2) **Reversal of net Capital Charges**

This is to reflect the technical accounting requirements contained in CIPFA's Code of Practice for Local Authority Accounting and has no impact on the Council's General Fund.

3) **Carry Forwards from 2022/23**

Carry forwards from 2022/23 into 2023/24 totalling £644k were approved by Council and the Executive. Full details were reported to the July meeting of the Executive in the "Provisional Final Accounts 2022/23" report.

Comments from the Director of Environmental Services

The key departmental budgetary pressure is sitting within the Parking Services.

Over the past year we have seen the vast majority of services return to what we would describe as pre Covid levels with the key area being Parking, where the volume of parking in quarter 1 continues to be a challenge. It may well be the case that these service areas off the back of Covid are now affected by the wider economic challenges affecting the UK and therefore recovery in these areas will be slower than originally anticipated.

Officers will be conducting a six month review of Parking Income in October once the data for April to September 2023 has been fully validated, this will hopefully allow us to understand where the issues lie and shore up our financial forecasts for the remainder of the year.

Comments from the Director of Adult Social Care

The start of the financial year has seen a continuation of the pressures experienced during the last financial year, with continuing demand from the hospitals to discharge patients as soon as possible. The integrated system is working hard to avoid people being admitted directly from hospital to a care facility, helping them to continue their recovery at home. Whilst this is a better outcome for individuals, this is building an additional pressure into the social care budget and discussions are taking place with health partners to address this.

The teams continue to experience pressure in relation to those moving into adulthood from children's services and this is being given due attention at a senior level within the Council. Whilst there is a very evident growth in demand with more young people moving into adulthood, and people living longer lives, the growth in the budget built in is still under pressure. There is also significant growth in demand from those experiencing mental health issues.

The upturn in the cost of care has continued, partly due to the increase in the cost of living, but also with the expectation from providers that the Council moves closer to the Fair Cost of Care, with prices increasing significantly.

Comments from the Director of Housing, Planning and Regeneration

£1,589k of growth was included in the housing budget for 2023/24 to reflect the continuing pressures in relation to homelessness and the provision of temporary accommodation. A total of £1,745k savings was also included to mitigate these pressures.

Whilst approaches remain high, the ongoing supply of acquired properties and prevention work has continued to slow the rate of growth in nightly paid accommodation placements. However the number of approaches are starting to rise alongside increased pressure on nightly paid accommodation rates across London and the South East. This results in a £2,176k overspend on temporary accommodation, with a £1,928k overspend on housing overall. As has been reported work is ongoing to increase the supply of affordable housing to continue to mitigate and reduce the current pressures relating to temporary accommodation particularly in relation to the increased ability to secure leased accommodation within temporary accommodation subsidy rates.

A substantial part of Planning Services' work attracts a fee income for the Council, for example the planning application fees. The fee income and volume of work reflects the wider economic circumstances affecting development pressures in the Borough. There is a risk of income variation beyond the Council's immediate control; however, trends are regularly monitored in order that appropriate action can be taken. Action has successfully been taken to negate the risk of Government Designation for Special Measures due to Planning performance for the current year. However, this is based on the actions identified being implemented to reduce the risk of Government Designation in future years.

There is a risk of substantial planning appeal costs being awarded against the Council by the Planning Inspectorate if the Council is found to have acted unreasonably. For major appeals, which can arise unpredictably, there is often a need for specialist external consultant's advice which creates additional costs.

The key risks in the Renewal, Recreation and Housing Portfolio continue to be:

- i) Increased homelessness and the associated costs particularly relating to the increased demand for placements across London
- ii) Increased rent arrears arising from inflation and increased costs of utilities and so forth
- iii) Reduced vacant housing association properties coming forward for letting
- iv) Increased maintenance and repairs costs in relation to the travellers site required to maintain health and safety standards
- v) Increase in planning applications and need to ensure application processing is sufficiently resourced
- vi) Increases being seen in construction and maintenance costs

Finally, the immediate and ongoing impacts of the Covid-19 pandemic on budgets are only now becoming apparent. Significant losses in income, in particular from commercial rents, are expected as town centres have been severely affected during lockdown restrictions. There is also likely to be an increase in homeless presentations and families requiring temporary accommodation as the current moratorium on evictions is eased later in the year. The full impact in 2023/24 and future years remains difficult to assess and will be largely dependent on the easing of restrictions and recovery of the wider economy.

Comments from the Director of Childrens Services

The Children, Education and Families Portfolio has a projected overspend of £2,142,000 for the year.

