

London Borough of

BROMLEY

LOCAL DEVELOPMENT SCHEME

November 2016

Introduction

- 1.1 The Planning and Compulsory Purchase Act 2004 (The Act) requires the Council to prepare and maintain a Local Development Scheme. This document is the revised Local Development Scheme for Bromley, (also referred to as the LDS). It replaces the January 2016 version. This version has been prepared with regard to the Act and its associated Regulations which set out what is required of an LDS.
- 1.2 This LDS takes into account the changes in legislation and policy at a national and regional level and the resources available to the Council. It reflects the impact of continued planning reforms, and the London Plan, (as amended in 2016) with which the Local Plan will be required to be in general conformity.
- 1.3 The primary purpose of the LDS is to inform the public about local development plan documents for Bromley and the timescale for their preparation. Planning Practice Guidance (2014) states that local authorities should publish the timescale on its website and keep this up to date.
- 1.4 Bromley adopted its UDP in 2006, and ‘saved’ many of its policies in 2009. The Council subsequently worked on its Local Development Framework, and under this system adopted the Bromley Town Centre Area Action Plan and Supplementary Planning Documents for Affordable Housing, and for Planning Obligations. The Council is now preparing Bromley’s borough-wide ‘Local Plan’.
- 1.5 There are six different types of planning documents that could potentially be prepared. Their content varies from policies for the use of land, policies for involving the public in planning, guidance and information to procedural documents.
 - Development Plan Documents (DPDs)
 - Neighbourhood Plans
 - Supplementary Planning Documents (SPDs)
 - Community Infrastructure Levy (CIL) Charging Schedule
 - Statement of Community Involvement (SCI)
 - Authority Monitoring Report (AMR)

Development Plan Documents (DPDs) form the Local Plan for the Borough.

- 1.6 The Bromley Local Plan will be the borough-wide DPD which sets out the overarching strategy for the future development of the Borough to 2030 and detailed policies to manage new developments and incorporates strategic site allocations supporting its delivery. The Bromley Town Centre Area Action Plan (BTCAAP) is an existing adopted DPD (2010) covering a specific part of the Borough, and will therefore be reviewed once the Local Plan is adopted. When reviewed it will form part of the Borough’s Local Plan.

- 1.7 The statutory **Development Plan** for Bromley currently comprises the London Plan 2016, the 'saved' policies of the 2006 UDP, and the Bromley Town Centre Area Action Plan, and is set out in Diagram 1.
- 1.8 Local Development Documents must be in 'general conformity' with the London Plan, (the Mayor's Spatial Development Strategy).

Neighbourhood Plans

- 1.9 The Localism Act 2011 makes provision for Neighbourhood Plans, a new type of planning document to be prepared. Neighbourhood Plans are community-led documents which would be initiated through a Neighbourhood Forum and ultimately adopted by the Council as part of its development plan. Neighbourhood Plans have to be in 'general conformity' with strategic policies in the Local Plan for an area, and are subject to independent examination and a referendum.
- 1.10 There are currently no Neighbourhood Forums within the Borough and no proposals for Neighbourhood Plans.

Supplementary Planning Documents

- 1.11 Supplementary Planning Documents are used to amplify planning policy within development plan documents. There is no legal requirement for these to be included within the LDS, and this enables local planning authorities to respond as circumstances change. They do not form part of the 'Development Plan' for the Borough. However, they are 'material considerations' and provide additional detail to existing policy in the development plan or national policy. Where it is known they are likely to be prepared within the LDS timescale reference is made to them, but there is scope for additional SPDs to be prepared and information will always be published on the Council's website.
- 1.12 DPDs and SPDs are subject to public consultation. In addition, DPDs are subject to Sustainability Appraisals in their preparation to assess the economic, social and environmental effects of the plans. DPDs are submitted to the Secretary of State and an Examination in Public by a Planning Inspector.
- 1.13 The Town and Country Planning (Local Planning) England 2012 Regulations sets out the revised procedure for the preparation and review of Local Plans.

