	St Blaise >6 hrs		13.00	5.20	

The locations above, highlighted in blue, are revisions to the appendix where Officers or Members have already expressed comments that the proposal of a 10p or 20p increase per hour, as detailed in the report, may deter members of the public from using the parking spaces in favour of other private car parks in the area. The revised proposed charges for these locations are to ensure the Council parking spaces continue to be used to support local facilities and are competitive with other car parks in the area.