The Education Division (core funding) has a projected underspend of £236k.

Initial analysis indicates that there are a number of causal factors resulting in the forecast overspend position on transport:

An increase in number and complexity of Special Educational Needs and Disabilities over the past five years. The national increase in EHCPs is widely acknowledged as unsustainable and the rate of increase is accelerating across the country. In Bromley, despite gatekeeping measures, the increase in EHCPs has now reached 17%, (higher than the projected increase of 14% used to produce Growth funding assumptions). However, this rate of increase is lower than the national rate of 21% (DfE 2023)

The complexity of children and young people's needs continues to be at a higher level than prior to the Covid pandemic. These high levels of demand have continued for the past 3 years. A number of these cases have acute social, emotional and mental health needs, which require specialist provision which is typically costly independent provision outside of Bromley. Transport is often required and although officers seek to minimise costs, transport is often required to meet children's needs. In recent months we have begun to see a slight easing in the numbers of SEN referrals, which is positive, although it may be too early to be certain that this is a longer-term trend.

There is continued Transport provider pressures linked to the cost fuel and wages. The number of children requiring transport has increased by circa 17%, but this only accounts for part of the increase in costs. The reduced availability of drivers has resulted in more expensive providers having to be used from the call off framework.

Immediate management action was taken on the notification of the forecast budget overspend position. A specialist external transport adviser has undertaken a review of SEN transport arrangements, including benchmarking analysis and a full review of processes and eligibility criteria to identify potential savings. This has enabled significant mitigation proposals to be identified as part of the MTFS process, which would offset the forecast pressures on SEN Transport. In addition, work has been undertaken by our AD Strategic Performance resulting in predictive work for the next few years. This work has been incorporated into subsequent budget challenge discussions.

There is a current projected in year overspend in Education (DSG funding) of £4,209k in year. This will be added to the £12,706k carried forward in the reserves from 2022/23. There has been a prior year Early Year adjustment which has increased the 2022/23 DSG allocation by £600k, and this is off set against the DSG reserve that effectively reduces the reserve. This gives us an estimated DSG reserve of £16,315k at the end of the financial year.

We have recently met with representatives from the DfE to review our management of the DSG over-spend. They were able to confirm that they were satisfied with the steps that we continue to take and confirmed that they did not wish to meet with us again until next year.

The impact of additional legal duties from the SEND Reforms, has led to unsustainable financial pressures on High Needs costs within the DSG. An increase in Government funding (>£5m in 2021/22) is not sufficient to meet the increased costs. We are aware that Bromley is one of the last London Boroughs to incur a deficit in the DSG, with some local authorities having deficits in excess of £20m. The legal framework is heavily weighted in favour of parental preference, which is often for independent day and residential provision. We continue to assess all cases carefully and with a view to carefully balancing the education needs of young people and ensuring the best value for money from specialist education placements. Where it is appropriate to do so we continue to defend our decisions at Tribunal.

Nationally, the number of SEND tribunal appeals has increased by 29% from 2021 – 2022 and has tripled since 2014 (DfE, 2023). Out of 5,600 Tribunal hearings last year, only 3.7% of decisions made by local authorities were upheld. The Local Government Ombudsman received 15% more complaints about education and children's services in 2022-23 than in 2021-2022, 84% of which were upheld, higher than any other areas within the LGO's remit.

In the 2022 calendar year, 634 new EHCPs were issued, up from 274 in 2018 and 476 in 2021. We have sought to commission additional local specialist provision, including a new special free school due to open in 2024, but the needs and tribunal challenges are such that we have no choice but to continue placing children in more costly provision to ensure we are not in default of our legal statutory duties.

A review of High Needs Funding Bands has commenced, with oversight from the SEND Governance Board and CEF PDS. This will consider how the funding bands can be simplified and to identify where any savings can be made. We continue to work on increases to local specialist provision, including the special free school and increases in Additionally Resourced Provisions, which are specialist classes within mainstream schools.

In Children's Social Care the projected overspend is £2,378k.

The ongoing pressures that relate to emotional and mental health concerns for young people, combined with the impact of inflation and cost of living pressures continues, especially in respect of contacts into our MASH. These continue to remain consistently around 1,100 contacts per month with little sign of a reduction. This compares to around 600 in April 2020 and it is the complexity of need from the families and children that have an added dimension.

Although much reduced from the previous year, the financial pressures across CSC continue to be primarily driven by placement costs for young people and also by the cost of agency staff.