Community Infrastructure Levy (CIL) Charging Schedule

- 1.14 The Community Infrastructure Levy is a charge that local planning authorities may choose to levy on new development to fund infrastructure required to support growth and the delivery of the Development Plan for the area. To date, LB Bromley has used S106 agreements negotiated with developers to secure funding where needed as appropriate. However, restrictions to the pooling of S106 agreements

came into effect from April 2015 to avoid the use of S106 and CIL monies to pay for the same piece of infrastructure. The CIL Charging Schedule will set out the rates at which CIL will be charged for specific types of development.

Bromley's Current Position

- 2.1 The Council decided to move to preparing a Local Plan in line with the National Planning Policy Framework rather than a Local Development Framework which it started to prepare and adopted some documents.
- 2.2 The current Development Plan for the Borough comprises:
 - 'saved' policies from the 2006 UDP
 - Bromley Town Centre Area Action Plan (2010)
 - Affordable Housing SPD (2010)
 - Planning Obligations SPD (2010)
 - Supplementary Planning Guidance linked to the saved UDP policies
 - The London Plan (2015)
- 2.3 Diagram 1 illustrates this position.

Saved Policies

- 2.4 The Unitary Development Plan (UDP) 2006 was saved for three years after adoption by virtue of the Planning and Compulsory Purchase Act 2004. In 2009 the Council successfully sought a Direction from the Secretary of State to retain specific policies beyond this period. Appendix 1 lists the policies 'saved'.

Supplementary Planning Documents

The Council has two adopted Supplementary Planning Documents: 'Affordable Housing', and S106 Obligations'.

Supplementary Planning Guidance

The Council's existing supplementary planning guidance (SPG) can only remain in force while the relevant UDP policies are operational. All are currently linked to 'saved' policies and have been retained as a material

consideration in the determination of planning applications. Table 1 shows the current SPG linkages to 'saved' policies.

Preparation of the Local Plan

- 3.1 The Council signalled it would move to a Local Plan with the National Planning Policy Framework (2012) and incorporate the work undertaken so far to progress the Local Development Framework. This included the evidence base which continues to be updated as appropriate, and the Core Strategy Issues Document consultation from 2011. With the Bromley Town Centre Area Action (BTCAAP) adopted in 2010 it was agreed that it would be reviewed after the adoption of the Borough-wide Local Plan. The Borough-wide Local Plan would therefore only include those elements which required updating, for instance, the Bromley North site (former Opportunity Site A); originally included in the Bromley Town Centre Area Action Plan, Policy OSA Bromley North was quashed following a judicial review.
- 3.2 In 2012 the Council undertook consultation on its Local Plan 'Options and Preferred Strategy' in 2014 its 'Draft Policies and Designations' Document. The issuing of the Draft Policies and Designations Document overlapped with the Mayor of London consulting on the Further Alterations to the London Plan in early 2014. The FALP were consolidated into the London Plan in March 2015. Following the 2015 London Plan, the Council consulted on its Draft Allocations, Further Policies and Designations. The Mayor's minor alternative to the 2015 Plan were incorporated into the London Plan in March 2016. The Council is due to commence consultation on its Proposed Submission Draft Local Plan in line with Regulation 19 of the Town Planning Regulations 2012 as amended formally in mid-November 2016.
- 3.3 There is a period of transition between the old and new systems. The old system is represented by the 'saved policies of the 2006 adopted Bromley Unitary Development Plan (UDP) and currently these together with the Bromley Town Centre Area Action Plan form the Development Plan for the Borough together with the London Plan. Appendix 1 sets out the 'saved' UDP policies. The Government is starting to prepare a new London Plan with the intention to publish in 2019. This will have implications for the Borough and may require a renew of the Local Plan, in 2019/2020 beyond the timescale of this LDS.

