

Decision Maker: Resources, Commissioning & Contract Management Portfolio Holder
Council

Date: For pre-decision scrutiny by Executive, Resources and Contracts PDS Committee on 23rd June 2021
Council 12th July 2021

Decision Type: Non-Urgent Executive Non-Key

Title: TREASURY MANAGEMENT – ANNUAL REPORT 2020/21

Contact Officer: Katherine Ball, Principal Accountant
Tel: 020 8313 4792 E-mail: katherine.ball@bromley.gov.uk

Chief Officer: Director of Finance

Ward: All wards

1. Reason for report

- 1.1 This report summarises treasury management activity during the March quarter and includes the Treasury Management Annual Report for 2020/21, which is required to be reported to Full Council. The report ensures that the Council is implementing best practice in accordance with the CIPFA Code of Practice for Treasury Management. Investments as at 31st March 2021 totalled £380.1m and there was no external borrowing. For information and comparison, the balance of investments stood at £396.9m as at 31st December 2020 and £336.1m as at 31st March 2020, and, at the time of writing this report (4th June 2021) it stood at £407.2m
-

2. **RECOMMENDATION(S)**

2.1 **The Portfolio Holder and Council are asked to:**

- (a) **Note the Treasury Management Annual Report for 2020/21;**
- (b) **Approve the actual prudential indicators within the report.**

Corporate Policy

1. Policy Status: Existing policy. To maintain appropriate levels of risk, particularly security and liquidity, whilst seeking to achieve the highest rates of return on investments.
 2. BBB Priority: Excellent Council.
-

Financial

1. Cost of proposal: N/A
 2. Ongoing costs: N/A
 3. Budget head/performance centre: Interest on Balances
 4. Total current budget for this head: £3.591m budget (net interest earnings) in 2020/21; surplus of £1.5m achieved in 2020/21. Budget for 2021/22 £3.591m
 5. Source of funding: Net investment earnings
-

Staff

1. Number of staff (current and additional): 0.25 fte
 2. If from existing staff resources, number of staff hours: 9 hours per week
-

Legal

1. Legal Requirement: Non-statutory - Government guidance.
 2. Call-in: Call-in is applicable
-

Customer Impact

1. Estimated number of users/beneficiaries (current and projected): N/A
-

Ward Councillor Views

1. Have Ward Councillors been asked for comments? N/A.
2. Summary of Ward Councillors comments: N/A

3 COMMENTARY

3.1 General

- 3.1.1 Under the requirements of the CIPFA Code of Practice on Treasury Management, the Council is required, as a minimum, to approve an annual treasury strategy in advance of the year, a mid-year review report and an annual report following the year comparing actual activity to the strategy. In practice, the Director of Finance has reported quarterly on treasury management activity for many years, as well as reporting the annual strategy before the year and the annual report after the year-end. This report includes details of investment performance in the final quarter of 2020/21 and the annual report for the whole of the financial year 2020/21.
- 3.1.2 The 2020/21 annual treasury strategy, including the MRP (Minimum Revenue Provision) Policy Statement and prudential indicators, was originally approved by Council in February 2020.
- 3.1.3 Recent changes in the regulatory environment place a much greater onus on Members for the review and scrutiny of treasury management policy and activities. This report is important in that respect, as it provides details of the actual position for treasury activities and highlights compliance with the Council's policies previously approved by Members.
- 3.1.4 The Council has monies available for Treasury Management investment as a result of the following:
- Positive cash flow;
 - Monies owed to creditors less than monies owed by debtors;
 - Receipts (mainly from Government) received in advance of payments being made;
 - Capital receipts not yet utilised to fund capital expenditure;
 - Provisions made in the accounts for liabilities (e.g. provision for outstanding legal cases) which have not yet materialised;
 - General and earmarked reserves retained by the Council.
- 3.1.5 Some of the monies identified above are short term and investment of these needs to be highly "liquid", particularly if it relates to a positive cash flow position, which can change in the future. Future monies available for Treasury Management investment will depend on the budget position of the Council and whether the Council will need to substantially run down capital receipts and reserves. Against a backdrop of unprecedented cuts in Government funding (which will require the Council to make further revenue savings to balance the budget in future years), there is a likelihood that such actions may be required in the medium term, which will reduce the monies available for investment.
- 3.1.6 The Council has also identified an alternative investment strategy relating to property investment. To date, this has resulted in actual and planned acquisitions which generated £3m income in 2015/16, £4.6m in 2016/17, £5.6m in 2017/18, £5.5m in 2018/19, £5.4m in 2019/20, and £5.3m in 2020/21. This is based on a longer term investment timeframe of at least 3 to 5 years and ensures that the monies available can attract higher yields over the longer term.
- 3.1.7 A combination of lower risk investment relating to Treasury Management and a separate investment strategy in the form of property acquisitions (generating higher yields and risks) provides a balanced investment strategy. Any investment decisions will also need to consider the likelihood that interest rates will increase at some point. The available resources for the medium term, given the ongoing reductions in Government funding, will need to be regularly reviewed.

