London Borough of Bromley

Audit planning report

Year ended 31 March 2019

15 February 2019

15 February 2019

Audit Sub-Committee
London Borough of Bromley
Bromley
BR1 3UH

Dear Audit Sub-Committee Members

Audit planning report

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Sub-Committee, which has been given delegated responsibility by the General Purposes and Licensing Committee, with a basis to review our proposed audit approach and scope for the 2018/19 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Audit Sub-Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you at the Audit Sub-Committee on 26 February 2019 as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Janet Dawson

Associate Partner

For and on behalf of Ernst & Young LLP

Contents

Public Sector Audit Appointments Ltd (PSAA) issued the "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (<https://www.psa.co.uk/audit-quality/statement-of-responsibilities/>). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment and further guidance (updated April 2018)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the General Purposes and Licensing Committee and management of London Borough of Bromley in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the General Purposes and Licensing Committee, and management of London Borough of Bromley those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the General Purposes and Licensing Committee and management of London Borough of Bromley for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

01

Overview of our 2018/19 audit strategy

Overview of our 2018/19 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the General Purposes and Licensing Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

Audit risks and areas of focus

Risks	Risk identified	Details
Misstatements due to fraud or error (management override)	Fraud risk	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively. This risk is not specific to a certain section of the financial statements, but we will perform procedures to mitigate this risk.
Risk of fraud in revenue and expenditure recognition, through inappropriate capitalisation of revenue expenditure	Fraud risk	Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition. We have assessed the risk is most likely to occur through the inappropriate capitalisation of revenue expenditure.
Asset Valuations	Inherent risk	The fair value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.
IAS 19 - Valuations	Inherent risk	The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme. The Council's pension fund liabilities are material estimated balances and the Code requires that these liabilities be disclosed on the Council's balance sheet. The information disclosed is based on the IAS 19 report issued to the Council by the actuary Mercer. Accounting for these schemes involves significant estimation and judgement and therefore management engages actuaries to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Overview of our 2018/19 audit strategy

In addition to the risks outlined above we have identified two areas of audit focus.

Area of focus	Details
Spring Capital Loan	The Council entered into an agreement with Spring Capital to loan Spring Capital funds to purchase a nursing home and detached house in 2017/18. This has been used to provide Homeless Accommodation for the Council until such time as they can be developed for private residence. The Council may also lend Spring Capital the funds to develop the site if planning permission is granted.
New Accounting Standards - IFRS 9 & IFRS 15	The CIPFA Code of Practice for 2018/19 confirms that the local government bodies will implement International Financial Reporting Standard ("IFRS") 9 - Financial Instruments and IFRS 15 - Revenue from Contracts with Customers this year.

Materiality

Planning
materiality

£9.59m

Materiality has been set at £9.59m, which represents 1.8% of the prior years gross expenditure on provision of services.

Performance
materiality

£7.19m

Performance materiality has been set at £7.19m, which represents 75% of materiality.

Audit
differences

£479,500

We will report all uncorrected misstatements relating to the primary statements (comprehensive income and expenditure statement, balance sheet, movement in reserves statement, cash flow statement, housing revenue account and collection fund) greater than £479,500. Other misstatements identified will be communicated to the extent that they merit the attention of the General Purposes and Licensing Committee.

Overview of our 2018/19 audit strategy

Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of London Borough of Bromley give a true and fair view of the financial position as at 31 March 2019 and of the income and expenditure for the year then ended; and
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

02 Audit risks

Our response to significant risks

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Misstatements due to fraud or error*

What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error due to management override of internal controls.

As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.

For London Borough of Bromley, we have assessed that this risk is not specific to any section of the financial statements, but could manifest in:

- Inappropriate journal entries; specifically manual journals posted by management in the preparation of the financial statements.
- Significantly unusual transactions entered into by management that are outside of the normal scope of business of the Council.
- Management bias in key accounting estimates and judgements.

What will we do?

