PCT Learning Disability reprovision programme - Walpole Road	594	111	160	The Department of Health capital was transferred to LBB for uses associated with the reprovision of NHS Learning Disability (LD) Campus clients and the closure of the Bassetts site including the day centre there. The budget has remained unspent due to the impacts of the pandemic and wanting to progress building enhancements in consultation with the recently appointed Astley day care provider. Commissioners and the Housing, Planning & Regeneration team have been in consultation regarding the LD day centre at Astley. The Council's property refurbishment proposals include significant works there to bring the fabric of the building up to standard. It is also intended that approximately £500k will be used to fund building enhancements to improve the future operation of the day centre. It is logical for the building refurbishment works to be undertaken at the same time as the building enhancement works to ensure best use of resources and therefore spend timescales will largely be dependent upon the rollout of the Council's refurbishment programme. Estimated timescales are that the spend would occur during 23/24. It is also intended that approximately £94k of the £594k capital sum will be used to enhance the short breaks service at 118 Widmore Road so that the building can better accommodate dual usage as a bed based short breaks service with day activities. Forecast and phasing revised for Q2 as noted.
Mental Health Grant	82	0	82	This funding is made available to support reform of adult social care services. Currently reviewing targeted need for this scheme - but to be rephased to 2020/21 until programme of works is agreed.

Consideration is being given to the potential for additional telecare in ECH - budget to be utilised this financial year.
