

Transparency Code

The Department for Communities and Local Government (DCLG) published a revised Transparency Code in February 2015. The Code sets out key principles for local authorities in creating greater transparency through the publication of public data. The Government believes that local people are interested in how their authority tackles fraud and have introduced a mandatory requirement in respect of fraud data.

This dataset provides information on London Borough of Bromley counter fraud work. Details are provided to meet the Local Government Transparency Code 2015 requirements.
