## INSTANT GUIDE TO RISK MANAGEMENT

The Process	Identify your risks	Assess your risks	Control your risks	Monitor and Review your risks
<p>Risk Management is an important element of the system of internal control. It is based on a process designed to identify and prioritise risks to achieving Bromley's policies, aims and objectives.</p> <p>The Risk Management process is a continuous cycle:</p> <p>Using your objectives Identify your risks&gt; Assess your risks &gt; Control your risks&gt; Monitor and Review your risks.</p> <p>Useful definitions:</p> <p><b>Risk Management</b> is the identification, analysis and overall control of those risks which can impact on the Council's ability to deliver its priorities and objectives.</p> <p><b>Risk</b> is the chance of something happening which will have an impact on objectives.</p> <p>The message is that if you don't manage your risks then you are unlikely to achieve your objectives</p>	<p>Brainstorming session using IE&amp;E plans and departmental objectives, to identify threats and opportunities.</p> <p>Useful analytical tools:</p> <p><b>Political</b> <b>Economic</b> <b>Social</b> <b>Technological</b> <b>Legal</b> <b>Environmental</b></p> <p><b>PESTLE</b> provides a simple and useful framework for identifying and analysing external factors which may have an impact on your service.</p> <p><b>Strengths</b> <b>Weaknesses</b> <b>Opportunities</b> <b>Threats</b></p> <p>Using the <b>PESTLE</b> output <b>SWOT</b> is a technique that can help a service to focus on areas for improvement and opportunities that could be pursued.</p> <p>Remember if it can go wrong it will go wrong.</p>	<p>We use a 5 x 5 matrix to assess risks (see Risk Assessment Guidance tab).</p> <p>Risk is scored using a traffic light system:</p> <p>Red = High Amber = Significant Yellow = Medium Green = Low</p> <p>There are two risk variables that make up the overall risk rating:</p> <p>Impact – how minor / severe is it when it happens?</p> <p>Likelihood – how likely is it / how often does it happen?</p> <p>The Risk Management Toolkit provides detailed guidance on how to score these.</p> <p>Some of these assessments can be based on past experience. In other cases you will need to take a view.</p> <p>We measure both gross risk (before any controls are taken into account) and net or residual risk.</p>	<p>Consider the controls you have in place to mitigate or reduce the risk.</p> <p>What further controls are required? Record these as actions until they are completed.</p> <p>Consider the cost of any controls against the potential benefit gained.</p> <p>What is our <b>Risk Appetite</b>? An element of risk is unavoidable or we would never do anything!</p> <p><b>AVOID</b> a risk – stop doing the activity</p> <p><b>REDUCE</b> a risk – put additional controls in place</p> <p><b>TRANSFER</b> a risk – by insuring or passing the risk to a third party</p> <p><b>TAKE</b> a risk – monitor to ensure the impact and likelihood do not change</p> <p>Risk of service failure can be minimised by ensuring effective <b>Business Continuity</b> Plans are in place. For guidance contact Laurie Grasty x4764..</p>	<p>Risks should be reviewed at least annually and whenever your business plans change.</p> <p>Remember risks evolve and change over time. Are the controls still effective?</p> <p>Your aim should be to:</p> <p>Manage <b>threats</b> that may hinder delivery of priorities and maximise <b>opportunities</b> that will help to deliver them.</p> <p>The Bromley Risk Register is maintained centrally by Audit and includes details of the risks, risk owners, controls and actions. Contact James Newell x4842.</p> <p>Further guidance on <b>Risk Management</b> can be found in the Managers' Toolkit on onebromley. This also provides links to the <b>Risk Management Strategy, Risk Management Toolkit and Risk Register</b>.</p> <p>The site also provides a link to the <b>Health and Safety</b> Unit who carry out H&amp;S risk assessments. For guidance contact the Corporate Safety Advisor Charlotte Faint x7584.</p>
