The supporter says of this document:

The second document relates to the highway repair records signed by the landowner George Norman as her Majesties Justice of the Peace in 1847. At this time the landowner was one of the (6) JP for Bromley and signs other highway expenditure accounts for repairs under statute duty. G. Norman served as a JP for over 30 years according to other records.

The landowner George Norman signs the Hayes accounts for 1847, Kent (5th April 1847) sheet 85. "The foregoing accounts were allowed by us, two of her Majesties Justices of the Peace in the said county this 5th Day of April 1847 Geo. Norman"