Nationally, the cost of residential placements increased by 18.78% in 2022/23 (ADCS 2023) as demand continues to be greater than the number of placements available, particularly for children with complex or specialist requirements. Although our recruitment of permanent staff has increased and we now have fewer agency staff than in the past two years, our spend on agency staff still contributes to the pressures on the CSC staffing budget.

There also continues to be a high level of demand for support particularly in CWD which has meant a rise in demand for our short break provision. In response we have sought to increase the number of nights available for the number of families requiring this. Whilst These continued pressures have meant an increase in our looked after population in CWD despite the innovative and expensive care packages put in to support with health provision short breaks. The resilience for some families is now being significantly tested following two years of Covid challenges. This is primarily seen in families for children with profound and complex health and challenging sometimes aggressive behaviour.

The risks in the Children, Education & Families Portfolio are:-

Recruitment and retention of permanent staff/ ability to recruit skilled staff for the posts vacant and competitive salaries being paid at this time

Limited supply and increasing costs of residential placements – including the specialist placements for very complex young people. The cost of such placements is high and then with the delay to final hearing families are being retained in these placements beyond the assessment.

Continued complexity of children (SEND).

Shortage of local school places (particularly for Specialist schools).

Increasing High Needs Block expenditure not matched by a commensurate increase in Government Grant.

- 23/24 MSIF Workforce Fund allocation	Cr 1,810
	<u>Cr 4,598</u>
Other	
Hospital Discharge Packages	
- Placements	2,548
- Domiciliary Care	1,731
- Enhanced Care	2,300
- LBB Discharge Funding	Cr 1,084
- ICB Discharge Funding	Cr 1,511
- Management action	Cr 2,331
	<u>1,653</u>
	<u><u>450</u></u>

The 2023/24 budget includes funding for the full year effect of the September 2022 overspend as reported to Members in the September Budget Monitoring report.

Services for 65+ - Dr £2,198k

Numbers in residential and nursing care to date are 59 below the budget provision of 489, however an overspend of £366k is currently projected. This is due to placements having to be made above the guide rates, as well as additional 1:1 support packages required for some service users in their placements costing circa £2.5m. Offsetting this is a projected underspend in emergency and temporary placements of £638k.

The overall position on the domiciliary care and direct payments budgets is a projected overspend of £2,470k. Domiciliary care is projected to overspend by £2,089k and direct payments to overspend by £381k.

Services for 18-64+ - Dr £1,197k

Placements for 18-64 age group are projected to overspend by £486k this year based on current service user numbers which are currently 5 above budgeted levels. Offsetting this is a projected underspend on emergency and temporary placements of £198k.

The overall position on the domiciliary care and direct payments budgets is a projected overspend of £909k. Domiciliary care is currently projected to overspend by £517k and direct payments to overspend by £392k.

Discharge to Assess (D2A) - Dr £1,653k

Discharges from hospital continue to follow the new pathway set up with Health. Currently a full year overspend of £6,579k is projected, split between placements of £2,548k, domiciliary care of £1,731k and enhanced care of £2,300k. This is however offset by management action of £2,331k, aiming to reduce the length of time a service user spends in a D2a setting, as well as the application of discharge funding (£1,084k LBB and £1,511k ICB). Officers also continue to ensure that service users are moved on from these packages to normal packages of care as soon as possible, ensuring that client contributions are being maximised. The numbers of residents being discharged are broadly within trend for Bromley, however, the packages of care are more expensive and for longer duration.

2. Learning Disabilities - Cr £758k

The 2023/24 Learning Disabilities (LD) budget includes funding for anticipated 2023/24 demand-related pressures and the full year effect (FYE) of the 2022/23 overspend but also reductions relating to planned savings.

An underspend of £758k is currently anticipated which mainly relates to the 18-64 age range. This is based upon the current level of costs and client numbers. Work is on-going to identify the impact of clients who are expected to transition from Children's Services during the year. Given the early stage in the financial year a significant element of projected spend is based on assumptions, for example future services for young people transitioning to adult social care services and increased client needs during the year. In view of the relatively high proportion of the forecast based on future assumptions rather than actual data, this position is likely to change as the year progresses.

3. Mental Health - Dr £758k

The 2023/24 budget includes an adjustment for the full year effect of the September 2022 underspend reported to Members as part of the September Budget Monitoring report.

Placements for 65+ age group are projected to overspend by £298k this year based on current service user numbers of 50.

The overall position on the domiciliary care and direct payments budgets is a projected overspend of £49k. Domiciliary care is currently projected to overspend by £148k and direct payments to underspend by £99k.