We will:

- ▶ Identify fraud risks during the planning stages.
- ▶ Inquiry of management about risks of fraud and the controls put in place to address those risks.
- ▶ Understanding the oversight given by those charged with governance of management's processes over fraud.
- ▶ Consideration of the effectiveness of management's controls designed to address the risk of fraud.
- ▶ Determining an appropriate strategy to address those identified risks of fraud.
- ▶ Performing mandatory procedures regardless of specifically identified fraud risks, including testing of journal entries and other adjustments in the preparation of the financial statements.
- ▶ Evaluating the business rationale for significant unusual transactions.
- ▶ Consider if management bias is present in the key accounting estimates and judgements in the financial statements.

Audit risks

Our response to significant risks (continued)

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Risk of fraud in revenue and expenditure recognition, through inappropriate capitalisation of revenue expenditure*

Financial statement impact

We have assessed that the risk of fraud in revenue and expenditure recognition is most likely to occur through the inappropriate capitalisation of revenue expenditure. This would have the impact of reducing revenue expenditure and increasing additions of Property, Plant and Equipment.

What is the risk?

Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

We have assessed the risk is most likely to occur through the inappropriate capitalisation of revenue expenditure, as there is an incentive to reduce expenditure which is funded from Council Tax.

What will we do?

We will:

- ▶ Test PPE additions to ensure that the expenditure incurred and capitalised is clearly capital in nature;
- ▶ Test REFCUS, if material, to ensure that it is appropriate for the revenue expenditure incurred to be financed from ring fenced capital resources; and
- ▶ Seek to identify and understand the basis for any significant journals transferring expenditure from revenue to capital codes on the general ledger at the end of the year.

Audit risks

Our response to significant risks (continued)

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Valuation of Land and Buildings

What is the risk?

The fair value of land and buildings in Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.

What will we do?

We will:

- ▶ Consider the work performed by the Council's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work;
- ▶ Challenge the assumptions used by the Council's valuer by reference to external evidence and our EY valuation specialists (as necessary - such as significant or unusual movements in valuation, difficult to value specialist assets, etc.);
- ▶ Sample testing key asset information used by the valuers in performing their valuation (e.g. building areas to support valuations based on price per square metre);
- ▶ Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE and annually for IP. We will also consider if there are any specific changes to assets that have occurred and whether these have been communicated to the valuer;
- ▶ Review assets not subject to valuation in 2018/19 to confirm that the remaining asset base is not materially misstated;
- ▶ Consider changes to useful economic lives as a result of the most recent valuation; and
- ▶ Test accounting entries have been correctly processed in the financial statements.

Audit risks

Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?

Pension Liability Valuation

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Liberata. The Council's pension fund deficit is a material estimated balance and the Code requires that this liability be disclosed on the Council's balance sheet. At 31 March 2018 this totalled £80 million.

The information disclosed is based on the IAS 19 report issued to the Council by the actuary to the Pension Fund.

Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Spring Capital Loan

The Council entered into an agreement with Spring Capital to loan Spring Capital funds to purchase a nursing home and detached house in 2017/18. This is being used to provide Homeless Accommodation for the Council until such time as they can be developed for private residence. The Council may also lend Spring Capital the funds to develop the site if planning permission is granted. This is treated as a loan secured on assets at 6% return (rising to 7.5% return if the Loan To Value exceeds 70%).

What will we do?

We will:

- ▶ Obtain assurances over the information supplied to the actuary in relation to the Council;
- ▶ Assess the work of the Pension Fund actuary including the assumptions they have used by relying on the work of PWC - Consulting Actuaries commissioned by the National Audit Office for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team; and
- ▶ Review and test the accounting entries and disclosures made within the Council's financial statements in relation to IAS19.
- ▶ Where outturn information is available at the time we undertake our work after production of the Council's draft financial statements (for example the year-end actual valuation of pension fund assets), we will use this to inform our assessment of the accuracy of estimated information included in the financial statements and whether any adjustments are required.

We will:

- ▶ Confirm the terms of the agreement with Spring Capital;
- ▶ We will assess the interpretation of the arrangement and the impact on the preparation of the Accounts as part of the 2018-19 audit; and
- ▶ Test accounting entries have been correctly processed in the financial statements.

Other areas of audit focus (continued)

What is the area of focus?

