## Total population comparison across London (2018)

# Bromley Borough Profile

The MOPAC Plan performance framework consciously moved away from city wide targets to enable local solutions to local problems based upon evidence. The framework incorporated London wide priorities with a focus on high harm crimes and wider issues that affected all of London, alongside local volume crime priorities chosen by local authorities in partnership with local police.

At the start of 2019/20, Bromley chose the following as local volume crime priorities:

- **Non-Domestic Violence With Injury**
- **Burglary (Residential)**
- **ASB (a priority for all London Boroughs)**

**MAYOR OF LONDON**

OFFICE FOR POLICING AND CRIME

**METROPOLITAN  
POLICE**

## Good News Stories

**VAWG Day of Action** – On Thursday 13<sup>th</sup> May we participated in an MPS wide day of action to combat VAWG crime

**Arrests:** 15 - Further 8 negative arrest enquiries conducted for high harm offenders known for violence against woman.

**Weapon Sweeps:** 35

**Stop Search:** 21

**Engagements:** A large number of positive engagements with females in the Town Centre's and our open spaces. Of note, charity collectors were spoken to by Officers due to potentially harassing behaviour to females, by stopping in front of prams or touching females arms to get their attention.

**Operation Open Spaces** – Weekend of 14<sup>th</sup> to 16<sup>th</sup> May

We ran a dedicated joint operation with specialist traffic officers to patrol our VAWG hotspot areas and open spaces. Over the weekend the team covered 300 miles across Croydon, Sutton and Bromley.

## VAWG / Licensing Patrols

All of the SNT's are now provided with a weekly update as to VAWG related crime and given VAWG hotspot areas to patrol with a message for Officers to "Stop, Engage and Reassure"

## Anti Spiking bottle tops

The BCU have recently invested in 1000 anti spiking bottle tops for Officers to hand out during night time economy patrols and for women to pick up at the Police Stations. Croydon BID have matched this and have ordered 1000 for the Croydon BID Ambassadors and Night Rangers also to hand out to females.

# Knife Crime and Operation Dovyan

The BCU continues to combat knife crime particularly with the skills and experience of the **VSU – Violence Suppression Unit**. The Team have been established for a year now and work across Croydon, Bromley and Sutton. They manage our High Harm Offenders and take ownership of Op Dovyan, these are search warrants that the team gain based on community intelligence around knife carriers and illegal knife sellers.

The teams successes have been highlighted on BBC News and recently Channel 4 news.

# Operation Heat

Operation Heat is the BCU strategy to target illegal cannabis factories, the operation is run by the Tasking and Coordination Office and Officers utilise a thermal imaging camera to verify community lead intelligence that a cannabis factory is inside a premises, this enables the team to apply for a search warrant to force entry, make arrests and seize the Cannabis.

The team have successfully taken nearly £1M worth of Cannabis off the streets of Croydon, Sutton and Bromley this year alone.

## Race Relations – Operation Vigilance

After the BLM movement in 2020, the MPS recognised the need to improve relations particularly amongst the black communities in London.

One of the most contentious police powers is the use of stop and search and accusations of discrimination that Officers face.

Operation Vigilance has been setup to protect Officers and to reassure the black community that the MPS do not discriminate when using stop search.

In SN BCU we are trialling a project whereby Officers record the stop search grounds prior to the interaction with the person.

This provides total accountability.

Stop and search continues, as it always has done to follow the ethnic makeup of the community that the Officer is in at the time. For example more white people are searched in Sutton, more black people are searched in Lambeth and more Asian people are searched in Tower Hamlets.

## Catalytic Converter Thefts – Operation Basswood

Op Basswood is a 2 year long investigation run by Croydon SNT into large scale theft of catalytic converters from SN BCU and other parts of South London. The team identified a series of traveller families in East London and Essex who were committing these thefts which valued at around £1.2M per year per traveller site. In March 2021 we ran a hit day in which we executed 32 warrants in 1 day and we seized a shipping container at London Gateway docks bound for Africa full of stolen car parts. A number of arrests were made, drugs and over £100k in cash was seized, multiple stolen vehicles recovered and national media coverage.