Placements for the 18-64 age group are projected to overspend by £312k this year based on current service user numbers of 107, and mainly relates to placements in Nursing homes.

The overall position on the domiciliary care and direct payments budgets is a projected overspend of £99k, with Domiciliary care currently projected to underspend by £1k and direct payments to overspend by £100k.

4. Better Care Fund (BCF) - Nil variation

Other than variations on the protection of social care element, any underspends on Better Care Fund budgets will be carried forward for spending in future years under the pooled budget arrangement with South East London ICB.

The final 2023/24 allocation is a 5.66% increase above 2022/23 levels. It is likely that this allocation will be needed to offset the cost of hospital discharge care packages.

5. Improved Better Care Fund (IBCF) - Nil Variation

The total amount of funding available in 2023/24 is:

	£'000
2023/24 IBCF allocation	7,731
Carry forward from previous years	1,911
	<hr/> 9,642

Waiver of Financial Regulations

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempt from the normal requirement to obtain competitive quotations the Chief Officer has to obtain the agreement of the Director of Corporate Services, the Director of Finance and the Director of Commissioning and (where over £100,000) approval of the Portfolio Holder and report use of this exemption to Audit Sub-Committee bi-annually. The Director of Adult Social Care has additional authority in respect of placements.

Since the last report to the Executive, 29 waivers for Adult placements have been agreed for between £50k and £100k and 8 for more than £100k.

Virements Approved to date under Director's Delegated Powers

Details of virements actioned by Chief Officers under delegated authority under the Financial Regulations "Scheme of Virement" will be included in financial monitoring reports to the Portfolio Holder. There have been 2 virements since the last report to Executive. (1) Transfer of Staff from Learning Disabilities Care Management to Children's 0-25 years' service (£144k) and (2) Transfer of Care Placements Team Staff to Children's Services (£320k)

REASONS FOR VARIATIONS

1. Schools and Early Years Commissioning & QA - Cr £119k

The in-house nurseries are currently expected to underspend by £80k, and this is down to an underspend on staffing.

Across the rest of the service there is a £39k underspend relating to staffing

2. SEN and Inclusion - Cr £160k

The staffing in this area is currently forecasting an underspend by £153k. This is due to a number of posts that are currently vacant and are currently expected to be filled during the year. The remaining £7k relates to an underspend in running costs.

3. Access & Inclusion - Dr £43k

The Education Welfare Service Trading Account is currently expected to under collect on its income by £43k due to the loss of a number of school contracts.

Children's Social Care - Dr £2,378k

The current budget variation for the Children's Social Care Division is projected to be an overspend of £2,378k, Additional funding has been identified of £1,370k due to above inflationary increases in prices across the board in CSC. this has been applied but some pressures/demands still remain

4. Bromley Youth Support Programme -Dr £125k

The BYSP budget is projected to overspend by £125k this year. The service is currently looking at transformational savings that have not yet been realised.

5. Early Intervention and Family Support - Cr £45k

The main projected variance relates to services is a projected underspend on staffing of £82k. This is then offset by a £37k overspend on running costs.

6. CLA and Care Leavers - Dr £328k

The service is currently expected to overspend by £328k. This is due to an overspend in staffing of £66k, an under collection of income of £125k and a £15k underspend on running costs. Additional, there are is an overspend of £152k relating to placement costs in the service.

7. Fostering, Adoption and Resources - Cr £32k

The budget for children's placements is currently projected to overspend by £88k this year. This amount is analysed by placement type below.

- Community Home's / Community Home's with Education - Dr £804k
- Boarding Schools - Cr £121k
- Secure Placement - Cr £201k
- Fostering services (IFA's) - Dr £309k
- Fostering services (In-house, including SGO's and Kinship) - Cr £568k
- Adoption placements - Cr £199k
- Outreach Services - Dr £143k
- Transport Costs - Cr £79k

Additionally there is an extra £304k worth of income - most of which relates to the cost of the placements. This is then being offset by overspends in staffing of £175k and running cost of £9k.

8. 0-25 Children Service - Dr £1,068k

The main area of overspend is the use of Direct Payments and Dom Care to support the client of £1,144k. There is also a overspend in running costs of £24k. These overspends are then being offset by an underspend in staffing of £100k.

9. Referral and Assessment Service Dr £464k

The main projected variance relates to a projected overspend on staffing of £573k. This is then offset by a £109k underspend on running costs that mostly relates to No Recourse to Public Funds (NRPF) clients.

