1. Reason for report

- 1.1 On 8th February 2017, the Executive received a report summarising the current position on capital expenditure and receipts following the 3rd quarter of 2016/17 and presenting for approval the new capital schemes in the annual capital review process. The Executive agreed a revised Capital Programme for the five year period 2016/17 to 2020/21. This report highlights changes agreed by the Executive in respect of the Capital Programme for the Public Protection and Safety Portfolio. The programme for this portfolio is set out in Appendix A and detailed comments on individual schemes are included at Appendix B.

2. **RECOMMENDATION(S)**

- 2.1 **The Portfolio Holder is asked to note and confirm the changes agreed by the Executive on 8th February 2017.**

Corporate Policy

1. Policy Status: Existing Policy: Capital Programme monitoring and review is part of the planning and review process for all services. Capital schemes help to maintain and improve the quality of life in the borough. Effective asset management planning (AMP) is a crucial corporate activity if a local authority is to achieve its corporate and service aims and objectives and deliver its services. For each of our portfolios and service priorities, we review our main aims and outcomes through the AMP process and identify those that require the use of capital assets. Our primary concern is to ensure that capital investment provides value for money and matches the Council's overall priorities as set out in the Community Plan and in "Building a Better Bromley". The capital review process requires Council Directors to ensure that bids for capital investment provide value for money and match Council plans and priorities.

3. COMMENTARY

Capital Expenditure

- 3.1 A revised Capital Programme was approved by the Executive on 8th February 2017, following a detailed monitoring exercise carried out after the 3rd quarter of 2016/17. The Executive also considered and approved new capital schemes in the annual capital review process. This report identifies changes relating to the Public Protection & Safety Portfolio and the table in paragraph 3.2 summarises the overall position following the Executive meeting.

Capital Monitoring - agreed by the Executive on 8th February 2017

- 3.2 The base position prior to the 3rd quarter's monitoring exercise was the revised programme approved by the Executive on 30th November 2016, as amended by variations approved at subsequent Executive meetings. Changes to the Public Protection & Safety Portfolio approved by the Executive in February are shown in the table below.

	2016/17	2017/18	2018/19	2019/20	2020/21	TOTAL 2016/17 to 2020/21

3.3 Schemes rephased from 2016/17 into 2017/18

£33k has been rephased from the 2016/17 into 2017/18 relating to the CCTV Control room – refurbishment. Further details and comments are provided in Appendix B.

Annual Capital Review – new scheme proposals

- 3.4 In recent years, the Council has steadily scaled down new capital expenditure plans and has transferred all of the rolling maintenance programmes to the revenue budget. General (un-earmarked) reserves, established from the disposal of housing stock and the Glades Site, have been gradually spent and have fallen from £131m in 1997 to £49.6m (including unapplied capital receipts) as at 31st March 2016. The Council's asset disposal programme has diminished and any new capital spending will effectively have to be met from the Council's remaining revenue reserves.
- 3.5 As part of the normal annual review of the Capital Programme, Chief Officers were invited to come forward with bids for new capital investment including Invest to Save bids which were particularly encouraged. No bids were submitted for the Public Protection and Safety Portfolio.

Post-Completion Reports

- 3.6 Under approved Capital Programme procedures, capital schemes should be subject to a post-completion review within one year of completion. After major slippage of expenditure in recent years, Members confirmed the importance of these as part of the overall capital monitoring framework. These reviews should compare actual expenditure against budget and evaluate the achievement of the scheme's non-financial objectives. A post-completion report on the CCTV

control room scheme will be reported to this PDS Committee during the 2017/18 committee reporting cycle.

4. POLICY IMPLICATIONS

- 4.1 Capital Programme monitoring and review is part of the planning and review process for all services. The capital review process requires Chief Officers to ensure that bids for capital investment provide value for money and match Council plans and priorities.

5. FINANCIAL IMPLICATIONS

- 5.1 These were reported in full to the Executive on 8th February 2017. There were no changes to the PP&S Portfolio Capital Programme as set out in the table in paragraph 3.2 and in Appendix A.
