

Decision Maker: ADULT CARE AND HEALTH PDS COMMITTEE

Date: 29th September 2020

Decision Type: Non-Urgent Non-Executive Non-Key

Title: Contracts Register and Contracts Database Report

Contact Officer: Colin Lusted, Head of Complex & Long Term Commissioning – Education, Care & Health Services. Email: Colin.lusted@bromley.gov.uk

Chief Officer: Kim Carey, Interim Director of Adult Social Care.

Ward: All Wards

1. Reason for report

1.1 This report presents an extract from September 2020's Contracts Register for detailed scrutiny by PDS Committee – all PDS committees will receive a similar report each contract reporting cycle, based on data as at 1st September 2020 and presented to E & RC PDS on 10th September 2020.

1.2 The Contracts Register appended to the 'Part 2' report includes a commentary on each contract to inform Members of any issues or developments.

2. **RECOMMENDATIONS**

The Adult Care and Health PDS Committee:

2.1 Reviews and comments on the Contracts Register as at 1st September 2020.

2.2 Note that in Part 2 of this agenda the Contracts Register contains additional, potentially commercially sensitive, information in its commentary.

Impact on Vulnerable Adults and Children

1. Summary of Impact: The appended Contracts Register covers services which may be universal or targeted. Addressing the impact of service provision on vulnerable adults and children is a matter for the relevant procurement strategies, contracts award and monitoring reports, and service delivery rather than this report.

3. COMMENTARY

Contracts Register Background

- 3.1 The Contracts Database is fully utilised by all Contract Managers across the Council as part of their Contract Management responsibilities, which includes updating the information recorded on the database. The Register is generated from the Contracts Database which is administered by the Commissioning & Procurement Directorate and populated by the relevant service managers (Contract Owners) and approved by their managers (Contract Approvers).
- 3.2 As a Commissioning Council, this information is vital to facilitate a full understanding of the Council's procurement activity and the Contracts Register is a key tool used by Contract Managers as part of their daily contract responsibilities. The Contracts Register is reviewed by the Procurement Board, Chief Officers, Corporate Leadership Team, and E & RC PDS Committee as appropriate.
- 3.3 The Contracts Register is produced four times a year for members – though the CDB itself is always 'live'.
- 3.4 Each PDS committee is expected to undertake detailed scrutiny of its contracts – including scrutinising suppliers – and hold the Portfolio Holder to account on service quality and procurement arrangements.

Contract Register Summary

- 3.5 The Council has 213 active contracts covering all portfolios as of 1st September 2020 for the September 2020 reporting cycle as set out in Appendix 1.

*Please note one imminent contract due to start on 1 October 2020

- 3.7 The following contracts have been flagged for attention due to the tight timescales for tender (rather than any performance issues associated with the delivery of the contract):

Contract ID	Contract Name	Total Contract Value (£)	Contract End Date
203	Certitude - Learning Disabilities - Adult Social Care Services	19,274,428	31/03/2021

4. IMPACT ON VULNERABLE ADULTS & CHILDREN

4.1 The Corporate Contracts Register covers all Council services: both those used universally by residents and those specifically directed towards vulnerable adults and children. Addressing the impact of service provision on the vulnerable is a matter for the relevant procurement strategies, contracts, and delivery of specific services rather than this summary register.

5. POLICY IMPLICATIONS

5.1 The Council's renewed ambition is set out in the 2016-18 update to [Building a Better Bromley](#) and the Contracts Database (and Contract Registers) help in delivering the aims (especially in delivering the 'Excellent Council' aim). For an 'Excellent Council', this activity specifically helps by 'ensuring good contract management to ensure value-for-money and quality services'.

6. PROCUREMENT IMPLICATIONS

6.1 Most of the Council's (£50k plus) procurement spend is now captured by the Contracts Database. The database will help in ensuring that procurement activity is undertaken in a timely manner, that Contract Procedure Rules are followed and that Members are able to scrutinise procurement activity in a regular and systematic manner.

7. FINANCIAL IMPLICATIONS

7.1 The Contracts Database and Contract Registers are not primarily financial tools – the Council has other systems and reports for this purpose such as the Budget Monitoring reports. However, the CDB and Registers do contain financial information both in terms of contract dates and values and also budgets and spend for the current year.

8. PERSONNEL IMPLICATIONS

8.1 There are no direct personnel implications, but the Contracts Database is useful in identifying those officers directly involved in managing the Council's contracts.

9. LEGAL IMPLICATIONS

9.1 There are no direct legal implications, but the Contracts Database does identify those contracts which have a statutory basis and also those laws which should be complied with in delivering the contracted services.

9.2 A list of the Council's active contracts may be found on [Bromley.gov.uk](#) to aid transparency (this data is updated after each Contracts Sub-Committee meeting).