10. Safeguarding and Care Planning East Dr £179k

The budget in this area is currently projected to overspend by £179k, and is due to staffing overspends of £169k, with the remaining (£10k) relating to general running costs overspends.

11. Safeguarding and Care Planning West Dr £216k

The projected variance relates to a projected overspend on staffing of £39k. There is an additional £177k overspend on running costs that mostly relates to looked after clients.

12. Safeguarding and Quality Improvement Dr £75k

The projected overspend of £75k in this area mainly relates to staffing (£53k), and this includes the costs of recruiting and retaining social workers across the whole of Children's Social Care. There is additionally a £22k overspend in running costs.

Schools Budgets (no impact on General Fund)

Expenditure on Schools is funded through the Dedicated Schools Grant (DSG) provided by the Department for Education (DfE). DSG is ring fenced and can only be applied to meet expenditure properly included in the Schools Budget. Any overspend or underspend must be carried forward to the following years Schools Budget.

There is a current projected overspend in DSG of £4,209k. This will be added to the £12,706k carried forward in the reserves from 2022/23. There has been a prior year Early Year adjustment which has increased the 2022/23 DSG allocation by £600k, and this is off set against the DSG reserve that effectively reduces the reserve. This gives us an estimated DSG reserve of £16,315k at the end of the financial year.

13. Schools and Early Years Commissioning & QA Cr £102k

The underspend of £102k is due to staffing underspends over a range of cost centres.

14. SEN and Inclusion Dr £4,310k

SEN placements are projected to overspend by a total of £4,729k. The overspend is being caused by the Maintained Day (£1,749k), Independent Day (£881k), Alternative Programmes (£1,098k), Maintained Boarding Schools (£259k), Direct Payment (£199k) and Matrix funding (£602k). This is then slightly offset by an underspend on Independent Boarding Schools (£59k).

Additionally to the placement costs, there is an under collection / repayment of grant in this area of £114k, an underspend on staffing across a number of units of £316k, and an underspend on running costs of £217k (of which some relates to the repayment of grant).

15. Charge to Reserves Cr £4,209k

Section 25 of the Local Government Act 2003 requires the Section 151 Officer to report on the robustness of the budget calculations and adequacy of reserves. The 151 Officer within that commentary is now required to consider the Councils DSG deficit position, despite the statutory override being in place.

The statutory override effectively means that any DSG deficits are not included in the Councils main revenue budgets. However funding will ultimately need to be identified

In effect the Council has to still set aside resources to meet the DSG deficit and where no ongoing funding is identified such funding will need to come from the Councils reserves. On that basis the budget monitoring report identifies a deficit of £4,209k which has to ultimately be funded from the Councils reserve.

Although DSG is effectively ring fenced the ongoing increase through funding by reserves (general and earmarked) creates a financially unsustainable position in the medium to longer term

The External Auditor as part of the annual accounts, are required to comment on the Councils Value for money arrangements and will be required to consider any DSG deficit and the impact on the Councils finances

In terms of presentation of the DSG deficit of £12,706k up to 31/3/2023 and the estimated in year sum of £4,209k in 2023/24, there will need to be adequate funding from the Councils reserves unless alternative savings can be found. The use of reserves have been assumed in this report, although the specific reserves to use have not been identified at this stage.

Waiver of Financial Regulations

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempt from the normal requirement to obtain competitive quotations the Chief Officer has to obtain the agreement of the Director of Corporate Services, the Director of Finance and the Director of Commissioning and (where over £100,000) approval of the Portfolio Holder and report use of this exemption to Audit Sub-Committee bi-annually. Since the last report to the Executive, there has been in Children's Social Care there were 4 waivers agreed for placements of between £50 and £100k, 3 between £100k and £150k, and 2 for a value of over £200k.

Virements Approved to date under Director's Delegated Powers

Details of virements actioned by Chief Officers under delegated authority under the Financial Regulations "Scheme of Virement" will be included in financial monitoring reports to the Portfolio Holder. Since the last report to Executive, there have been two virements processed :- (1) Transfer of Staff from Learning Disabilities Care Management to Children's 0-25 years' service (£144k) and (2) Transfer of Care Placements Team Staff to Children's Services (£320k)

REASONS FOR VARIATIONS

1. Arboriculture Dr £50k

Tree works are identified through a triennial inspection programme and carried out in compliance with the adopted Tree Management Strategy to manage risk. The projected overspend of £50k recognises that in previous years, the volume of essential works has exceeded the budget available. There are several unknown factors affecting budget which make overspend a risk, including the result of additional procurement activity agreed by the Executive in July 2023 where budget risk was identified in the report.

