

Beckenham Improvements Celebration Event Proposal

The Beckenham Improvements are expected to be completed in September 2018 and a celebration event has been requested to mark the occasion. It is proposed that a celebration event is planned to coincide with the Market on the Green event scheduled for 22nd September. The two events would be complimentary of each other and reduce event related costs.

Previously for the completion of the Bromley North Village Improvements a 'cut the ribbon' photo opportunity was arranged with VIPs associated with the funding streams. There were presentation boards displaying the 'before and after' photos and officers available to speak to members of public.

This event could be recreated in Beckenham using a similar format. The 'cut the ribbon' ceremony and photo opportunity could take place on the stage at the Market on the Green event with a gazebo at the event with 'before and after' photos on display.