3.2 Treasury Performance in the quarter and year ended 31st March 2021

3.2.1 **Borrowing:** The Council's healthy cashflow position continues and, other than some short-term borrowing at the end of 2015/16, no borrowing has been required for a number of years.

3.2.2 **Investments:** The following table sets out details of investment activity during the third quarter of 2020/2021 and the whole of the 2020/21 financial year:

	Qtr ended 31/03/21		2020/21 financial year		Ref para
	Deposits £m	Ave Rate %	Deposits £m	Ave Rate %	
Balance of "core" investments b/f	270.00	1.12	220.00	1.25	
New investments made in period	50.00	0.69	225.00	0.89	
Investments redeemed in period	-55.00	1.44	-180.00	1.20	
"Core" investments at end of period	265.00	0.97	265.00	0.97	
Money Market Funds	23.00	0.01	23.00	0.09	3.4.1
CCLA Property Fund*	40.00	12.45	40.00	3.60	3.4.4.5
Multi-Asset Income Funds*	40.00	-0.75	40.00	13.90	3.4.4.7
Schroders Diversified Growth Fund*	10.00	4.88	10.00	4.88	3.4.4.8
Project Beckenham Loan	2.10	6.00	2.10	6.00	3.4.3
"Alternative" investments at end of period	115.10	4.18	115.10	6.22	
Total investments at end of period	380.10	1.94	380.10	2.56	

* The rates shown here are the total return i.e. dividend income received, plus change in capital value.
Only dividend income will be recognised during the year; the change in capital value is held in the Pooled Investment Funds Adjustment Account and will be recognised on the sale of the investments.
A more detailed breakdown of the rates for these investments is shown in the relevant paragraphs.

3.2.3 Details of the outstanding investments at 31st March 2021 are shown in maturity date order in Appendix 2 and by individual counterparty in Appendix 3. The return on the new "core" investments placed during the fourth quarter of 2020/21 was 0.69%.

3.2.4 Reports to previous meetings have highlighted the fact that options with regard to the reinvestment of maturing deposits have become seriously limited in recent years following bank credit rating downgrades. Changes to lending limits and eligibility criteria, as well as the introduction of pooled funds and housing associations have alleviated this to some extent, but there are still not many investment options available other than placing money with instant access accounts at relatively low interest rates.

3.2.5 Despite this, the Council's treasury management performance compares very well with that of other authorities; the Council was in the top decile nationally for 2014/15, 2015/16, 2016/17 and 2017/18 (the most recent CIPFA treasury management statistics available), and officers continue to look for alternative investment opportunities both within the current strategy and outside, for consideration as part of the ongoing review of the strategy.

3.2.6 Active UK banks and building societies on the Council's list now comprise only Lloyds, RBS (ring-fenced – including National Westminster Bank), Santander, Goldman Sachs International Bank, Close Brothers, and Yorkshire, Principality, Nottingham & Skipton Building Societies, and all of these have reduced their interest rates significantly in recent years. The Director of Finance will continue to monitor rates and counterparty quality and take account of external advice prior to any investment decisions.

3.2.7 The chart in Appendix 1 shows total investments at quarter-end dates back to 1st April 2004 and shows how available funds have increased steadily over the years. This has been a significant contributor to the over-achievement of investment income against budgeted income in recent years.

3.3 Interest Rate Forecast (provided by Link Asset Services)

3.3.1 Investment returns which had been low during 2019/20, plunged during 2020/21 to near zero or even into negative territory. Most local authority lending managed to avoid negative rates and one feature of the year was the growth of inter local authority lending. The expectation for interest rates within the treasury management strategy for 2020/21 was that the Bank Rate would continue at the start of the year at 0.75 % before rising to end 2022/23 at 1.25%. This forecast was invalidated by the Covid-19 pandemic bursting onto the scene in March 2020 which caused the Monetary Policy Committee to cut Bank Rate in March, first to 0.25% and then to 0.10%, in order to counter the hugely negative impact of the national lockdown on large swathes of the economy. The Bank of England and the Government also introduced new programmes of supplying the banking system and the economy with massive amounts of cheap credit so that banks could help cash-starved businesses to survive the lockdown. The Government also supplied huge amounts of finance to local authorities to pass on to businesses. This meant that for most of the year there was much more liquidity in financial markets than there was demand to borrow, with the consequent effect that investment earnings rates plummeted.

