2. Summary of Ward Councillors comments:

3. COMMENTARY

- 3.1 The 2016/17 projected outturn is detailed in Appendix 1, with a forecast of projected spend for each division compared to the latest approved budget and identifies in full the reason for any variances.
- 3.2 Costs attributable to individual services have been classified as “controllable” and “non-controllable” in Appendix 1. Budget holders have full responsibility for those budgets classified as “controllable” as any variations relate to those factors over which the budget holder has, in general, direct control. “Non-controllable” budgets are those which are managed outside of individual budget holder’s service and, as such, cannot be directly influenced by the budget holder in the shorter term. These include, for example, building maintenance costs and property rents which are managed by the Property Division but are allocated within individual departmental/portfolio budgets to reflect the full cost of the service. As such, any variations arising are shown as “non-controllable” within services but “controllable” within the Resources Portfolio. Other examples include cross departmental recharges and capital financing costs. This approach, which is reflected in financial monitoring reports to budget holders, should ensure clearer accountability by identifying variations within the service that controls financial performance. Members should specifically refer to the “controllable” budget variations relating to portfolios in considering financial performance. These variations will include the costs related to the recession.

4. POLICY IMPLICATIONS

- 4.1 “Building a Better Bromley” refers to the Council’s intention to remain amongst the lowest Council Tax levels in Outer London and the importance of greater focus on priorities.
- 4.2 The “2016/17 Council Tax” report highlighted the financial pressures facing the Council. It remains imperative that budgetary control continues to be exercised in 2016/17 to minimise the risk of compounding financial pressures in future years.
- 4.3 Chief Officers and Departmental Heads of Finance are continuing to place emphasis on the need for strict compliance with the Council’s budgetary control and monitoring arrangements.

5. FINANCIAL IMPLICATIONS

- 5.1 The latest projections from managers show that there is a projected underspend of Cr £20k expected for the Public Protection and Safety Portfolio for 2016/17.
- 5.2 The main reason for this under spend is a combination of lower number of dogs being kept in kennels and reduced kennelling charges through the award of a new contract. Full details of all variances are shown in Appendix 1.