2. Business Support & Markets Dr £87k

Street trading income remains affected by the continuation, under the Business and Planning Act 2020 (Pavement Licences) (Coronavirus) (Amendment) Regulations 2021, of pavement licences. This was a temporary measure, originally introduced during the Covid pandemic but now extended into 2023 and being made permanent, which allows businesses to apply for a pavement licence for a £100 administration fee with no ongoing charges; this administration process is managed through Licensing in PP. This is a significant reduction compared to the permanent street trading licence scheme where the fees charged were significantly higher and are subject to periodic 6-month renewal. The estimated net impact on the Council this year is a net loss of £87k.

3. Parks and Green Spaces, Dr 6k

The service is incurring a £6k overspend on Business Rates in Parks General, this is related to the charges for Tent Peg Lane.

4. Waste Services Dr £18k

The service is declaring an overspend of £18k related to haulage costs for the 'Persistent Organic Pollutants (POPS) containing' waste. This is due to DEFRA and Environmental agency guidance that requires any waste containing potential POPs waste should be incinerated, therefore a change to the waste management contract is required to manage this which has meant an increase in costs to the council.

5. Traffic & Road Safety Cr £85k

As had been reported throughout the last financial year, the situation regarding TfL funding of the Council's LIP capital programme and the staff engaged to deliver schemes continues to remain uncertain. The service are retaining vacancies as mitigation against this loss of funding. Total income overachieved by the service in Q1 is £85k, this is the advertising income from JD Decaux.

Parking, Dr £650k

Summary of variations within Parking	Total £'000
Off Street (incl. Multi Storey Car Parks)	206
On Street	-121
RingGo fees	-117
Parking fees total:	-32
Moving Traffic Contraventions (MTCs)	304
Bus Lanes	628
Parking Shared Services	-250
Enforcement total:	682
Total variations	650

6a. Car Parks (off street and multistorey car parks) Dr £206k

In recent years there has been a marked change in the use of vehicles for trips to town centres and for commuting. This has had an impact on the use of off-street car parking spaces, resulting in a lower income to the Council. Based on the information available in Q1 this income line is underachieving by £206k

6b. On Street Car Parks Cr £121k

On street parking income has overachieved the budget by £121k.

6c. Ringo Fees, Cr £117k

The amount that the Council receives from RingGo fees continued to be buoyant into the first quarter of the financial year, as the increased use of this payment method to pay for parking fees appears to be sustained and an overachievement of £117k. All pay and display machines were removed in April 23 making this the only payment method for all on and off street parking within the Borough, apart from the Civic Offices car park.

6d. Moving Traffic Contraventions (MTCs), Dr £304k

Since the introduction of enforcement of moving traffic contraventions in October 2021, the actual number of tickets issued has been significantly lower than anticipated. Officers believe that this has been the result of changes in traffic patterns post Covid-19 pandemic, alongside the Borough's fair approach to enforcement. The shortfall for Q1 is £304k.

6e. Bus Lanes, Dr £628k

As has been reported previously, compliance of Bus Lanes continues to improve and therefore this income budget underachieved by £628k this year, this is a worsening of the position from last year.

6f. Parking Shared Service Cr £250k

An underspend of £250k is being reported for the Parking Shared Service mainly due to underspends on staffing as a result of vacancies across both boroughs as well as a reduction in the number of agency staff employed.

7. Highways, including London Permit Scheme Cr £101k

The Highways service has an overall underspend of £101k. The service have applied for a carry forward of £245k that will be utilised in 2023-2024 for Highways Maintenance.

Highways are overachieving in areas such as Traffic Control Maintenance (Inspection Fees, Defect Notices, Section 74 Notices, Fixed Penalty Notices) by £101k.

Waiver of Financial Regulations:

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempt from the normal requirement to obtain competitive quotations the Chief Officer has to obtain the agreement of the Director of Corporate Services, the Director of Finance and the Director of Commissioning and (where over £100,000) approval of the Portfolio Holder and report use of this exemption to Audit Subcommittee bi-annually. Since the last report to the Executive, no waivers over £50k have been actioned.

Virements Approved to date under Director's Delegated Powers

Details of virements actioned by Chief Officers under delegated authority under the Financial Regulations "Scheme of Virement" will be included in financial monitoring reports to the Portfolio Holder. Since the last report to Executive, no virements have been actioned.