3.3.2 While the Council has taken a cautious approach to investing, it is also fully appreciative of changes to regulatory requirements for financial institutions in terms of additional capital and liquidity that came about in the aftermath of the financial crisis. These requirements have provided a far stronger basis for financial institutions, with annual stress tests by regulators evidencing how institutions are now far more able to cope with extreme stressed market and economic conditions.

3.3.3 Investment balances have been kept to a minimum through the agreed strategy of using reserves and balances to support internal borrowing, rather than borrowing externally from the financial markets. External borrowing would have incurred an additional cost, due to the differential between borrowing and investment rates as illustrated in the charts shown above and below. Such an approach has also provided benefits in terms of reducing counterparty risk exposure, by having fewer investments placed in the financial markets.

3.3.4 The latest forecasts are shown in the table below:

Date	LATEST FORECAST (May 21)				PREVIOUS FORECAST (Dec 20)			
	Base Rate	3 month ave earnings	6 month ave earnings	1 year ave earnings	Base Rate	3 month ave earnings	6 month ave earnings	1 year ave earnings
Jun-21	0.10%	0.10%	0.10%	0.20%	0.10%	0.10%	0.10%	0.20%
Dec-21	0.10%	0.10%	0.10%	0.20%	0.10%	0.10%	0.10%	0.20%
Jun-22	0.10%	0.10%	0.10%	0.20%	0.10%	0.10%	0.10%	0.20%
Dec-22	0.10%	0.10%	0.10%	0.30%				

3.4 Other Investments

3.4.1 Money Market Funds

3.4.1.1 The Council currently has 7 AAA-rated Money Market Fund accounts, with Prime Rate, Aberdeen Standard (formerly known as Ignis), Insight, Blackrock, Fidelity, Morgan Stanley and Legal & General, all of which have a maximum investment limit of £15m. In common with market rates for fixed-term investments, interest rates on money market funds have fallen

considerably in recent years. The Aberdeen Standard, Prime Rate and Fidelity currently offer the best rate at around 0.01%.

- 3.4.1.2 The total balance held in Money Market Funds has varied during the year, moving from £34.8m as at 31st March 2020, to £31.7m at 30th September 2020, £44.8m as at 31st December 2020 and £23m as at March 2021. The Money Market Funds currently offer the lowest interest of all eligible investment vehicles with the exception of the Government Debt Management Account Deposit Facility (current indicative rate 0.01%); however they are the most liquid, with funds able to be redeemed up until midday for same day settlement.

Money Market Funds	Date Account Opened	Ave. Rate 2020/21	Ave. daily balance 2020/21	Actual balance 31/03/2021	Latest balance 04/06/2021	Latest Rate 04/06/21

Morgan Stanley		-	-	-	-	-
TOTAL			44.95	23.00	44.90	

3.4.2 Housing Associations

- 3.4.2.1 Following the reduction of the counterparty rating criteria to A- for Housing Associations approved by Council in June 2017, deposits of £10m each were placed with Hyde Housing Association (A+) and Places for People Homes (A) for two years at rates of 1.30% and 1.60% respectively. Both of these investments have since matured. More recently, a deposit of £5m was placed with Metropolitan Housing Trust (A+) in April 2018 for two years at a rate of 1.75%. On 25th February 2019, Council approved an increase in the limit for investments with Housing Associations from £25m to £50m. On 28th March 2019 a further investment of £10m was made with Southern Housing Group (A2) for two years at a rate of 1.70%. On 9th April 2019 a £5m investment was made with Thames Valley Housing Association (A-) for 2 years at a rate of 1.73% and on 22nd August with Optivo Housing (A2) for 2 years at a rate of 1.45%. On April 14th 2020, a £10m investment was made with Places for People Homes Ltd (A3) for two years at a rate of 2.15%, and on June 12th 2020, a £5m investment was made with Metropolitan Housing Trust (A-) for two years at a rate of 1.50%. On January 20th 2021 a £10m investment was made with Yorkshire Housing Ltd (A3) for two years at a rate of 1%. On 1st March 2021 Council approved an increase in the limit for investments with Housing Associations from £50m to £80m. Current investments in Housing Associations total £45m.

