2. **RECOMMENDATION(S)**

**That the Environment and Community Services PDS Committee reviews and comments on the appended Risk Register. It should be noted that each risk has been highlighted as being relevant to one committee only (and therefore should be discussed at the relevant meeting).**

## Ward Councillor Views

1. Have Ward Councillors been asked for comments? N/A
2. Summary of Ward Councillors comments:

### 3. COMMENTARY

- 3.1 The Council's aims are set out in [Making Bromley Even Better \(corporate strategy\) | London Borough of Bromley](#) and the Portfolio Plans, and a risk can be defined as anything which could negatively affect the associated outcomes. Some level of risk will be associated with any service provision: the question is how best to manage that risk down to an acceptable level? (this is known as our 'risk appetite')
- 3.2 It follows that the Council should be able to clearly and regularly detail the main departmental risks and related mitigation measures to ensure a) that desired outcomes are achieved and b) to allow for Member scrutiny – the purpose of this report.
- 3.3 Although the appended E&PP Risk Register is comprehensive, departmental risk management activity is certainly not exclusive to this report. For instance:
- major programmes and services (e.g. Tree Management Strategy) will have associated Risk Registers (such registers are reviewed by the relevant Programme / Service Boards);
  - financial risk is addressed in each Portfolio's Budget Monitoring Reports and, more generally, in the Council's Annual Financial Strategy Report;
  - audit risk is captured through the Audit Programme's planned and investigative activity and associated reports and management action requirements;
  - contract risk forms part of the Contracts Database (all contracts are now quantified and ranked according to the risk presented to the Council). The new Environmental Services Contract, therefore, appears both in this Risk Register and the Corporate Contracts Register, due to its size and complexity.
- 3.4 In 2016/17 Zurich Municipal (the Council's insurer) undertook a 'check and challenge' review (involving all management teams) of the Council's general approach and the individual risks. This resulted a new-style of register and a greater consistency of approach across the Council. Zurich attended during 2018/19 to repeat this exercise with all E&PP risk owners.
- 3.5 It was agreed that Risk Registers should be presented to each Departmental Management Team, the relevant PDS committee, and Audit Sub-Committee (now Audit and Risk Committee) twice a year (minimum) to allow activity to be scrutinised in a regular and systematic manner. At the request of the Audit and Risk Committee, the November 2022 meeting will receive the Departmental Net Risk position by way of Heat Maps. Individual risks should naturally be reviewed (by Risk Owners) at a frequency proportionate to the risk presented (see appendix).
- 3.6 In addition to its use for management and reporting purposes, the Risk Register also forms part of E&PP's evidence-base for contributing to the Council's Annual Governance Statement (which, itself, forms part of the Council's end-of-year management procedures).
- 3.7 Risks from all three departments are considered at the (officer) Corporate Risk Management Group (CRMG), which reviewed all the Risk Registers when it last met on 23<sup>rd</sup> September 2022.
- 3.8 At the time of writing, the Council has 125 individual risks (111 departmental plus 14, high-level, Corporate Risks (covering key risks which apply to the Council as a whole).
- 3.9 E&PP Department currently has 24 risks (~19% of the Council's total). The ECS Portfolio currently has 15 risks.
- 3.10 The appended ECS Risk Register is summarised below. Each risk is scored using a combination of the 'likelihood' (definite to remote) and 'impact' (insignificant to catastrophic) to produce a 'gross

rating' (prior to controls) and 'net rating' (post management controls) – see Appendix. Number E&PP risks are currently ragged 'red' following implementation of management control measures.

- 3.11 The risks (including causes and effects) are described in more detail in the appended Risk Register. Each risk is assigned a category (Compliance & Regulation, Finance, Service Delivery, Reputation and Health & Safety) and scored – using a combination of the 'likelihood' and 'impact' both being assessed on a scale of 1-5 – to produce a gross risk score.
- 3.12 Current controls designed to mitigate the risk are also listed and these, in turn, generally result in a (lower) net risk score. Finally, additional actions are listed for the Risk Owner to consider to further reduce the level of risk (commensurate with their risk appetite). Risk Ownership will be regularly reviewed and adjusted in light of any changes to the LBB Corporate Leadership Team structure.

#### **4. IMPACT ON VULNERABLE ADULTS AND CHILDREN**

- 4.1 The appended Risk Register covers environmental services, which tend to be universal in nature, rather than being specifically directed towards vulnerable adults and children.

#### **5. TRANSFORMATION/POLICY IMPLICATIONS**

- 5.1 The Council's renewed policy ambition for the borough is set out in [Making Bromley Even Better \(corporate strategy\) | London Borough of Bromley](#) and the various Portfolio Plans. Risk Registers help to deliver these policy aims by identifying issues which could impact on 'ensuring good contract management to ensure value-for-money and quality services' and putting in place mitigation measures to reduce risk and help deliver the policy aims and objectives.

#### **6. FINANCIAL IMPLICATIONS**

- 6.1 There are no direct financial implications arising from this report, however the Risk Register does identify areas that could have financial risks.

#### **7. PERSONNEL IMPLICATIONS**

- 7.1 There are no direct personnel implications, but the Risk Register does identify service areas where recruitment and capacity present challenges (e.g. Staff Resourcing and Capability).

#### **8. LEGAL IMPLICATIONS**

- 8.1 There are no direct legal implications, but the Risk Register does identify some regulatory and legal issues: e.g. compliance with Health & Safety law and Industrial Action.

#### **9. PROCUREMENT IMPLICATIONS**

#### **10. PROPERTY IMPLICATIONS**

11.1 There are no direct property implications, but the Risk Register does identify service areas where Property present challenges (e.g. 16: Disruption to waste services during the Depot Improvement Programme works in 2022/23 and 2023/24).

**11. CARBON REDUCTION/SOCIAL VALUE IMPLICATIONS**

12.1 There are no direct carbon reduction/social value implications, but the Risk Register does identify service areas where carbon reduction and social values are reviewed (e.g. 13: Climate Change).

**13 CUSTOMER IMPACT**

13.1 There are no direct customer impacts, but the Risk Register does identify service areas that could result in customers being impacted.

**14 WARD COUNCILLOR VIEWS**

14.1 There are no direct Ward Councillor views.
