

Request for Countdown to TFL.

LBB requested Countdown at the Fairfield Road stop and the Manor Road stop H (outside La Rascasse).

TFL response - As there was a Countdown unit in the shelter for stop H then it will be reinstalled.

As the shelter for stop J is a 'virgin' site then the funding will be down to you which is, I believe, in the region of £10,000 for installation and ongoing maintenance.

LBB request – Requested assurances that the countdown is at Stop H reattached and not forgotten.

TFL response - No worries on that score!