REASONS FOR VARIATIONS

1. Emergency Planning - no variation

2. Mortuary & Coroners Service - no variation

£300k of growth was awarded to this budget in 23/24 and this has mitigated the pressure we had here last year.

3. Public Protection - no variation

The service have applied for a carry forward of £139k, that will be utilised in 2023-2024 for HMO income and POCA confiscation orders from the courts.

Waiver of Financial Regulations:

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempt from the normal requirement to obtain competitive quotations the Chief Officer has to obtain the agreement of the Director of Corporate Services, the Director of Finance and the Director of Commissioning and (where over £100,000) approval of the Portfolio Holder and report use of this exemption to Audit Subcommittee bi-annually. REASONS FOR VARIATIONS

With higher interest rates and the cost of living affecting the economy, there is pressure on income budgets across the Property and Planning Divisions.

1. Building Control Dr £196k

Building Control fees were increased in 2022/23 in order to realign the budgeted income target with a more realistic outcome, but in 2023/24 an agreed saving increased the income budget target by £79k overall. Based on the activity in the past 3 months we anticipate that income will fall short of the budgeted amount by £196k. As the forecast is based on 3 months of actual income received and 9 months estimated if the activity improves the forecast will be adjust for Q2. .

2. Land Charges Dr £70k

Similar to Building Control, we anticipate a variation overspend of around £70k which historically this has been the case over the past a few years, but assuming the activity improves in the remaining 9 months and if the introduction of a fees review is completed within this financial year and implemented this will reduce the variation. It must also be factored in the current economic climate and an additional £4k add to the income budget does not help the situation, We should have a more accurate figure for Q2 ..

3. Planning Dr £285k

Planning Pre-Apps & Planning 'Significant' Major Apps We are currently forecasting a shortfall of income for Q1 of £285k, based on the current level of activity. It should be noted that the Government's planning application fees draft regulations consultation may increase future fee levels by 30%, however, any increase in fees is not currently expected to come into force until April 2024.

<https://www.legislation.gov.uk/ukdsi/2023/9780348250404>

4. Allocations and Accommodation Dr £2,176k

There is currently a forecast overspend of £2,369k in the Temporary Accommodation before projected savings from the continuation of the Transformation Programme. For this round of budget monitoring the number of Households in nightly paid Temporary Accommodation was 1,125. It is currently expected that this will increase to 1,302 by the end of the financial year, at a current average cost of £8,268 per household per annum.

These figures exclude other schemes like More Homes Bromley, Pinnacle (formerly Orchard & Shipman), ex-residential care homes, and the Bromley Private Sector Leasing Scheme. Once these have been included there are currently over 1,556 households in Temporary Accommodation.

Transformation Programme savings totalling £193k have been identified for 2023-24 with the following schemes planned to be completed to provide a longer term alternative to expensive nightly paid accommodation, Meadowship Homes Phase 2 £126k and York Rise £67k. Other earlier schemes in the programme have been completed and are contributing to the housing options available. The Full Year Effect of these savings is estimated at around £1.3m.

Summary of overall variations within Allocations and Accommodation:

£'000

Temporary Accommodation	2,369
Transformation Savings	Cr 193
Total variation for Allocations and Accommodation	<u>2,176</u>

5. Supporting People Cr £148k

A £148k underspend is currently forecast in the Supporting People mainly as a result of procurement exercises during 2021/22 and 2022/23 containing costs within inflation that had accumulated in the budget. The full retendering exercise has been completed and the current underspend will remain in this budget to cover potential future pressures.

6. Housing Options and Support Cr £100k

A £100k underspend is currently forecast in Housing Options and Support on salary costs. This relates to a number of difficult to fill vacancies in the service.

Waiver of Financial Regulations:

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempt from the normal requirement to obtain competitive quotations the Chief Officer has to obtain the agreement of the Director of Corporate Services, the Director of Finance and the Director of Commissioning and (where over £100,000) approval of the Portfolio Holder and report use of this exemption to Audit Subcommittee bi-annually. Since the last report to the Executive, no waivers have been actioned.

Virements Approved to date under Director's Delegated Powers

Details of virements actioned by Chief Officers under delegated authority under the Financial Regulations "Scheme of Virement" will be included in financial monitoring reports to the Portfolio Holder. Since the last report to Executive, no virements have been actioned.

Latest Approved Budget for 2023/24

33,396

REASONS FOR VARIATIONS

1.Information Systems & Telephony DR £219k

Information System is forecasting a revenue overspend of £219k, this is made up of the following £121k relating to the BT contract which is very much an estimate as this fluctuate from month to month. Also £98k for the additional Microsoft Enterprise Agreement licences, IT have confirmed that the number of licenses being issued is growing and the budget is not reflecting this.

