

COUNCIL
6 DECEMBER 2021
MOTIONS

The following motion, along with a motion on the COP26 Climate Change Summit, was submitted to the meeting on 18th October 2021, but referred to Environment and Community Services PDS Committee. The motion below was subsequently withdrawn from the PDS Committee's agenda and is re-presented to this meeting for consideration.

(A) Boundary Charge

To be moved by Cllr Kieran Terry and seconded by Cllr Christopher Marlow.

“This Council expresses its concern about the major impact to Bromley’s residents and businesses of a boundary charge, which would tax motorists driving across our borders from outside London, and calls on the Mayor of London to immediately cease and rule out any further progress on its implementation.”