Development Plan Documents

- 3.4 Bromley Borough Local Plan – this will set out the spatial vision and strategic objectives, policies for managing development in the Borough, it will identify the main sites where development or change is anticipated and include the proposals map identifying areas designated for protection or where areas where specific policies will apply. It will selectively update the Bromley Town Centre Area Action Plan 2010 with any amendments that are made during the Local Plan process.
- 3.5 While the Bromley Town Centre Area Action Plan forms part of the broader Local Plan, it will be reviewed following the adoption of the Borough-wide Local Plan, and will if required form an appropriate early partial review of the Borough-wide Local Plan.
- 3.6 In addition there will be a Community Infrastructure Levy (CIL) Charging Schedule
- 3.7 The timetable for the production of these three documents is detailed in Tables 2, 3 and 4 and shown in summary in Appendix 2. Diagram 2 shows the other documents involved as well.

Diagram 2

BROMLEY'S DEVELOPMENT PLAN (PLANNED)

Supplementary Planning Documents

- 3.8 The LDS is only required to set out the timetable for Development Plan Documents which have to be subject to an Examination in Public. However, the Council considers it useful to indicate the programme for the S106 Planning Obligations Supplementary Planning Documents which will be prepared alongside the introduction of a Bromley Community Infrastructure Levy.

Planning Obligations – The existing SPD will be reviewed in line with the Borough Local Plan and the introduction of the Borough's Community Infrastructure Levy (CIL).

Affordable Housing – It is anticipated that the existing SPD will be reviewed and updated in light of the Borough Local Plan following its adoption.

Character and Design – This would be a new SPD covering in the main the topics covered by the current SPGs regarding General Design and Residential Design and follow on from the Local Plan.

Other Documents

- 3.9 Local Development Scheme This document will be kept under review and progress monitored as part of the Authorities Monitoring Report.

Statement of Community Involvement (SCI) Bromley's Statement of Community Involvement (SCI) was reviewed in 2016 following public consultation and agreed by the Council's Executive in July 2016. This reflects the greater public access to, and use of information technology.

Neighbourhood Plans There are no current proposals for Neighbourhood Plans within the borough.

Authority Monitoring Report An annual AMR is reported to Development Control Committee and in addition monitoring information is made available on the Council's website and updated throughout the year.

Risk Assessment

- 4.1 The Council is required in the LDS to set out a clear timetable for the delivery of the local development documents. Therefore it is important to identify the risks that could affect the work programme shown and to consider how these can be minimised and mitigated. The main issue is the impact the risks could have on the programme, although it is important that the plan progresses in compliance with legislation and regulations and is found 'sound' at its Examination to ensure a robust up to date Local Plan at the end of the process.

Table 4 - Risk Assessment

Risk Identified	Likelihood/Impact	Management Action
New policy guidance being published part way through the plan preparation	Medium/high Conservative Government has continued the extensive reform of the planning system undertaken by the Coalition Government. Further changes are anticipated.	<ul style="list-style-type: none"> High level policy change is monitored. Plan has to be progressed on the best information available at the time. Seek advice from the GLA, DCLG and Planning Inspectorate as appropriate.
Loss of staff/reduction in staff resources/competing work priorities. Reduced ability of other departments and partners to contribute effectively and in a timely manner.	Medium/high The Council is going through a period of transformation. Loss of experienced staff will impact on the production of local development documents and ability to keep to the timescale. Many partner agencies are also experiencing substantial change and a reduction in resources which may impact on their ability to contribute as planned.	<ul style="list-style-type: none"> Staff input from other departments secured at Chief Officer level Recognition of the importance of the Local Plan and its priority over other work. Focus resources on the Local Plan and minimise non statutory work Use work experience, other planning colleagues to contribute Use consultants for specialist work subject to available funding If necessary and other alternatives exhausted timetable will need to be reviewed.
Need to meet Duty to Co-operate and undertake joint working with other authorities/partners	Medium/medium Other authorities and partners have their own priorities and timetables for development plans which	<ul style="list-style-type: none"> Regular Duty to Co-operate meetings with sub-region Liaison with other authorities and bodies through partnership

Capacity of the Planning Inspectorate and other agencies to support the process	Low/high Decisions taken nationally to change the resources of statutory agencies and their capacity to deal with consultations or the programme Examination process could cause delays	<ul style="list-style-type: none"> • Liaise with Planning Inspectorate in revising the LDS and keep PINS up to date if the timetable changes. • Maintain contact with key agencies to minimise prospect of slippage