3.4.3 Loan to Project Beckenham

- 3.4.3.1 Council has also approved the inclusion in the strategy of the secured loan to Project Beckenham relating to the provision of temporary accommodation for the homeless that had previously been agreed to be advanced from the Investment Fund. This loan was made in June 2017, at a rate of 6%, although that may increase to 7.5% if the loan to value ratio

exceeds a specified value. £0.7m of this loan was re-paid during August 2019 and £0.3m was re-paid in September 2019 leaving a balance of £1.3m as at the end of March 2020. Sums of £0.35m and £0.45m were advanced in August 2020 and December 2020 respectively and the current balance is £2.1m.

3.4.4 Pooled Investment Schemes

- 3.4.4.1 In September 2013, the Portfolio Holder and subsequently Council approved the inclusion of collective (pooled) investment schemes as eligible investment vehicles in the Council's Investment Strategy with an overall limit of £25m and a maximum duration of 5 years. The limit was subsequently increased to £40m by Council in October 2015, £80m in June 2017 and £100m in December 2017. Such investments would require the approval of the Director of Finance in consultation with the Resources Portfolio Holder.
- 3.4.4.2 Until March 2018, accounting rules required that the change in capital value of these investments be held in the Available for Sale Financial Assets Reserve, and only recognised in revenue on the sale of the investment. In year projections for interest on balances therefore only reflected the dividends from these investments.
- 3.4.4.3 However, from 2018/19 onwards, local authorities are required to account for financial instruments in accordance with IFRS9. One of the results of this is that changes in the capital value of pooled fund investments are recognised in revenue in-year. MHCLG have since issued regulations providing a statutory override to reverse the impact of IFRS9 on the Council's General Fund, which came into force in December 2018. The regulations are currently only applicable for a period of five years to March 2023, when it is intended for movements in value to be recognised in year.
- 3.4.4.4 Due to the regulations being time limited and the potentially volatile nature of these investments, interest/dividend earnings above 2.5% (£1,196k in 2019/20 & £1,509k in 2018/19) and above 2% for 2020/21 (£1,520k) and £5,310k to date, relating to the CCLA Property Fund and Fidelity Multi-Asset Income Fund were set aside in an Income Equalisation earmarked reserve. This will protect the council against unexpected variations in the capital value of these investments and any timing issues arising from the expiry of the statutory override.

CCLA Property Fund

- 3.4.4.5 Following consultation between the Director of Finance and the Resources Portfolio Holder, an account was opened in January 2014 with the CCLA Local Authorities' Property Fund and an initial deposit of £5m was made, followed by further deposits of £5m in July 2014, £5m in March 2015, £10m in October 2015, £5m in October 2016 and £10m in October 2017. The investment in the CCLA Fund is viewed as a medium to long-term investment and dividends are paid quarterly. A breakdown of the dividend earned and capital growth is provided in the table below.

	Dividend	Capital Growth	Total Return
Annualised net return	%	%	%
01/02/14- 31/03/14	4.29	-29.64	-25.35
01/04/14 - 31/03/15	5.03	3.44	8.47
01/04/15 - 31/03/16	5.02	1.63	6.65
01/04/16 - 31/03/17	4.55	-2.50	2.05
04/04/17 - 31/03/18	4.58	2.41	6.99
01/04/18 - 31/03/19	4.46	1.57	6.03
01/04/19 - 31/03/20	4.45	-3.68	0.77
01/04/20 - 31/03/21	4.30	-0.71	3.60
Cumulative return	4.53	-0.28	4.25

3.4.4.6 The negative “growth”, particularly in the first two months, was mainly a result of the bid-offer spread that is inherent in property funds when the original and subsequent investments were made. This has less of an effect over the longer-term that these investments are expected to be held, and overall there has been a reduction in capital of -0.28%.

Multi-Asset Income Fund

3.4.4.7 Following approval by Council in June and December 2017, the limit for pooled investment schemes was increased to £100m, and an investment of £30m was made on 12th July 2017 in the Fidelity Multi-Asset Income Fund following the agreement of the Resources Portfolio Holder, followed by a further £10m in December 2019. The fund return for the year to 31st March 2021 was capital growth of 9.52% and dividends paid of 4.38%, resulting in a total return of 13.9%. Since inception, dividends paid have averaged 4.32% per annum and the capital value has reduced by 0.86% per annum resulting in a net annual return of 3.47%. It should be noted that the Fund represents a longer-term investment of around five years.

