1. Summary of Carbon Reduction/Sustainability Implications:
- 

## Customer Impact

1. Estimated number of users or customers (current and projected):
- 

#### Ward Councillor Views

1. Have Ward Councillors been asked for comments? No
2. Summary of Ward Councillors comments:

## **2 COMMENTARY**

2.1 At the Health & Wellbeing Strategy workshop held on 8<sup>th</sup> December 2022, members of the Board discussed in small groups the potential priority areas for the next publication of the Health & Wellbeing Strategy to focus on.

2.2 At the Health & Wellbeing Board on 30<sup>th</sup> March 2023 the board agreed on the 3 overarching priority areas for the new Health & Wellbeing Strategy 2024 to 2028, these areas are as follows:

1. Improving Health and Wellbeing of young people (to include obesity, youth violence, adolescent mental health).
2. Improving Health and Wellbeing of Adults (to include obesity, diabetes, dementia, mental health, substance misuse).
3. Disease prevention and helping people to stay well (linking with our ICB prevention priority and achieving this through our vital 5 work).

2.3 The purpose of this paper is to share with the board the draft document of the new Joint Health and Wellbeing Strategy and ask them to agree on its content and structure (see attached document).

2.4 The plan is to then put the document through a design phase to ensure the document is ready for publication later in the year.

2.5 We will be seeking from partners detail on how they will respond to the priorities in this new strategy and asking them to outline how they will address these priorities. Potential partners include:

- LBB
- One Bromley
- Voluntary sector

2.6 The Public Health Team will then work with these partners to coordinate updates on progress against this strategy twice a year to the Health and Wellbeing Board

## **3 IMPACT ON VULNERABLE ADULTS AND CHILDREN**

Not applicable

## **4 TRANSFORMATION/POLICY IMPLICATIONS**

Not applicable

## **5 FINANCIAL IMPLICATIONS**
