2. Summary of Ward Councillors comments:

3. COMMENTARY

- 3.1 The 2018/19 projected outturn is detailed in Appendix 1, with a forecast of projected spend for each division compared to the latest approved budget and identifies in full the reason for any variances.
- 3.2 Costs attributable to individual services have been classified as “controllable” and “non-controllable” in Appendix 1. Budget holders have full responsibility for those budgets classified as “controllable” as any variations relate to those factors over which the budget holder has, in general, direct control. “Non-controllable” budgets are those which are managed outside of individual budget holder’s service and, as such, cannot be directly influenced by the budget holder in the shorter term. These include, for example, building maintenance costs and property rents which are managed by the Property Division but are allocated within individual departmental/portfolio budgets to reflect the full cost of the service. As such, any variations arising are shown as “non-controllable” within services but “controllable” within the Resources Portfolio. Other examples include cross departmental recharges and capital financing costs. This approach, which is reflected in financial monitoring reports to budget holders, should ensure clearer accountability by identifying variations within the service that controls financial performance. Members should specifically refer to the “controllable” budget variations relating to portfolios in considering financial performance. These variations will include the costs related to the recession.

4. IMPACT ON VULNERABLE ADULTS AND CHILDREN

- 4.1 The 2018/19 budget reflects the financial impact of the Council’s strategies and service plans which impact on all of the Council’s customers and users of our services.

5. POLICY IMPLICATIONS

- 5.1 The “Building a Better Bromley” objective of being an Excellent Council refers to the Council’s intention to provide efficient services and to have a financial strategy that focuses on stewardship and sustainability. Delivering Value for Money is one of the Corporate Operating Principles supporting Building a Better Bromley.
- 5.2 The “2018/19 Council Tax” report highlighted the financial pressures facing the Council. It remains imperative that strict budgetary control continues to be exercised in 2018/19 to minimise the risk of compounding financial pressures in future years.
- 5.3 Chief Officers and Departmental Heads of Finance are continuing to place emphasis on the need for strict compliance with the Council’s budgetary control and monitoring arrangements.

6. FINANCIAL IMPLICATIONS

- 6.1 The latest projections from managers show that there is a projected under spend of £85k expected for the Public Protection and Enforcement Portfolio for 2018/19 based on financial information available to 31 May 2018.
- 6.2 Due to delays in recruiting two of the additional temporary posts, there is an under spend of £85k that will need to be carried forward to 2019/20 and 2020/21 to meet the costs of the posts for the remaining agreed period. Further details are included in Appendix 1.