2. Democratic Services CR £102k

A £75k underspend is currently being forecast on Members Allowances, this is in line with last years outturn, along with a £27k underspend on Democratic Service salary costs, which relates to a vacant post.

3. Legal Services Dr £430k

Due to the increased instructions to legal services on contracts, contract disputes, housing, regeneration, education capital projects and commercial property-related matters arising, the Legal team has had to engage locum lawyers in order to meet the increased demand, thereby putting pressure on the staffing budget. For Q1 we are projecting a £330k overspend on salaries, although we should have a better understanding of the position in Q2 and Q3. HMCT are introducing additional fees which will put more pressure on the Court Fees budget, with projections of a £100k overspend at this point in the financial year.

4. Commissioning Cr £70k

The underspend of £70k in this area is due to an underspend on staffing.

5. Strategy, Performance and Engagement Cr £34k

The underspend of £70k in this area is due to an underspend on staffing of £112k and this is being offset by an under collection of income of £78k.

Waiver of Financial Regulations:

The Council's Contract Procedure Rules state that where the value of a contract exceeds £50k and is to be exempted from the normal requirement to obtain competitive quotations, the Chief Officer has to obtain the agreement of the Director of Resources and Finance Director and (where over £100,000) approval of the Portfolio Holder, and report use of this exemption to Audit Subcommittee bi-annually. Since the last report to the Executive, no waivers have been actioned.

Virements Approved to date under Director's Delegated Powers

Details of virements actioned by Chief Officers under delegated authority under the Financial Regulations "Scheme of Virement" will be included in financial monitoring reports to the Portfolio Holder. Since the last report to Executive, no virements have been actioned.

Notes:

(1) Various PDS reports across the Portfolios

Description	2023/24 Latest Approved Budget £'000	Variation To 2023/24 Budget £'000	Potential Impact in 2024/25
Housing Allocations and Accommodation- Temporary Accommodation	6,418	2,176	The full year effect of Temporary Accommodation is currently estimated to be £4,684k. This will be reduced by planned transformation savings totalling £1,337k which have been identified for 2024-25 to provide a longer term alternative to expensive nightly paid accommodation. This estimate only takes into account the projected activity to the end of this financial year and not any projected growth in client numbers beyond that point.
Supporting People	1,070	Cr 148	The full year effect of Supporting People is currently estimated to be a credit of £148k. This is a result of the estimated savings from retendering of the contracts that has taken place.
Assessment and Care Management - Care Placements	31,308	450	The full year impact of the current overspend is estimated at £3,095k . Of this amount Cr £57k relates to residential and nursing home placements for 65+ and Dr £308k for 18-64's. Domiciliary care & direct payments 65+ is £2,410k overspent and for 18-64 £939k. This is based on client numbers as at the end of June 2023. There is also a £4,421k FYE of current level of Discharge to Assess costs. It assumed that management action of £2,331k continues into future years and that discharge funding also continues at current level.
Learning Disabilities - including Care Placements, Transport and Care Management	42,273	Cr 758	The full year effect (FYE) is estimated at a net overspend of £456k. This figure is greater than the in-year underspend as demand-related growth pressures, for example transition and increased client needs, have only a part year impact in 2023/24 but a greater financial impact in a full year. Given the early stage in the financial year and the uncertainties that remain in relation to the delivery of savings and the transition cohort, the FYE is likely to change as the year progresses and things become clearer.
Mental Health - Care Placements	6,598	758	A full year overspend of £800k is anticipated on Mental Health care packages , with residential , nursing and supported living placements £635k overspent and domiciliary care and direct payments £165k overspent.
Children's Social Care	49,440	2,378	The overall full year effect of the Children's Social Care overspend is a net £2,200k, analysed as Residential Care, Fostering and Adoption of £500k, Leaving Care costs of £500k, and CWD costs of £1,400k.

SECTION 106 RECEIPTS

Section 106 receipts are monies paid to the Council by developers as a result of the grant of planning permission where works are required to be carried out or new facilities provided as a result of that permission (e.g. provision of affordable housing, healthcare facilities & secondary school places). The sums are restricted to being spent only in accordance with the agreement concluded with the developer.

The major balances of Section 106 receipts held by the Council are as follows:

31st March 2023 £000	Service	Income £000	Expenditure £000	Transfers to/(from) Capital £000	Actual as at 31st March 2024 £000
