1.1 Basic overview of the Tennis Profiles

We've created 6 different profiles to show what people want from their tennis experience

Tennis Titan Frequent players & tennis club members for whom tennis is their main sport and key

interest.

Tennis Troupers Often club members, largely family-oriented, middle-aged players for whom tennis is a

hobby; interested in playing with teams to partnering with their kids in the sunnier

Seasonal Spinners Largely young women, they play sport in general for athletic reasons (often being gym-

goers and joggers), and enjoy their tennis a lot, though tennis is very intertwined with

friends and being social.

Wimbledon Warriors Largely young men who are keen athletes, they like tennis and want to play more,

though are often held back my factors outside of the summer.

Social Butterflies Infrequent, younger and less experienced players for whom tennis is an occasional fun

summer activity.

Senior Stalwarts An older group of players for whom tennis is a social habit and they play with a regular

group as a way of keeping social and enjoyable gentle exercise.

Non Profile This is a term to identify certain demographics that do not match a tennis profile.