IFRS 9 financial instruments

This new accounting standard will change:

- ▶ How financial assets are classified and measured;
- ▶ How the impairment of financial assets are calculated; and
- ▶ The disclosure requirements for financial assets.

There are transitional arrangements within the standard and the 2018/19 CIPFA Code of Practice on Local Authority Accounting provides guidance on the application of IFRS 9 and the application of a statutory override.

IFRS 15 Revenue from contracts with customers

The key requirements of the standard cover the identification of performance obligations under customer contracts and the linking of income to the meeting of those performance obligations.

The 2018/19 CIPFA Code of Practice on Local Authority Accounting provides guidance on the application of IFRS 15 and includes a useful flow diagram and commentary on the main sources of revenue and how they should be recognised.

The impact on local authority accounting is likely to be limited as large revenue streams like council tax, non domestic rates and government grants will be outside the scope of IFRS 15. However where that standard is relevant, the recognition of revenue will change and new disclosure requirements introduced.

What will we do?

We will:

- ▶ Assess the Council's implementation arrangements that should include an impact assessment paper setting out the application of the new standard, transitional adjustments and planned accounting for 2018/19;
- ▶ Consider the classification and valuation of financial instrument assets;
- ▶ Review new expected credit loss model impairment calculations for assets; and
- ▶ Check additional disclosure requirements.

We will:

- ▶ Assess the Council's implementation arrangements that should include an impact assessment paper setting out the application of the new standard, transitional adjustments and planned accounting for 2018/19.
- ▶ Consider application to the Council's revenue streams, and where the standard is relevant test to ensure revenue is recognised when (or as) it satisfies a performance obligation; and
- ▶ Check additional disclosure requirements.

03

Value for Money Risks

Value for Money

Background

We are required to consider whether London Borough of Bromley has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2018/19 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work. We consider business and operational risks insofar as they relate to proper arrangements at both sector and organisation-specific level. In 2018/19 this has included consideration of the steps taken by the Council to consider the impact of Brexit on its future service provision, medium-term financing and investment values. Although the precise impact cannot yet be modelled, we anticipate that Authorities will be carrying out scenario planning and that Brexit and its impact will feature on operational risk registers.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. At this stage, this has resulted in us identifying two significant risks which we outline over the page

Background

We are required to consider whether the London Borough of Bromley has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2018/19 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

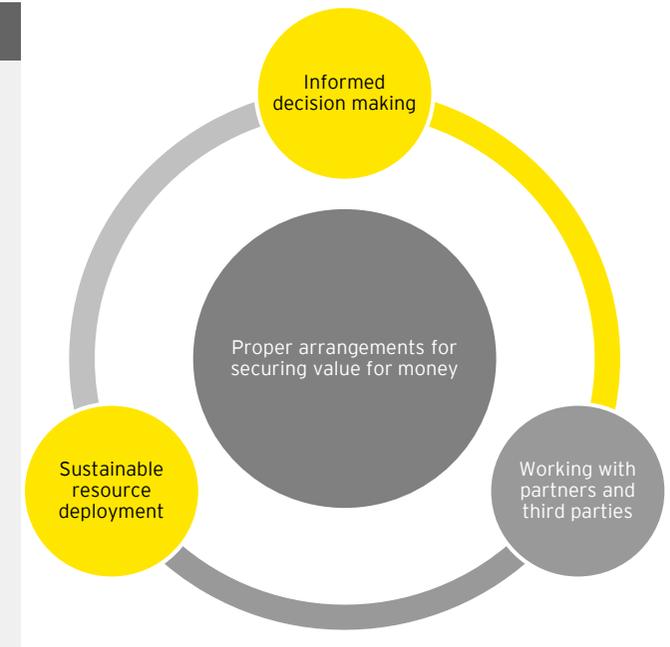

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work. We consider business and operational risks insofar as they relate to proper arrangements at both sector and organisation-specific level. In 2018/19 this has included consideration of the steps taken by the Council to consider the impact of Brexit on its future service provision, medium-term financing and investment values. Although the precise impact cannot yet be modelled, we anticipate that Authorities will be carrying out scenario planning and that Brexit and its impact will feature on operational risk registers.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. We've also considered the Council's progress on savings in 2018/19 to date, the medium term financial plan and the Council's history of delivery against such plans. This has not resulted in the identification of a significant risk. We have not completed our full risk assessment, however. Although we do recognise that they will be required to implement significant savings plans to bridge the budget gaps in their medium term financial plan.

