the loss of staff, potential loss of staff during transition to new structure. (Is there a backup plan for expediting recruitment)	Expedite recruitment
3	Programme cannot be without trained staff for any length of time, recruitment for new position and/if further existing staff leave.	
4	Concerns about more generic Admin roles: <ul style="list-style-type: none"> • Recognition that Admin supports are specifically trained to manage the programme IT software, test results and pathways (Grade?) • Also disparity between the role in managing this quite diverse programme against other PH roles. 	Support in reassuring existing staff, to avoid losing them.
5	Accuracy of posts titles <ul style="list-style-type: none"> • Consultant in Public Health (Children) should read 0.8WTE • Title posts, should be Vascular Prevention Programme • Will nurses title change 	Correct titles in structure

Stakeholders Feedback

	Description of issue / concern	How to manage:
Public Health England		
	<ul style="list-style-type: none"> • A cut in childhood obesity programme when rates of overweight children remain high • Cessation of adult weight management programme, physical activity programme and smoking cessation programme against the HWB Strategy priorities and evidence of effectiveness • An uncertain picture regarding the school nursing programme • Clarity about future use of PH grant 	Discussions with Director of Public Health
Users of HIV peer-support service – engagement exercise		
	<ul style="list-style-type: none"> • It is a well informed and educated group that provides opportunities for learning and advice around self-management, as well as medical updates regarding current treatment and health information. • A safe, confidential and honest environment for people to discuss their diagnosis and helped combat the severe social • Advocacy support was for many invaluable at times when information regarding housing and welfare benefit had become unmanageable • There is no similar provision in the borough that provides a lifeline for people who are often extremely vulnerable. All service users said the closure of the service would have a “huge impact” on their resilience and quality of life.
