### **3. COMMENTARY**

#### **3.1 Fund Value**

3.1.1 The market value of the Fund ended the September quarter at £1,268.0m, down £14.7m as at 30<sup>th</sup> June. The comparable value as at 31<sup>st</sup> September 2022 was £1,222.2m. Historic data on the value of the Fund are shown in a table and in graph form in Appendix 1.

#### **3.2 Performance Targets and Investment Strategy**

3.2.1 Historically, the Fund's investment strategy was broadly based on a high level 80%/20% split between growth seeking assets (representing the long-term return generating part of the Fund's assets) and protection assets (aimed at providing returns to match the future growth of the Fund's liabilities). Between 1998 and 2012, Baillie Gifford and Fidelity managed balanced mandates along these lines, and, a comprehensive review of the Fund's investment strategy in 2012 confirmed this high-level strategy. It concluded that the growth element would, in future, comprise a 10% allocation to Diversified Growth Funds (DGF) and a 70% allocation to global equities, with a 20% protection element remaining in place for investment in corporate bonds and gilts.

3.2.2 The asset allocation strategy was reviewed again during 2016/17, mainly to address the projected cash flow shortfall in future years, and a revised strategy was agreed on 5<sup>th</sup> April 2017. The revised strategy introduced allocations to Multi Asset Income Funds (20%) and Property Funds (5%), removed Diversified Growth Funds, and reduced the allocations to Global Equities (to 60%) and Fixed Income (to 15%). In order to implement the revised strategy, it was agreed to sell all of the Diversified Growth Funds and the Blackrock Global Equities assets.

3.2.3 At the meetings on 21<sup>st</sup> November and 14<sup>th</sup> December 2017 the Committee appointed Schroders (60%) and Fidelity (40%) to manage the MAI fund mandates and Fidelity to manage a UK pooled property fund mandate. The Fidelity MAI and initial drawdown of the property fund were completed in February 2018 and the Schroders MAI investment completed in May 2018. A further drawdown of the Fidelity property fund was completed in August 2018. The final drawdown of the Fidelity property was completed in December 2018. The sale of the balance of the Blackrock fund was completed in May 2019 and transferred to Fidelity's MAI Fund, as agreed by this Committee at its meeting held on 15<sup>th</sup> May 2019.

3.2.4 The asset allocation strategy was reviewed again during 2019/20, and a revised strategy has been finalised. The revised strategy has amended the allocations as follows: Equities (58%), Multi Asset Income Funds (20%), Fixed Income (13%), UK Real Estate (4%) and International Property (5%).

3.2.5 In February 2023, the portfolio was rebalanced. The Committee agreed to sell £70m of the Baillie Gifford Global Equity Fund to purchase £20m of the Fidelity Fixed Interest Fund, £15m each of the Fidelity and Schroders Multi-Asset Income Funds and put £20m into the US Dollar account awaiting drawdown into the Morgan Stanley International Property Fund.

3.2.6 The Committee voted to pool the remaining Baillie Gifford Global Equity Fund with the London Collective Investment Vehicle. An in-specie transfer finalised on 22<sup>nd</sup> May 2023 and a new quarterly report on performance (Q2) is available from London CIV and has been included in the agenda pack.

3.2.7 In September 2023, the Committee agreed to sell a further £65m of Baillie Gifford and transfer to a new Fidelity Short Term Bond Fund. This occurred in October 2023. The Committee agreed to further review Asset Allocation at the December 2023 meeting.

### 3.3 Summary of Fund Performance

#### 3.3.4 Performance Measurement Service