04

Audit materiality

Audit materiality

Materiality

For planning purposes, we have set materiality for 2018/19 at £9.59m. This represents 1.8% of the Council's prior year gross expenditure on provision of services. We have applied a lower percentage than potentially available on the basis that the Council meets the Local Audit & Accountability Act 2014 criteria for a major local audit based on its size. We have also considered its overall risk profile and public interest in comparison to other councils. We will reassess materiality throughout the audit. We have provided supplemental information about audit materiality in Appendix C.

We request that the Audit Sub-Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

Key definitions

Planning materiality - the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

Performance materiality - the amount we use to determine the extent of our audit procedures. We have set performance materiality at £7.19m which represents 75% of planning materiality.

Audit difference threshold - we propose that misstatements identified below this threshold are deemed clearly trivial. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement, balance sheet, housing revenue account, & collection fund financial statements that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the General Purposes and Licensing Committee, or are important from a qualitative perspective.

Specific materiality - We may set a materiality lower than that specified for specific accounts for e.g. remuneration disclosures, related party transactions, and exit packages which reflects our understanding that an amount less than our materiality would influence the economic decisions of users of the financial statements in relation to this. If this is the case we will confirm this in our Audit Results Report.

05

Scope of our audit

Our Audit Process and Strategy

Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Council's financial statements and arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK).

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Auditor independence.

Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement; and
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO

2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

Our Audit Process and Strategy (continued)

Audit Process Overview

Our audit involves:

- ▶ Identifying and understanding the key processes and internal controls; and
- ▶ Substantive tests of detail of transactions and amounts.

For 2018/19 we plan to follow a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- ▶ Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the General Purposes and Licensing Committee.

Internal audit:

We will regularly meet with the Head of Audit, and review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

06

Audit team

Audit team

Audit team structure:

EY Specialists

EY Pensions

EY Real Estate

Working together with the Pension Fund

We are working together with officers on communication and processes for the 2018-19 audit.

We will continue to keep our audit approach under review to streamline it where possible.

* Key Audit Partner

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Valuation of Land and Buildings	Management specialist: Cushman & Wakefield - RICS Registered Valuers We will also consider any valuation aspects that require EY valuation specialists to review any material specialist assets and the underlying assumptions used.
Pensions disclosure	Management specialist: Mercer EY third party specialist: PWC Pensions EY specialist: EY Pensions

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- ▶ Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- ▶ Assess the reasonableness of the assumptions and methods used;
- ▶ Consider the appropriateness of the timing of when the specialist carried out the work; and
- ▶ Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

07

Audit timeline

Audit timeline

Timetable of communication and deliverables

Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2018/19. From time to time matters may arise that require immediate communication with the Audit Sub-Committee as delegated by the General Purposes and Licensing Committee and we will discuss them with the General Purposes and Licensing Committee Chair and the Chair of the Audit Sub-Committee as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable	Audit Sub-Committee timetable	Deliverables
Planning: Risk assessment and setting of scopes.	January		
Walkthrough of key systems and processes	February	Audit Sub-Committee	Audit Planning Report
Testing of routine processes and controls	March		
Interim audit testing	April		
	May		
Year end audit	June	Audit Sub-Committee	Interim audit update
Quality Report/Account testing	July	General Purposes and Licensing Committee	Audit Results Report
Year end audit			Audit opinions and completion certificates
Audit Completion procedures	August - October	Audit Sub-Committee	Annual Audit Letter

08

Independence

Introduction

The FRC Ethical Standard and ISA (UK) 260 “Communication of audit matters with those charged with governance”, requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

Required communications

Planning stage	Final stage
<ul style="list-style-type: none"> ▶ The principal threats, if any, to objectivity and independence identified by Ernst & Young (EY) including consideration of all relationships between the you, your affiliates and directors and us; ▶ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review; ▶ The overall assessment of threats and safeguards; ▶ Information about the general policies and process within EY to maintain objectivity and independence. ▶ Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard 	<ul style="list-style-type: none"> ▶ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed; ▶ Details of non-audit services provided and the fees charged in relation thereto; ▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us; ▶ Written confirmation that all covered persons are independent; ▶ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy; ▶ Details of any contingent fee arrangements for non-audit services provided by us or our network firms; and ▶ An opportunity to discuss auditor independence issues.