Demand on staff and other resources to inform the preparation of a new London Plan and advance Bromley's position or update the Local Plan and supporting documents in light of the London Plan review.	High The GLA have started preparing evidence for a new London Plan, and are requiring information and contributions from Boroughs.	<ul style="list-style-type: none"> • Early and ongoing discussions with the GLA • Scheduling local evidence gathering and research where possible use london wide data and GLA resources where possible
Plan preparation needs to meet tests of soundness and legal requirements.	Medium Local plan may be found unsound	<ul style="list-style-type: none"> • Complete Soundness are Legal checklists

Local Plan Evidence Base

5.1 Local Development Documents are required to be underpinned by up to date evidence. The Council has undertaken, and where necessary commissioned research to support the preparation of the plan and this is available via the 'bromley.gov.uk' website. However, the Council has an obligation to keep its' evidence up to date and to undertake new studies as necessary and review existing evidence in a timely manner. The GLA is commencing the preparation of a new London Plan, and officers will seek to draw on london evidence where possible, and ensure local evidence is used to state and advance the Borough's position within any new London Plan.

5.2 Further work being undertaken/required includes:

Table 5 - Further Evidence Work

Local Plan, Affordable Housing and Community Infrastructure Viability Assessment	Draft report, Autumn 2016, further work to support Bromley's Community Infrastructure Levy	Staff resources and Existing Planning Budget	Ongoing support through to the CIL Examination.

Duty to Co-operate

6.1 The Duty to Co-operate was created in the Localism Act 2011, and amends the Planning and Compulsory Purchase Act 2004. It places a legal duty on local planning authorities, county councils in England and public bodies to engage constructively, actively and on an ongoing basis.

6.2 The strategic priorities the Government expects joint working includes where appropriate:

- The homes and jobs needed in the area;
- The provision of retail, leisure and other commercial development

- The provision of infrastructure for transport, telecommunications, waste management, water supply, wastewater, flood risk, and coastal change management, and the provision of mineral and energy (including heat);
 - The provision of health, security, community and cultural infrastructure and other local facilities,; and
 - Climate change mitigation and adaptation, conservation and enhancement of the natural and historic environment, including landscape.)
- 6.3 The Duty to Co-operate covers a number of public bodies in addition to councils. These bodies are set out in Part 2 of the Town and Country Planning (Local Planning) (England) Regulations 2012 and comprise:
- Environment Agency
 - Historic Buildings and Monuments Commission for England (English Heritage)
 - Natural England
 - Mayor of London
 - Civil Aviation Authority
 - Homes and Community Agency
 - Clinical Commissioning Groups
 - National Health Service Commissioning Board
 - Office of the Rail Regulator
 - Highways Agency
 - Transport for London
 - Integrated Transport Authorities
 - Highway Authorities
 - Marine Management Organisations
- 6.4 These bodies are required to co-operate with councils on issues of common concern to developing sound local plans. Local Enterprise Partnerships and Local Nature Partnerships are not covered by the Duty but local planning authorities have to co-operate with LEPs and LNPs having regard to their activities as they relate to Local Plans.
- 6.5 The Council has, and continues to undertake a range of work to ensure the Duty to Co-operate is met. This includes one to one meetings with neighbouring authorities on specific issues, and specific stages in the preparation of respective development plan documents, meeting with groups of authorities, for instance South East London boroughs, boroughs adjoining Crystal Palace, participating in London wide initiatives and Bromley's non-London neighbouring authorities,. These include adjoining parishes, Dartford, Sevenoaks and Tandridge Councils, and Kent and Surrey County Councils.
- 6.6 Specific work is undertaken on a cross borough basis, for instance, the joint Strategic Housing Market Assessment undertaken jointly with Bexley, Southwark, Greenwich and Lewisham, as the five boroughs that make up the established South East London Housing Market Area. Working with authorities and other partners through Biggin Hill Consultative Committee and the Locate Initiative are also examples of the Duty to Co-operate.
