### 3. COMMENTARY

#### Matters Outstanding from Previous Meetings

3.1. There are no matters outstanding from previous meetings.

#### Work Programme

- 3.2 Each PDS Committee determines its own work programme, balancing the roles of (i) pre-decision scrutiny and holding the Executive to account, (ii) policy development and review and (iii) external scrutiny. ERC PDS Committee has the additional role of providing a lead on scrutiny issues and co-ordinating PDS work.
- 3.3 PDS Committees need to prioritise their key issues. The work programme also needs to allow room for items that arise through the year, including Member requests, call-ins and referrals from other Committees. Committees need to ensure that their workloads are realistic and balanced, allowing sufficient time for important issues to be properly scrutinised. Members also need to consider the most appropriate means to pursue each issue – the current overview and scrutiny arrangements offer a variety of approaches, whether through a report to a meeting, a time-limited working group review, a presentation, a select committee style meeting focused on a single key issue, or another method.
- 3.4 **Appendix 1** sets out the ERC PDS Committee Work Programme for 2024/25, including: the provisional report title (or activity); the lead division; and Committee’s role. Committee is invited to comment on the proposed schedule and suggest any changes it considers appropriate. Other reports will be added to the 2024/25 Work Programme as items arise. In addition, there may also be references from other committees, the Resources, Contracts and Commissioning Portfolio Holder, or the Executive.

#### Sub-Committees and Working Groups

3.5 The Policy Development and Scrutiny Toolkit suggests that each Committee should aim to carry out no more than two or three full scale reviews each year, and it offers guidance and techniques for prioritising reviews. At a time of pressure on Member and officer resources it is important that any additional work is carefully targeted at priority issues where improvements can be achieved.