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services. We also provide information on any contingent fee arrangements, the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted. We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non-audit services if the service has been pre-approved in accordance with your policy.

Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Janet Dawson, your audit engagement partner and the audit engagement team have not been compromised.

Self interest threats

A self interest threat arises when EY has financial or other interests in the Council. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, we do not complete any non-audit work. No additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements. There are no self review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Council. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

Relationships, services and related threats and safeguards

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

EY Transparency Report 2018

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year ended 1 July 2018 and can be found here:

<https://www.ey.com/uk/en/about-us/ey-uk-transparency-report-2018>

Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government. PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the requirements of the Code of Audit Practice and supporting guidance published by the National Audit Office, the financial reporting requirements set out in the Code of Practice on Local Authority Accounting published by CIPFA/LASAAC, and the professional standards applicable to auditors' work.

The fee for 2018/19 reflects the year 1 of the new 5 year contract awarded by PSAA.

	Planned fee 2018/19	Scale fee 2018/19
	£	£
Total Fee - Code work	91,689	91,689
Total audit	91,689	91,689
Non-audit services (Housing Benefits)	TBC	N/A
Non-audit services (Teacher's Pensions)	TBC	N/A
Total other non-audit services	TBC	N/A
Total fees	91,689	91,689

All fees exclude VAT

Our 2018/19 Code work includes additional planned procedures highlighted in section two of this report to address the new accounting requirements of IFRS 9 Financial Instruments and IFRS 15 Revenue from contracts with customers. As at the date of our planning report the Council is yet to evidence their assessment of the impact of these standards, and so we cannot currently quantify the expected scale fee variation for these additional procedures. We will agree this with management, depending on the identified impact of the new standards. Any additional fee will be subject to approval by the PSAA.

The agreed fee presented is based on the following assumptions:

- ▶ Officers meeting the agreed timetable of deliverables;
- ▶ Our accounts opinion and value for money conclusion being unqualified;
- ▶ Appropriate quality of documentation is provided by the Council; and
- ▶ The Council has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

Appendix B

Required communications with the General Purposes and Licensing Committee

We have detailed the communications that we must provide to the Audit Sub-Committee as delegated by the General Purposes and Licensing Committee.

Required communications	What is reported?	Our Reporting to you
		When and where
Terms of engagement	Confirmation by the General Purposes and Licensing Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Planning and audit approach	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit planning report to be presented to the February 2019 Audit Sub-Committee
Significant findings from the audit	<ul style="list-style-type: none"> ▶ Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures ▶ Significant difficulties, if any, encountered during the audit ▶ Significant matters, if any, arising from the audit that were discussed with management ▶ Written representations that we are seeking ▶ Expected modifications to the audit report ▶ Other matters if any, significant to the oversight of the financial reporting process 	Audit results report to be presented to the July 2019 General Purposes and Licensing Committee

Appendix B

Required communications with the General Purposes and Licensing Committee

Our Reporting to you

Required communications	 What is reported?	 When and where

Certification work	Summary of certification work undertaken	Certification report to be presented to the Winter 2019 Audit Sub-Committee

Additional audit information

Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

Our responsibilities required by auditing standards

- ▶ Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- ▶ Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- ▶ Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Concluding on the appropriateness of management's use of the going concern basis of accounting.
- ▶ Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Council to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, the General Purposes and Licensing Committee reporting appropriately addresses matters communicated by us to the General Purposes and Licensing Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
- ▶ Maintaining auditor independence.

Additional audit information (continued)

Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

- ▶ The locations at which we conduct audit procedures to support the opinion given on the financial statements; and
- ▶ The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.