Appendix 2 - Contracts Register Key and Background Information

Contract Register Key

1.1 A key to understanding the Corporate Contracts Register is set out in the table below.

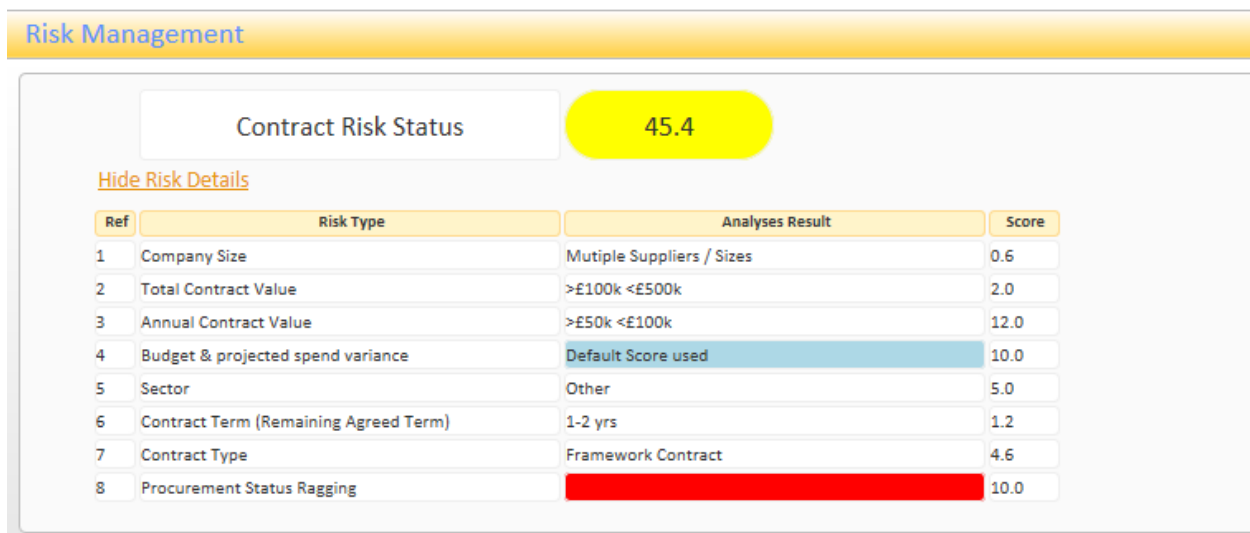

Register Category	Explanation
Risk Index	Colour-ranking system reflecting eight automatically scored and weighted criteria providing a score (out of 100) / colour reflecting the contract's intrinsic risk
Contract ID	Unique reference used in contract authorisations
Owner	Manager/commissioner with day-to-day budgetary / service provision responsibility
Approver	Contract Owner's manager, responsible for approving data quality
Contract Title	Commonly used or formal title of service / contract
Supplier	Main contractor or supplier responsible for service provision
Portfolio	Relevant Portfolio for receiving procurement strategy, contract award, contract monitoring and budget monitoring reports
Total Contract Value	The contract's value from commencement to expiry of formally approved period (excludes any extensions yet to be formally approved)
Original Annual Value	Value of the contract its first year (which may be difference from the annual value in subsequent years, due to start-up costs etc.)
Budget	Approved budget for the current financial year. May be blank due to: finances being reported against another contract; costs being grant-funded, complexity in the finance records e.g. capital (also applies to Projection)
Projection	Expected contract spend by the end of the current financial year
Procurement Status	Automatic ranking system based on contract value and proximity to expiry. This is designed to alert Contract Owners to take procurement action in a timely manner. Red ragging simply means the contract is nearing expiry and is not an implied criticism (indeed, all contracts will ultimately be ragged 'red').
Start & End Dates	Approved contract start date and end date (excluding any extension which has yet to be authorised)
Months duration	Contract term in months
Attention 	Red flag indicates that there are potential issues, or that the timescales are tight and it requires close monitoring. (also see C&P Commentary in Part 2)
Commentary	Contract Owners provide a comment – especially where the Risk Index or Procurement Status is ragged red or amber. Commissioning & Procurement Directorate may add an additional comment for Members' consideration <i>The Commentary only appears in the 'Part 2' Contracts Register</i>
Capital	Most of the Council's contracts are revenue-funded. Capital-funded contracts are separately identified (and listed at the foot of the Contracts Register) because different reporting / accounting rules apply

Contract Register Order

- 1.2 The Contracts Register is output in Risk Index order. It is then ordered by Procurement Status, Portfolio, and finally Contract Value. Capital contracts appear at the foot of the Register and 'contracts of concern' (to Commissioning & Procurement Directorate) are flagged at the top.

Risk Index

- 1.3 The Risk Index is designed to focus attention on contracts presenting the most significant risks to the Council. Risk needs to be controlled to an acceptable level (our risk appetite) rather than entirely eliminated and so the issue is how best to assess and mitigate contract risk. Contract risk is assessed (in the CDB) according to eight separate factors and scored and weighted to produce a Risk Index figure (out of 100). These scores are ragged to provide a visual reference.

Procurement Status

- 1.4 A contract's Procurement Status is a combination of the Total Contract Value (X axis) and number of months to expiry (Y axis). The table below is used to assign a ragging colour. Contracts ragged red, amber or yellow require action – which should be set out in the Commentary. Red ragging simply means the contract is nearing expiry and it is not an implied criticism (indeed, all contracts will ultimately be ragged 'red').
