					LIKELIHOOD	IMPACT	RISK RATING		LIKELIHOOD	IMPACT	RISK RATING		
1	Corporate Services	IT Security failure	Cause(s): Failure of IT Security (responsibility across Bromley & BT) to manage risk of attack or intrusion leading to potential corruption / loss of data / loss of systems Effect(s): Loss of service, potential fines, resident dissatisfaction	Data and Information	4	5	20	- Application of effective security management including effective application of anti-virus protection and security measures through the IT Contract with BT - Regular Penetration Testing undertaken - Information Security Team in place - Patch updates undertaken regularly - IG training programme - PSN Compliant	2	5	10		Vinit Shukle
2	Corporate Services	Telecommunications failure Prolonged telecoms / switchboard failure	Cause(s): Power surge, contractor failure, malicious attack, IT failure Effect(s): Widespread disruption across the Council	Data and Information	3	5	15	- Stand-by arrangements available so that in the event of failure highest priority services can be recovered - Technical design takes into account the criticality of systems and ensures, where justified, that additional resilience is built in - All Critical Services now have additional independent lines as contingency (if not their first line) - Additional resilience in use of LBB mobile phones - The ICT Disaster Recovery Plan is in progress - Working with BT to implement disaster recovery arrangements as part of new backup contract - Effective application of anti-virus protection and security measures through the IT contract with BT	2	3	6	- Virtualisation project will help facilitate disaster recovery provision - Secondary Session Initiation Protocol (SIP) connection being added to provide resilience.	Vinit Shukle
3	Corporate Services	IT System Failure (partial loss) Partial loss of IT systems	Cause(s): Failure of Outlook or similar applications Failure of Novell Filing Registry system which carries details of all departmental files Effect(s): Widespread disruption across the Council	Data and Information - Operational	4	4	16	- Effective incident management / support and resilient systems in use so that single points of failure are minimised - Technical design that takes into account the criticality of systems and ensures, where justified, that additional resilience is built in - Ensure proactive monitoring tools are in place to highlight potential issues before there is a major incident - System now migrated to the server - No longer dependent on Win7 - all services successfully transferred. However, the Novell filing registry/Regnet system has no further upgrade options and is not compatible with Win10 which will be deployed before December 2019 (Win7 support expiry date)	4	3	12	The Norwell System is currently used by legal team for historical file information only on a 'stand alone' PC. As part of any future platform upgrades, investigation will need to be carried out as to whether this option is still viable (by way of impact assessment) or look at migrating the historical data into Norwel (the current system).	Vinit Shukle
4	Corporate Services	IT System Failure (total loss) Complete failure of IT systems resulting in widespread disruption across the Council	Cause(s): Complete loss of data centre and related hardware Effect(s): Widespread disruption across the Council Financial loss Reputational impact	Data and Information - Operational	3	5	15	- Effective incident management / support and resilient systems in use so that single points of failure are minimised - Technical design that takes into account the criticality of systems and ensures, where justified, that additional resilience is built in - Ensure proactive monitoring tools are in place to highlight potential issues before there is a major incident - Backup power arrangements in the event of power issues (most likely) - Server room has fire suppression, water detection and significant physical security measures have been undertaken.	2	4	8	- Property are planning additional works to resolve the issues that caused the outages, but until then we remain at an elevated risk.	Vinit Shukle
5	Corporate Services	Network Loss Loss of the customer service centre network as a result of a major malfunction of the council's network, leading to system access loss preventing staff from processing service requests.	Cause(s): Major malfunction of council's network caused by Cyber Attack or other means Effect(s): Loss of system access Service Disruption Reputational impact	Data and Information - Operational	3	3	9	- Existing local resilience procedures (over Liberata network via Citrix) - Business Continuity Plan and manual procedure plans in place - Prepared for use of smart telephony messaging, web banner message and reception signage	3	2	6		Vinit Shukle