	Dividend	Capital Gain / Loss	Total Return
Annualised net return	%	%	%
12/07/2017 - 31/03/2018	4.24	-6.02	-1.78
01/04/18 - 31/03/2019	4.26	1.38	5.64
01/04/19 - 31/03/2020	4.37	-11.81	-7.44
01/04/20- 31/03/2021	4.38	9.52	13.9
Cumulative Return	4.32	-0.86	3.47

Diversified Growth Fund

3.4.4.8 An investment of £10m was made on 1st March 2021 in the Schroders Diversified Growth Fund following the agreement of the Resources Portfolio Holder. The fund return for year to 31st March 2021 was capital growth of 2.43% and dividends paid of 2.45%, resulting in a total return of 4.88%.

Investment with Heritable Bank

3.4.5.1 Members will be aware from previous updates to the Resources Portfolio Holder and the Executive that the Council had £5m invested with the Heritable Bank (2007), a UK subsidiary of the Icelandic bank, Landsbanki. In October 2008, the bank was placed in administration and the investment was frozen. To date a total of £5,044k has been received (99% of the total claim of £5,087k), leaving a balance of £43k (1%).

3.5 Actual prudential indicators for 2020/21

3.5.1 The old capital control system was replaced in April 2004 by a prudential system based largely on self-regulation by local authorities themselves. At the heart of the system is The Prudential Code for Capital Finance in Local Authorities, developed by CIPFA. The Code requires the Council to set a number of prudential indicators designed to monitor and control capital expenditure, financing and borrowing. The indicators for 2020/21 were approved by the Executive and the Council in February 2020. Appendix 4 sets out the actual performance in 2020/21 against those indicators.

3.6 Economic Background during 2020/21 (provided by Link Asset Services)

3.6.1 Further information on the economic background is included as Appendix 5.

3.7 Regulatory Framework, Risk and Performance

3.7.1 The Council's treasury management activities are regulated by a variety of professional codes and statutes and guidance:

- The Local Government Act 2003 (the Act), which provides the powers to borrow and invest as well as providing controls and limits on this activity;
- The Act permits the Secretary of State to set limits either on the Council or nationally on all local authorities restricting the amount of borrowing that may be undertaken (although no restrictions have been made to date);
- Statutory Instrument (SI) 3146 2003, as amended, develops the controls and powers within the Act;
- The SI requires the Council to undertake any borrowing activity with regard to the CIPFA Prudential Code for Capital Finance in Local Authorities;
- The SI also requires the Council to operate the overall treasury function with regard to the CIPFA Code of Practice for Treasury Management in the Public Services;
- Under the Act, the CLG has issued Investment Guidance to structure and regulate the Council's investment activities;

Under section 238(2) of the Local Government and Public Involvement in Health Act 2007, the Secretary of State has taken powers to issue guidance on accounting practices. Guidance on Minimum Revenue Provision was issued under this section on 8th November 2007.

3.7.2 The Council has complied with all of the above relevant statutory and regulatory requirements, which limit the levels of risk associated with its treasury management activities. In particular, its adoption and implementation of both the Prudential Code and the Code of Practice for Treasury Management means that its capital expenditure is prudent, affordable and sustainable and its treasury practices demonstrate a low risk approach.

4 POLICY IMPLICATIONS

4.1 In line with government guidance, the Council's policy is to seek to achieve the highest rate of return on investments whilst maintaining appropriate levels of risk, particularly security and liquidity.

5 FINANCIAL IMPLICATIONS

- 5.1 The Bank of England base rate has remained at 0.10% during 2020/21, and this has led to new core investments being taken out at lower rates; this was not forecast to have a substantial impact on the amount of interest received in 2020/21 as most of the rates on the core investments were already fixed, but is projected to have an impact over the next few years as the core investments taken out at higher rates mature and are replaced by investments at lower rates.
- 5.2 The treasury management strategy has previously been revised to enable alternative investments of £100m which will generate additional income of around £2m compared with lending to banks.
- 5.3 Although the Council has seen a significant reduction in the rates offered for new fixed-term investments as well as overnight money market funds, as part of the treasury management strategy there are a number of existing longer-term fixed investments at higher rates that are cushioning the Council from the impact of the drop in interest rates, and are partly responsible for the surplus of £1.5m for the year. The projected surplus is also due to higher interest earned on the pooled funds and the Project Beckenham loan.
- 5.4 With regard to 2021/22, the draft budget has remained at £3,591k, to reflect the increased level of interest earnings from alternative investments as set out above which is in part offset by an expected reduction in balances available for investment as a result of the utilisation of capital receipts and grants/contributions as well as earmarked revenue reserves.
- 5.5 The final outturn for net interest on investments in 2020/21 was £5,140k compared to the budget of £3,591k, mainly due to the continued high level of balances available for investment as well as the high level of interest earned on the pooled funds, housing association deposits and Project Beckenham loan.
